Mrs. Patrick Awarded $80,000 Damages

A verdict for $80,000 in damages was awarded to Mrs. Marie Patrick Wednesday evening in her civil action against George S. Baldridge, convicted slayer of Mrs. Patrick's husband.

The plaintiff had asked $150,000 from Baldridge who is serving a penitentiary term for the shotgun killing of Fayette County Game Protector Irvin J. Patrick Nov. 15, 1955, on the defendant's farm. Patrick was discharging his duties as an officer at the time of his death.

The verdict, largest personal damages ever awarded in Fayette County, was returned at 5:05 p. m. Wednesday, after the jury had been out three hours and 35 minutes.

Nine of the 12 jurors signed the verdict.

Mrs. Patrick, who had borne up bravely during the trying ordeal, received the verdict with tears in her eyes, and left the court room without delay.

* * *

THE LONG WAIT from the time the case went to the jury at 1:30 p. m. until the report was made, had resulted in a pronounced tenseness among all those concerned in the case.

At 4:50 p. m. Judge Ferd Bader, of Hamilton County, with consent of both plaintiff and defense counsel, told Bailiff David Whiteside to ask the jury if an early verdict seemed possible.

The report came back that the jurors did not seem to know and indicated they were near a deadlock.

Just as Judge Bader was about to have the jury brought in and dismissed until Thursday morning, word was given to the bailiff by the jurors to "wait a little while".

Ten minutes later the jury announced its readiness to report, and Judge Bader, counsel for both sides, the plaintiff, defendant, and others entered the court room, and within a few minutes the jury was brought in.

* * *

ASKED by Judge Bader if they had reached a decision, Joseph Hidy, foreman, replied that they had, and was instructed to give the verdict to Mrs. Dorothy West, Clerk of Courts.

Mrs. West read the verdict. Then Judge Bader, sitting by assignment in the case, thanked the jurors and dismissed them.

The defense gave no indication of a motion for a new trial, or notice of appeal, and in a brief conference with Judge Bader agreement was reached that if motion for a new trial is made, it will be heard either here or in Cincinnati.

Baldridge, a former Adams County Sheriff, took the heavy verdict rather calmly, but appeared somewhat shocked as the amount was read.

He had been in the law library with his wife and attorneys, while the jury was deliberating, and a short time later was returned to the county jail.

* * *

EARLY THURSDAY Sheriff Orland Hays removed Baldridge from the county jail to the Ohio Penitentiary. He had been kept prisoner here during the time of the trial with the exception of the time he spent in the court room.

Baldridge is serving a one to 20 years given him by Judge John P. Case following his conviction of the shotgun killing.

Baldridge was taken to the penitentiary last March immediately after sentence was pronounced, served a few days and then obtained release upon a stay of execution granted when the case was carried to the Court of Appeals.

Later the Court of Appeals sustained the lower court, and Baldridge was returned to the Penitentiary a few days before the civil action opened here.

Patrick was shot during an argument over the taking of illegal game by Baldridge's party on the opening day of the 1955 hunting season.

Mrs. Patrick had asked damages on behalf of herself and the three Patrick children.

* * *

ALL COSTS in the case except the costs of the jury must, under the decision, be paid by the defendant.

The case had been under way since Tuesday morning of last week, has attracted widespread attention, although the number of spectators had been surprisingly small at all times until the final day of the hearing.

U. N. Condemns Russia's Action

Asks Reds Get Out of Hungary

UNITED NATIONS, N. Y. (AP)—The general Assembly condemned Russia Wednesday night for stamping out Hungary's freedom bid. The vote split Asia's four "neutral" Colombo nations as well as the entire Asian-African group of countries.

The resolution, sponsored by the United States and 19 other countries, was adopted by the Assembly 55-8 with only the Soviet bloc casting negative ballots. It was the strongest censure the Assembly has voted against the Russian military action in Hungary.

The resolution also called on Moscow to pull its troops out of Hungary at once, under U. N. supervision. It asked the Russians to "permit the re-establishment of the political independence of Hungary."

Yugoslavia, Finland and 11 of the Asian-African group of nations abstained on the condemnation resolution. But 12 other members of the Asian-African group voted against the Soviets.

India and the other three Co-

City Board Returns Lone Bond Offer

Although the Washington C. H. Board of Education had sent out word to bond companies that it would be unable to sell the $645,000 worth of bonds approved at the Nov. 6 election for the city school building program, it met in special session at noon Thursday to formally reject any that might be received.

Only one came in and it was returned to the bidder unopened. Board President Robert Terhune explained that the board felt it would be unethical to open the bid when it was known in advance that no bids could be accepted.

He said he assumed the one bidder "must not have seen the notices saying the board would have to reject all bids at this time."

* * *

THE BIDS were rejected on the advice of the board's bond attorneys because of litigation over the formation of a Citizens' Committee to study school problems. The city board is a defendant in the action.

Decision to reject the bids was reached at last Monday night's adjourned meeting of the board after a letter from the Columbus legal firm of Bricker, Marburger, Evatt

CITY GRANTS PAY HIKES

Hungarians Stage Strike in Protest

DAPEST (AP) — Tens of thousands of Budapest workers quit work again today only a few hours after returning to their factories at the end of a two-day nationwide general strike.

The new walkout was in protest against the arrest of the chairman of the Budapest Central Workers' Council and his chief assistant by the Russian-imposed government of Premier Janos Kadar.

There was a total walkout in the industrial 11th district of Budapest, which has many textile and tool plants.

Informed sources reported the boss of Russia's secret police, Gen. Ivan Serov, has taken over control of Kadar's government in a desperate effort to end the continuing widespread resistance to communism and Moscow control.

The situation in Hungary was so chaoitic that the Russians were reported running matters entirely. A Hungarian source said Serov "is now running what is left of the Kadar regime, whose members are fighting among themselves."

Serov is an expert at repression and deportation.

* * *

A HUNGARIAN labor leader who escaped into Austria described the tension in Budapest as "almost unbearable."

"The big drama is just beginning," he said. "The storm can come at any moment."

The government Wednesday night made the death penalty mandatory for all persons convicted of crimes under its martial law declaration.

The new strike was touched off by the arrests of Sanfor Racz, head of the Budapest Central Workers' Council, and his deputy, Sandor Bari.

One of the first walkouts came at the Bajolannis factory, the plant where the 23-year-old Racz worked. It employes 6,000 persons.

"We continue the strike until Racz is back," crowds of workers told Western correspondents.

The approaches to the Parliament Building, seat of the government since the outbreak of the rebellion, were blocked today by masses of Russian tanks and armored cars.

Rumors circulated through the capital that Kadar had committed suicide or vanished. The rumors could not be checked, however, and appeared to be more wishful thinking than anything else.

* * *

AT LEAST six persons were killed in riots and clashes with Russian troops and Communist Hungarian police during the general walkout Tuesday and Wednesday.

The communications blackout on Hungary was lifted — at least temporarily — shortly before noon today after Western correspondents protested to the Hungarian Foreign Ministry. Telephone calls to Western Europe had been impossible since Monday.

Two outbreaks in which two workers were killed were reported in Budapest on Wednesday. Police opened fire on demonstrators who were burning Communist newspapers and trying to stop streetcars that were operating despite the strike.

Police and soldiers blocked off a street and began a search of houses for rebels and firearms. Western correspondents saw several cars and trucks loaded with Hungarians and driven off, no doubt bound for prison.

Council OKs Salary Schedule

Most Workers Get Extra $10 Monthly

City Council awarded pay increases to all municipal employes except the city manager in a general salary ordinance approved by unanimous vote Wednesday night.

The majority of salaried workers will receive an extra $10 per month beginning Jan. 1, although increases in the police department are larger. Patrolmen and the chief will get $20 per month more, and the police captain and two sergeants will receive monthly hikes of $30.

Hourly workers in street and sewer departments will get an extra 5 cents an hour.

Pay of Council members was increased from $10 to $30 per month, although no members of the present legislative body will share the increase except through reelection.

The pay increases will total approximately $5,000 annually, although the additional expense from the general fund, which is derived from taxes, will total only $3,200.

* * *

CITY MANAGER James F. Parkinson had recommended a $10 across-the-board increase for employes other than himself, but Council members, after detailed study of the ordinance, agreed that the police department should receive special consideration because of the additional hazards involved in their work as well as the volume of services they are required to perform.

The $30 monthly raises for Capt. Harley Haggard and Sgts. Walter Marshall and Charles Foster were based on the additional responsibility these officers must assume, particularly when they are in charge of the department which is a considerable portion of the day.

Council agreed unanimously that increases were warranted for

Annexation Proposal, Sewage Plant Planning Get Council Approval

City Council, in a busy session Wednesday night, took the first steps toward annexation of a 167-acre tract of land in the Belle Aire section and authorized the preparation of detailed plans for the proposed expansion of the city's sewage treatment plant.

These two pieces of legislation were among 12 ordinances and resolutions passed under emergency procedure during the session.

An ordinance authorizing annexation of the undeveloped section of the G. D. Baker farm, roughly bordered by Greenfield Rd., Elm St. and the DT&I Railroad, was a preliminary to actual incorporation of the tract into the city.

The annexation proposal must receive approval of Fayette County commissioners before it is returned to Council for final action.

Attorney Troy T. Junk, representing Baker, submitted a plat of the area, now a part of Union Township, to Council. Much of the Baker farm, which adjoins the Marion Wilson and E. F. Armbrust properties, already has been subdivided. There was no immediate indication as to Baker's plans for the property, and the owner is now out of the city.

* * *

COUNCIL authorized City Manager James F. Parkinson to enter into a contract with the Columbus engineering firm of Bird and Teitzel for the preparation of detailed plans and additional technical services in connection with the sewage plant improvement.

The fee for such services, based on actual cost of construction, is 7½ per cent on projects costing more than $250,000, which means that the cost of detailed plans and technical work will be in the neighborhood of $30,000 for the Washington C. H. improvement.

A previous payment of $3,100 to the Bird and Teitzel firm, which prepared preliminary plans for the job, will be deducted from that figure.

Construction expense for the plant expansion program, ordered by the Ohio Water Pollution Control Board, has been estimated at $385,000 with the costs of engineering and legal services, plus bond costs, bringing the total up to approximately $430,000.

The city is applying for a federal grant of $129,000 to help pay for the project.

* * *

ALSO BEFORE the city legislators were a number of year - end financial ordinances providing for money transfers from funds which have surpluses to other funds which, for one reason or another, are running low.

The routine transfers included:

The sum of $190.05 from the sewage system revenue fund to the Workmen's Compensation Fund where expenses have been heavier than usual this year;

Three appropriations from the street construction and maintenance fund: $289.99 to the Workmen's Compensation Fund; $236.66 to the Public Employes Retirement Fund; $300 to gas, oil, tires, etc;

The following appropriations from the general fund: $300 to engineering and new equipment; $75 to janitor's salary fund; $300 to the workhouse fund (which will be repaid from fines); $132.50 for legal

Alleys Entering Court St. Get One-Way Tag

A number of downtown Washington C. H. alleys will have "one-way" status for half a block as soon as proper directional signs can be purchased and erected.

City Council Wednesday night passed an emergency ordinance which will affect all alleys which intersect Court St. between North St. and the DT&I railroad crossing—with one exception.

Those alleys intersecting the north side of Court St. will carry northbound traffic only between Court St. and the first intersecting alley, but this regulation will not apply to the alley between the White Garage and the Holthouse Furniture store where normal two-way traffic will be continued.

Alleys intersecting the south side of Court St. between North St. and the DT&I will carry southbound traffic only as far as the intersecting alley. Here again there is an exception—the alley between North and Fayette Sts. will be one - way (southbound) from Court through to East St.

* * *

THE PLAN was recommended by Council's Safety - Service Committee after a study of the situation. Purpose of the ordinance is to eliminate the congestion, and the resultant hazard to pedestrians and other vehicles, caused by traffic emerging from the alleys into Court St.

The exceptions in the pattern were made because councilmen found special problems existed in those cases.

The ordinance provides fines of from one to 10 dollars for violations, but, while the legislation is effective immediately, there will be no prosecutions until the proper signs are erected.

News in Brief

Ambush Set For British

PORT SAID (AP) — The Egyptian underground ambushed a British patrol with a hail of machinegun fire Wednesday night on the edge of Port Said's crowded Arab sium quarter. No soldiers were hit.

The new show of defiance to the withdrawing British - French force virtually duplicated another ambush of a patrol in almost the same spot Monday.

There was still no word on the fate of 20-year-old British Lt. Anthony Moorhouse, who was kidnaped at gunpoint by three Egyptians 48 hours ago.

Lt. Gen. Sir Hugh Stockwell, commander of the British-French task force, demanded that Egyptian civil authorities take responsibility for returning the young British officer. So far no apparent effort is being made by the British on their own.

A rumor among Egyptians is that the lieutenant has been killed and that the underground is waiting a chance to parade the body just as the last British troops leave, presumably to show that Egyptians are having the last defiant word.

LONDON (AP)—The worst gales of the winter swept over sections of Britain today, killing at least four persons and bringing heavy snows to parts of Scotland. Gales with gusts of 112 miles an hour howled over parts of northern Scotland.

YOKOHAMA, Japan (AP) — U. S. Army officials said today more than 1,100 American soldiers will handle military cargo here as long as a strike by Japanese stevedores lasts.

Liberation War By NATO Shunned

PARIS (AP) — The Atlantic alliance called today for freedom in Eastern Europe but pledged itself against a war of liberation.

Foreign ministers of the North Atlantic Treaty Organization endorsed a declaration of policy on Eastern Europe submitted by West German Foreign Minister Heinrich von Brentano.

NATO officials emphasized that the declaration is a Western statement of policy designed to quiet any fears in Russia that the West is preparing to launch an attack to liberate Eastern Europe.

But Von Brentano said the people of Eastern Europe have a right to know the free world's attitude toward their struggle for freedom. He said NATO must not encourage any militant action or uprising that could spill over into Western Europe. Instead the Atlantic alliance should strive to influence events through economic and social contacts.

* * *

THE NATO council got a jolt from U. S. Secretary of State Dulles, who told the ministers America reserves the right to act alone in certain parts of the world without consulting NATO. His warning put America in the position of having upbraided its two closest allies — Britain and France — for attacking Egypt without consulting other nations while reserving for the United States the right to do much the same thing.

Dulles pointed out that the United States has mutual protection treaties with 44 nations, 30 of them outside the North Atlantic community.

He assured the council that whenever possible the United States would consult NATO on its policy and projected actions.

But he said defense of Chiang Kai-shek's Nationalist Chinese government on Formosa, for example, might call for independent American action without NATO advice.

Dulles was explaining why the United States could not give unlimited support to a report calling on all NATO members to talk things over "before any new policy is adopted which might affect NATO."

In a move to keep peace among the Atlantic allies, the foreign ministers unanimously approved a plan for NATO's secretary general, Lord Ismay of Britain, to mediate disputes among them.

Jackie Robinson Traded to Giants

NEW YORK (AP)—The New York Giants announced today they had obtained Jackie Robinson from the Brooklyn Dodgers in exchange for pitcher Dick Littlefield and about $30,000 cash.

Bill Rigney, Giants manager, said Robinson would play first base for the Giants.

Nixon Planning Trip to Austria

AUGUSTA, Ga. (AP)—Vice President Nixon will fly to Austria next week at President Eisenhower's request for first-hand study of Hungarian refugee problems. On return he will recommend what further aid the U. S. can give.

In announcing plans for the Nixon trip Wednesday night, White House press secretary James C. Hagerty said that whether to admit more than 21,500 Hungarian victims of Soviet oppression to this country will await the vice president's report to Eisenhower and Congress.

The President already has hiked the number from 5,000 to 21,500.

Together with arranging for Nixon to visit Austria, into which more than 100,000 Hungarians have fled, Eisenhower created a 15-member presidential committee on Hungarian refugee relief.

The committee was set up on recommendation of Tracy Voorhees, the President's personal representative in charge of coordination of the relief program in this country.

Rainfall Is Heavy

BROOKINGS, Ore. (AP) — This coastal town has had 9.86 inches of rain in the last three days. No damage was reported.

Northern Ohio Is Searched For Missing Jet Trainer

CINCINNATI (AP)—Search for an Air Force jet training plane, missing since last Saturday with two men aboard, swung into northern Ohio today.

Focal points were the Toledo and Akron areas.

The search in Ohio is directed by the Ohio wing of the Civil Air Patrol, with headquarters here. Col. Wilson Myers, mission commander, reported these developments Wednesday night:

Sighting of a red wingtip tank in Lake Erie, five miles offshore from Luna Pier, Mich., north of Toledo. The Michigan CAP wing reported the find.

Finding of red parachute with attached box between Mt. Hope and Berlin, near Akron. The parachute and box might be from the missing plane, or it might be weather-testing equipment. This will be "checked out" today.

A report also was received that a low-flying jet plane—with its motor out—was seen overhead just west of Toledo Saturday night, about the time it disappeared.

The T33 trainer was on a flight from Geiger Air Force Base, Spokane, Wash., to Westover AFB, Mass. Aboard were 2nd Lt. Frederick A. Davis II, 29, of Northford, Conn., and Airman 2c Robert E. Watkins of Reeds Ferry, N. H.

It was last reported near Goshen, Ind., after takeoff from Sioux Falls, S. D. It failed to report as expected over Cleveland 20 minutes later.

Earlier Wednesday, about 60 CAP planes, chiefly from Cincinnati and Dayton, searched an area from Dayton to Lima.

They swung into the area after two Lima residents reported that they heard a low-flying plane between 11:30 p. m. and midnight Saturday.

These reports were given credibility by the fact that Lima is only seven or eight minutes—as a jet flies—from Goshen, Ind., where the plane was last heard from at 11:46 p. m. Saturday.

Proof also Sought From Santa Claus

MIAMI, Fla. (AP)—Asking Santa Claus for a golden bugle "or anything you can," 9-year - old Russell Edgar Deloach added in a postscript:

"Would you send this back with your signature right here (space provided complete with line). And or no right here (shorter space provided)."

Snow-Laden Storm Heads Toward Ohio

By THE ASSOCIATED PRESS

A storm that dumped 2 to 5 inches of snow over wide areas of the Midwest headed into the Ohio Valley today.

It was cold in the north central region. Chilly weather extended over a V-shaped area from Texas northeastward through the Great Lakes and Ohio Valley into northern New England and northwestwestward through the central and northern plains.

Temperatures in the frigid zone ranged from near zero to 10 below from western Wisconsin to the Dakotas and up to around 30 in north central Texas.

The heaviest snow belt stretched from South Dakota to northern Missouri and northeastward through southern Wisconsin, northern Illinois, northern Indiana and into Lower Michigan. Falls diminished during the night.

The cold air was expected to spread over the Ohio Valley southward to the Gulf Coast and southwestward through Oklahoma and Texas. Snow was in prospect from parts of Kentucky northward through Michigan and northeastinto the Atlantic Coast states. Heavy falls were forecast in western New York and northwestern Pennsylvania.

Searchers Poised

VANCOUVER, B. C. (AP)—Searchers hoped for a break in the weather today so they could resume their hunt for a missing Trans-Canada airliner and the 62 persons it carried

Local Response to Hungarian Relief Appeal Disappointing

Americans throughout the nation are demonstrating the true Christmas spirit as they come to the aid of the people of Hungary-innocent victims of communism's fight to enslave the world.

But in Fayette County the response to a Red Cross goal of $628 for Hungarian relief is far behind expectations. Although they hoped that the local drive could be closed by Saturday, Red Cross workers here report collections of only $110 to date.

The average of individual contributions has been good, but at a time when so many people are busy with Christmas shopping and planning, not enough, apparently, have found time to give what they can.

The Red Cross nationally has pledged 5 million dollars to aid the thousands of suffering Hungarian families and to give them medicine, nourishment and a few minor comforts.

THE International Committee of the Red Cross is the only international group which can get supplies into Hungary at this time and it already has been active in doing so.

At Camp Kilmer, N. J., where hundreds of refugees have arrived seeking freedom, the Red Cross is providing them with their needs, and helping to relocate them in areas where they can begin life again in a free society.

Contributions may be mailed or brought to the First Federal Savings and Loan, 134 E. Court St., in care of Mrs. Willard Perrill. An attendant is on duty every day to accept donations.

It is the hope of the Red Cross that these contributions, no matter how large or small, will help lead to a world in which, someday, everyone may celebrate the Christmas season in peace.

Major Highway Projects Planned Here

Three highway projects, costing an estimated $1,275,000, have been scheduled for Fayette County in the next three years, according to information released today from the office of the division engineer, George W. Alsdorf, in Delaware.

It was emphasized, however, that not all of the details of the program have been completed and that there is always the possibility of alterations.

* * *

THE BIGGEST of the three projects scheduled is the $600,000 resurfacing of the six - mile concrete section of Route 35, starting about three miles north of Washington C. H. Milo Richie explained maintenance of the concrete, laid in 1934, has become so expensive that resurfacing has been scheduled for 1958. He added that it is hoped the present 20 - foot highway can be widened to 24 feet at the same time.

Although the preliminary survey probably will be started in the near future, the new $300,000 bridge planned for Route 22, about a mile west of New Holland is not scheduled for construction until 1959, Richie said. He explained that "we like to get these surveys made in advance while field parties are available during the winter."

This new bridge will replace the present narrow bridge which was built a few years ago on the site of one of the last covered bridges in the county.

* * *

PRESENT PLANS also call for six new bridges and a culvert on Route 734 next year at an estimated cost of $375,000. Three of the bridges and the culvert to be replaced with the wider structures are between Jeffersonville and Jamestown and the other three are west of Jeffersonville on what is known as the State Rd.

Richie, the division project engineer who outlined the program for Fayette County, said the project included approaches to the bridges, but that only one bridge—the one just west of Cozy Corner—would be relocated. Plans for the project are now about half com-

He said he assumed the one bidder "must not have seen the notices saying the board would have to reject all bids at this time."

* * *

THE BIDS were rejected on the advice of the board's bond attorneys because of litigation over the formation of a Citizens' Committee to study school problems. The city board is a defendant in the action.

Decision to reject the bids was reached at last Monday night's adjourned meeting of the board after a letter from the Columbus legal firm of Bricker, Marburger, Evatt

CITY GRANTS PAY HIKES

Hungarians Stage Strike in Protest

DAPEST (AP) — Tens of thousands of Budapest workers quit work again today only a few hours after returning to their factories at the end of a two-day nationwide general strike.

The new walkout was in protest against the arrest of the chairman of the Budapest Central Workers' Council and his chief assistant by the Russian-imposed government of Premier Janos Kadar.

There was a total walkout in the industrial 11th district of Budapest, which has many textile and tool plants.

Informed sources reported the boss of Russia's secret police, Gen. Ivan Serov, has taken over control of Kadar's government in a desperate effort to end the continuing widespread resistance to communism and Moscow control.

The situation in Hungary was so chaoitic that the Russians were reported running matters entirely. A Hungarian source said Serov "is now running what is left of the Kadar regime, whose members are fighting among themselves."

Serov is an expert at repression and deportation.

* * *

A HUNGARIAN labor leader who escaped into Austria described the tension in Budapest as "almost unbearable."

"The big drama is just beginning," he said. "The storm can come at any moment."

The government Wednesday night made the death penalty mandatory for all persons convicted of crimes under its martial law declaration.

The new strike was touched off by the arrests of Sanfor Racz, head of the Budapest Central Workers' Council, and his deputy, Sandor Bari.

One of the first walkouts came at the Bajolannis factory, the plant where the 23-year-old Racz worked. It employes 6,000 persons.

"We continue the strike until Racz is back," crowds of workers told Western correspondents.

The approaches to the Parliament Building, seat of the government since the outbreak of the rebellion, were blocked today by masses of Russian tanks and armored cars.

Rumors circulated through the capital that Kadar had committed suicide or vanished. The rumors could not be checked, however, and appeared to be more wishful thinking than anything else.

* * *

AT LEAST six persons were killed in riots and clashes with Russian troops and Communist Hungarian police during the general walkout Tuesday and Wednesday.

The communications blackout on Hungary was lifted — at least temporarily — shortly before noon today after Western correspondents protested to the Hungarian Foreign Ministry. Telephone calls to Western Europe had been impossible since Monday.

Two outbreaks in which two workers were killed were reported in Budapest on Wednesday. Police opened fire on demonstrators who were burning Communist newspapers and trying to stop streetcars that were operating despite the strike.

Police and soldiers blocked off a street and began a search of houses for rebels and firearms. Western correspondents saw several cars and trucks loaded with Hungarians and driven off, no doubt bound for prison.

Council OKs Salary Schedule

Most Workers Get Extra $10 Monthly

City Council awarded pay increases to all municipal employes except the city manager in a general salary ordinance approved by unanimous vote Wednesday night.

The majority of salaried workers will receive an extra $10 per month beginning Jan. 1, although increases in the police department are larger. Patrolmen and the chief will get $20 per month more, and the police captain and two sergeants will receive monthly hikes of $30.

Hourly workers in street and sewer departments will get an extra 5 cents an hour.

Pay of Council members was increased from $10 to $30 per month, although no members of the present legislative body will share the increase except through reelection.

The pay increases will total approximately $5,000 annually, although the additional expense from the general fund, which is derived from taxes, will total only $3,200.

* * *

CITY MANAGER James F. Parkinson had recommended a $10 across-the-board increase for employes other than himself, but Council members, after detailed study of the ordinance, agreed that the police department should receive special consideration because of the additional hazards involved in their work as well as the volume of services they are required to perform.

The $30 monthly raises for Capt. Harley Haggard and Sgts. Walter Marshall and Charles Foster were based on the additional responsibility these officers must assume, particularly when they are in charge of the department which is a considerable portion of the day.

Council agreed unanimously that increases were warranted for

Annexation Proposal, Sewage Plant Planning Get Council Approval

City Council, in a busy session Wednesday night, took the first steps toward annexation of a 167-acre tract of land in the Belle Aire section and authorized the preparation of detailed plans for the proposed expansion of the city's sewage treatment plant.

These two pieces of legislation were among 12 ordinances and resolutions passed under emergency procedure during the session.

An ordinance authorizing annexation of the undeveloped section of the G. D. Baker farm, roughly bordered by Greenfield Rd., Elm St. and the DT&I Railroad, was a preliminary to actual incorporation of the tract into the city.

The annexation proposal must receive approval of Fayette County commissioners before it is returned to Council for final action.

Attorney Troy T. Junk, representing Baker, submitted a plat of the area, now a part of Union Township, to Council. Much of the Baker farm, which adjoins the Marion Wilson and E. F. Armbrust properties, already has been subdivided. There was no immediate indication as to Baker's plans for the property, and the owner is now out of the city.

* * *

COUNCIL authorized City Manager James F. Parkinson to enter into a contract with the Columbus engineering firm of Bird and Teitzel for the preparation of detailed plans and additional technical services in connection with the sewage plant improvement.

The fee for such services, based on actual cost of construction, is 7½ per cent on projects costing more than $250,000, which means that the cost of detailed plans and technical work will be in the neighborhood of $30,000 for the Washington C. H. improvement.

A previous payment of $3,100 to the Bird and Teitzel firm, which prepared preliminary plans for the job, will be deducted from that figure.

Construction expense for the plant expansion program, ordered by the Ohio Water Pollution Control Board, has been estimated at $385,000 with the costs of engineering and legal services, plus bond costs, bringing the total up to approximately $430,000.

The city is applying for a federal grant of $129,000 to help pay for the project.

* * *

ALSO BEFORE the city legislators were a number of year - end financial ordinances providing for money transfers from funds which have surpluses to other funds which, for one reason or another, are running low.

The routine transfers included:

The sum of $190.05 from the sewage system revenue fund to the Workmen's Compensation Fund where expenses have been heavier than usual this year;

Three appropriations from the street construction and maintenance fund: $289.99 to the Workmen's Compensation Fund; $236.66 to the Public Employes Retirement Fund; $300 to gas, oil, tires, etc;

The following appropriations from the general fund: $300 to engineering and new equipment; $75 to janitor's salary fund; $300 to the workhouse fund (which will be repaid from fines); $132.50 for legal

Alleys Entering Court St. Get One-Way Tag

A number of downtown Washington C. H. alleys will have "one-way" status for half a block as soon as proper directional signs can be purchased and erected.

City Council Wednesday night passed an emergency ordinance which will affect all alleys which intersect Court St. between North St. and the DT&I railroad crossing—with one exception.

Those alleys intersecting the north side of Court St. will carry northbound traffic only between Court St. and the first intersecting alley, but this regulation will not apply to the alley between the White Garage and the Holthouse Furniture store where normal two-way traffic will be continued.

Alleys intersecting the south side of Court St. between North St. and the DT&I will carry southbound traffic only as far as the intersecting alley. Here again there is an exception—the alley between North and Fayette Sts. will be one - way (southbound) from Court through to East St.

* * *

THE PLAN was recommended by Council's Safety - Service Committee after a study of the situation. Purpose of the ordinance is to eliminate the congestion, and the resultant hazard to pedestrians and other vehicles, caused by traffic emerging from the alleys into Court St.

The exceptions in the pattern were made because councilmen found special problems existed in those cases.

The ordinance provides fines of from one to 10 dollars for violations, but, while the legislation is effective immediately, there will be no prosecutions until the proper signs are erected.

Liberation War By NATO Shunned

PARIS (AP) — The Atlantic alliance called today for freedom in Eastern Europe but pledged itself against a war of liberation.

Foreign ministers of the North Atlantic Treaty Organization endorsed a declaration of policy on Eastern Europe submitted by West German Foreign Minister Heinrich von Brentano.

NATO officials emphasized that the declaration is a Western statement of policy designed to quiet any fears in Russia that the West is preparing to launch an attack to liberate Eastern Europe.

But Von Brentano said the people of Eastern Europe have a right to know the free world's attitude toward their struggle for freedom. He said NATO must not encourage any militant action or uprising that could spill over into Western Europe. Instead the Atlantic alliance should strive to influence events through economic and social contacts.

* * *

THE NATO council got a jolt from U. S. Secretary of State Dulles, who told the ministers America reserves the right to act alone in certain parts of the world without consulting NATO. His warning put America in the position of having upbraided its two closest allies — Britain and France — for attacking Egypt without consulting other nations while reserving for the United States the right to do much the same thing.

Dulles pointed out that the United States has mutual protection treaties with 44 nations, 30 of them outside the North Atlantic community.

He assured the council that whenever possible the United States would consult NATO on its policy and projected actions.

But he said defense of Chiang Kai-shek's Nationalist Chinese government on Formosa, for example, might call for independent American action without NATO advice.

Dulles was explaining why the United States could not give unlimited support to a report calling on all NATO members to talk things over "before any new policy is adopted which might affect NATO."

In a move to keep peace among the Atlantic allies, the foreign ministers unanimously approved a plan for NATO's secretary general, Lord Ismay of Britain, to mediate disputes among them.

Jackie Robinson Traded to Giants

NEW YORK (AP)—The New York Giants announced today they had obtained Jackie Robinson from the Brooklyn Dodgers in exchange for pitcher Dick Littlefield and about $30,000 cash.

Bill Rigney, Giants manager, said Robinson would play first base for the Giants.

Nixon Planning Trip to Austria

AUGUSTA, Ga. (AP)—Vice President Nixon will fly to Austria next week at President Eisenhower's request for first-hand study of Hungarian refugee problems. On return he will recommend what further aid the U. S. can give.

In announcing plans for the Nixon trip Wednesday night, White House press secretary James C. Hagerty said that whether to admit more than 21,500 Hungarian victims of Soviet oppression to this country will await the vice president's report to Eisenhower and Congress.

The President already has hiked the number from 5,000 to 21,500.

Together with arranging for Nixon to visit Austria, into which more than 100,000 Hungarians have fled, Eisenhower created a 15-member presidential committee on Hungarian refugee relief.

The committee was set up on recommendation of Tracy Voorhees, the President's personal representative in charge of coordination of the relief program in this country.

Rainfall Is Heavy

BROOKINGS, Ore. (AP) — This coastal town has had 9.86 inches of rain in the last three days. No damage was reported.

Northern Ohio Is Searched For Missing Jet Trainer

CINCINNATI (AP)—Search for an Air Force jet training plane, missing since last Saturday with two men aboard, swung into northern Ohio today.

Focal points were the Toledo and Akron areas.

The search in Ohio is directed by the Ohio wing of the Civil Air Patrol, with headquarters here. Col. Wilson Myers, mission commander, reported these developments Wednesday night:

Sighting of a red wingtip tank in Lake Erie, five miles offshore from Luna Pier, Mich., north of Toledo. The Michigan CAP wing reported the find.

Finding of red parachute with attached box between Mt. Hope and Berlin, near Akron. The parachute and box might be from the missing plane, or it might be weather-testing equipment. This will be "checked out" today.

A report also was received that a low-flying jet plane—with its motor out—was seen overhead just west of Toledo Saturday night, about the time it disappeared.

The T33 trainer was on a flight from Geiger Air Force Base, Spokane, Wash., to Westover AFB, Mass. Aboard were 2nd Lt. Frederick A. Davis II, 29, of Northford, Conn., and Airman 2c Robert E. Watkins of Reeds Ferry, N. H.

It was last reported near Goshen, Ind., after takeoff from Sioux Falls, S. D. It failed to report as expected over Cleveland 20 minutes later.

Earlier Wednesday, about 60 CAP planes, chiefly from Cincinnati and Dayton, searched an area from Dayton to Lima.

They swung into the area after two Lima residents reported that they heard a low-flying plane between 11:30 p. m. and midnight Saturday.

These reports were given credibility by the fact that Lima is only seven or eight minutes—as a jet flies—from Goshen, Ind., where the plane was last heard from at 11:46 p. m. Saturday.

Proof also Sought From Santa Claus

MIAMI, Fla. (AP)—Asking Santa Claus for a golden bugle "or anything you can," 9-year - old Russell Edgar Deloach added in a postscript:

"Would you send this back with your signature right here (space provided complete with line). And or no right here (shorter space provided)."

Local Response to Hungarian Relief Appeal Disappointing

Americans throughout the nation are demonstrating the true Christmas spirit as they come to the aid of the people of Hungary-innocent victims of communism's fight to enslave the world.

But in Fayette County the response to a Red Cross goal of $628 for Hungarian relief is far behind expectations. Although they hoped that the local drive could be closed by Saturday, Red Cross workers here report collections of only $110 to date.

The average of individual contributions has been good, but at a time when so many people are busy with Christmas shopping and planning, not enough, apparently, have found time to give what they can.

The Red Cross nationally has pledged 5 million dollars to aid the thousands of suffering Hungarian families and to give them medicine, nourishment and a few minor comforts.

THE International Committee of the Red Cross is the only international group which can get supplies into Hungary at this time and it already has been active in doing so.

At Camp Kilmer, N. J., where hundreds of refugees have arrived seeking freedom, the Red Cross is providing them with their needs, and helping to relocate them in areas where they can begin life again in a free society.

Contributions may be mailed or brought to the First Federal Savings and Loan, 134 E. Court St., in care of Mrs. Willard Perrill. An attendant is on duty every day to accept donations.

It is the hope of the Red Cross that these contributions, no matter how large or small, will help lead to a world in which, someday, everyone may celebrate the Christmas season in peace.

Major Highway Projects Planned Here

Three highway projects, costing an estimated $1,275,000, have been scheduled for Fayette County in the next three years, according to information released today from the office of the division engineer, George W. Alsdorf, in Delaware.

It was emphasized, however, that not all of the details of the program have been completed and that there is always the possibility of alterations.

* * *

THE BIGGEST of the three projects scheduled is the $600,000 resurfacing of the six - mile concrete section of Route 35, starting about three miles north of Washington C. H. Milo Richie explained maintenance of the concrete, laid in 1934, has become so expensive that resurfacing has been scheduled for 1958. He added that it is hoped the present 20 - foot highway can be widened to 24 feet at the same time.

Although the preliminary survey probably will be started in the near future, the new $300,000 bridge planned for Route 22, about a mile west of New Holland is not scheduled for construction until 1959, Richie said. He explained that "we like to get these surveys made in advance while field parties are available during the winter."

This new bridge will replace the present narrow bridge which was built a few years ago on the site of one of the last covered bridges in the county.

* * *

PRESENT PLANS also call for six new bridges and a culvert on Route 734 next year at an estimated cost of $375,000. Three of the bridges and the culvert to be replaced with the wider structures are between Jeffersonville and Jamestown and the other three are west of Jeffersonville on what is known as the State Rd.

Richie, the division project engineer who outlined the program for Fayette County, said the project included approaches to the bridges, but that only one bridge—the one just west of Cozy Corner—would be relocated. Plans for the project are now about half com-

(Please Turn to Page Nine)

Finley Named President of Little League

The Little League Assn. elected new officers at a meeting Wednesday night at the Dayton Power and Light Auditorium.

The officers are: George Finley, president; Joseph Peters, vice president; and O. D. Farquhar, secretary-treasurer.

Committee chairmen were appointed and include: Max Lawrence, commissioner in charge of minor leagues; Paul Cummings, umpires; Joseph Peters, playing fields; Mac Dews, Sr., finances; and Judge Max Dice, publicity.

Plans for the coming junior baseball season were discussed, and the next meeting was scheduled for March, when arrangements will be made for try-outs.

A financial report was given which shows that 1956 receipts totaled $3,624.99 and a balance from 1955 amounted to $1,754.32, for a total of $5,379.31. Of this, $4,737.81 was spent and $641.50 is the present bank balance.

Major items on the receipt column include $1,238.99 from mothers who ran a concession stand, and $850 from Little League sponsors. On the other side of the ledger, baseball equipment cost $1,840.44 and lighting equipment, $1,455.94.

U. S. Canada Plan To Bare A-Secrets

WASHINGTON (AP)—In the hope of speeding development of peaceful atomic power, the United States, Britain and Canada will release much information on nuclear power techniques and resources heretofore kept secret.

The Atomic Energy Commission said the world is "on the threshhold of practical atomic power development."

The action will make available to industry and to anyone else who wants it "a large proportion" of the "many categories" of information on atomic reactors which now are open only to those cleared to obtain it, AEC said.

Soil Bank Checks Due To Be Higher

WASHINGTON (AP)—Secretary of Agriculture Benson says the national average payment rates per acre for five basic crops will be sharply higher than this year for participation in the 1957 soil bank program.

The national average payment rate per acre for wheat land taken out of production and placed in the acreage reserve in 1957 will be $20.04, compared with $8 now.

For corn, an average county payment rate will be established. The department said that county rates will vary considerably.

Woman, 82, Saved; Trapped in Home

ALTON, Ill. (AP) — Trapped for 3½ days when the inside knob fell off the door of her second - floor bedroom, 82-year-old Miss Alice Fairman was rescued Wednesday.

She was without food or water and her bucket of coal ran out before police broke into the huge frame house where she lived alone.

A neighbor became concerned after noting no signs of activity.

No one heard her shouts or found the written plea for help she lowered on a string.

Fayette Memorial Hospital News

ADMISSIONS

John McRoby, 822 E. Paint St., Wednesday, medical.

Stanley Chitty, 217 Ogle St., Wednesday, medical.

DISMISSALS

Mrs. Eugene Wieland and infant son, 605 Perdue Plaza, Wednesday.

Mrs. Stella Tobin, 133½ N. Main St., Wednesday, surgery.

Mrs. Wiley Lyons, Route 3, Sabina, Wednesday, medical.

Blessed Events

Mr. and Mrs. Burdette Johnson, 724 S. Fayette St., are the parents of a six pound five ounce son, born in Memorial Hospital, Wednesday, at 4:15 p. m.

Wife Confesses At Mate's Trial

DALLAS (AP) — Mrs. Eugene Hague stunned the courtroom at her husband's murder trial Wednesday by sobbing out from the witness stand she was the one who had done the killing. But the jury convicted Hague and sentenced him to 37 years in prison.

Mrs. Hague, 44, was charged with murder as soon as she finished her testimony.

The jury's verdict left a legal tangle. No one would undertake to say immediately what would happen to the murder charge against Mrs. Hague. She is in jail.

Hague, who is 43, was on trial for the slaying of Ernest Allbrite, 27. He was shot to death Aug. 26 at a party attended by the Hagues.

Bond Bid Rejected

(Continued from Page One)

and Barton, advising the sale, of the bonds be deferred, was read.

The board had advertised the sale of the bonds and set Dec. 13 as the date for opening the bids. Following its decision Monday night, the board notified such firms as Dun & Bradstreet, Ohio Municipal Bond Advisory Committee of Cleveland, Halsey - Stuart Co. of Chicago and The Moody Investment Co. of its action and asked that they carry the information in their bulletins that go to the bond firms.

Before the meeting, inquiries had been received from 23 bond houses interested in buying the bonds. These, the board decided at its special meeting Thursday, should get letters of explanation as to why the bonds cannot be sold at this time.

A fathometer is an instrument used on ships to measure the depth of the water.

New Clash In Poland Is Quelled

WARSAW, Poland (AP) — Warsaw newspapers today reported a new clash between Polish and "hooligans" in the port city of Stettin.

The papers said a "gang" gathered outside a restaurant in Stettin Wednesday night and tried to block the street in order to "start a new adventure." They added that police wielding clubs broke up the crowd in a few minutes.

The latest disorders followed a mob attack Monday night on the Soviet consulate in Stettin. Earlier the same night demonstrators attacked police headquarters, the local prosecutor's office and tried to break open the jail.

The government press blamed hooligans for that incident, but other sources said the riot stemmed from a student demonstration protesting the Russian intervention in Hungary. Eighty-eight persons, mostly youths, were reported arrested in the Monday outburst.

The regime headed by anti-Stalinist Communist Leader Wladyslaw Gomulka hurriedly apologized to Moscow for the attack on the consulate.

Papers said today the total arrested for Monday's riots in Stettin had reached 91 but that a few (youngsters under 17) had been released. The reports said a district court is expected to begin hearings soon.

City Salaries Hiked

(Continued from Page One)

all employes because of the all-time high cost of living.

* * *

SALARIES and pay rates under the new ordinance will be as follows:

City manager— $9,040 annually (no increase).

City auditor— $4,080; clerk, $208 per month; sewage department clerk, $234 per month.

City solicitor— $2,340 annually; clerk to solicitor, $1,020 annually.

Parking meter repairman-collector— $330 per month.

Treasurer— $756 per year.

Police— Chief, $383 per month (plus $100 per month for serving as municipal court bailiff); captain, $360 per month; two sergeants $350 per month; patrolmen, $330 per month after 90-day probation-

Mainly About People

Mrs. Edward Cobb was returned Thursday morning from Mt. Carmel Hospital, Columbus, to her home, 917 Washington Ave., after being a patient for the past two weeks under treatment for a compound multiple fracture of her right ankle suffered in an accident in California, four weeks ago.

Mrs. Bessie Brewer, 330 N. Fayette St., was taken to Memorial Hospital, Wednesday afternoon in the Gerstner ambulance. She is a patient for medical care.

Mrs. Grace Post Harper, of Martin's Ferry, is a patient in the Martin's Ferry Hospital, where she is being treated for a fractured pelvis, suffered in a fall December 4. Mrs. W. A. Melvin, of the Creek Road, is a sister of Mrs. Harper.

Merchant Cop Guilty in Theft

EAST LIVERPOOL (AP)—A jury Wednesday convicted a former East Liverpool merchant policeman, Jerome Raimond, 33, of receiving stolen property.

Last June, Raimond was acquitted of a burglary charge included in one of nine indictments against police and special officers of East Liverpool. The charge of receiving stolen property involved about $800 worth of photographic equipment taken from a hardware store March 2, 1952.

Pensioner's Body Found in River

McCONNELSVILLE (AP) — The body of Harry Grandstaff, 62, a World War II pensioner, was recovered Wednesday from the Muskingum River near here where he and 3-year-old Kenneth Vincent drowned.

The boy's father Floyd, of nearby Malta, was rescued when the 14-foot boat in which the three were riding capsized Tuesday.

ary period when salary is $297 per month. Police officers work 48 hours per week.

Fire Department— Chief, $373 per month (plus $175 per month as superintendent of the sewage treatment plant); a total of $548 monthly for a 66-hour week; two captains, $340 monthly for 66 hours; one lieutenant, $330 for 66 hours; firemen, $320 for those working 66-hour weeks and $285 for two firemen working 56-hour weeks. All firemen have the option of working a 66-hour week and receiving additional pay.

Street Department— Superintendent $340 per month; foreman-mechanic, $1.60 per hour; mechanic, $1.47 per hour; laborers and truck drivers, $1.40 per hour; helpers $1.33 (Grade A) and $1.10 (Grade B).

Municipal Court clerk— $225 per month.

City Councilmen— $30 per month.

U. S. Trainmen Deadlocked in Contract Talk

CHICAGO (AP)—The contract dispute between the nation's major railroads and the Brotherhood of Railroad Trainmen, representing some 135,000 operating workers, appeared headed today to a presidential fact-finding board.

Mediation of the dispute ended Wednesday when the union rejected final wage and other proposals offered by 140 carriers. The trainmen also turned down an offer of arbitration extended by Leverett Edwards, member of the National Railway Mediation Board.

No strike vote has been taken by the union. Appointment of a fact-finding board to investigate the dispute and make recommendations for a settlement would put off any strike for 60 days.

The union rejected an offer of a 26½ cents an hour wage increase, saying the carriers declined demands for seven paid holidays and insisted on a three year moratorium on changes in wage and working conditions.

The union originally asked for a $3 a day basic increase, plus seven paid holidays. The railroads have been negotiating on a new contract with the trainmen and two other unions since Sept. 5. Mediators came in on Oct. 5. Still in mediation are the Switchmen's Union of North America, with 8,000 members, and the Order of Railway Conductors and Brakemen, with 20,000.

Workers represented by the trainmen's union earn the following average wages: road trainmen, $514 a month; road conductors $638; and yard conductors and brakemen, $430.

Fish Get Tipsy?

MAYSVILLE, Ky. (AP) — About 15,000 gallons of grain alcohol sank in the Ohio River near here Wednesday when a tug rammed a barge while turning it around.

Week-Old Haiti Dictatorship Topples as Workers Strike

PORT AU PRINCE, Haiti (AP)—A "cold revolution" has toppled Maj. Gen. Paul Magloire's week-old dictatorship in Haiti, restoring constitutional authority today in the little Caribbean republic.

Magloire quit Wednesday night after three days of sitdown strikes virtually throttled all normal activity in the nation.

As the constitution prescribes, the president of the supreme court, Joseph Nemours Pierre-Louis, took office temporarily. He will govern until a new president is named in a national election.

The army, previously backing Magloire, triggered the change. Gen. Antoine Levelt, chief of staff, said the decision was taken in a conference Wednesday.

Magloire's fall represents a dramatic victory for the man on the street in Haiti, the workman, the student, the shopkeeper — people who fought for liberty with the only weapon they had, a refusal to work.

* * *

UNARMED AND poorly organized, they countered Magloire's seizure of power by simply staying home, by closing business establishments and paralyzing transportation.

The strikes began Monday.

Behind that, however, lay months of feverish political activity, climaxed by Magloire's coup d'etat Dec. 6.

Magloire, a husky professional soldier, trained by the U. S. Marines, was elected in 1950. He was the first president in Haiti's history named directly by the people. He was proud of that.

Since the constitution prohibits two consecutive terms for a president, Magloire last May ordered election machinery to be set up for choosing his successor.

Magloire and his adherents charged that the leading presidential candidates appealed to the people solely on the basis of "vicious criticism" of the government, and "incited the people to terrorism and violence."

The candidates were jailed last week and correspondents' requests to interview them were refused. Thir backers, however, said Magloire never intended to hold an election.

They say last week's bombings, in which one man was killed, were staged by the government as an excuse to put the political leaders in prison and call off the election.

Finley Named President of Little League

The Little League Assn. elected new officers at a meeting Wednesday night at the Dayton Power and Light Auditorium.

The officers are: George Finley, president; Joseph Peters, vice president; and O. D. Farquhar, secretary-treasurer.

Committee chairmen were appointed and include: Max Lawrence, commissioner in charge of minor leagues; Paul Cummings, umpires; Joseph Peters, playing fields; Mac Dews, Sr., finances; and Judge Max Dice, publicity.

Plans for the coming junior baseball season were discussed, and the next meeting was scheduled for March, when arrangements will be made for try-outs.

A financial report was given which shows that 1956 receipts totaled $3,624.99 and a balance from 1955 amounted to $1,754.32, for a total of $5,379.31. Of this, $4,737.81 was spent and $641.50 is the present bank balance.

Major items on the receipt column include $1,238.99 from mothers who ran a concession stand, and $850 from Little League sponsors. On the other side of the ledger, baseball equipment cost $1,840.44 and lighting equipment, $1,455.94.

U. S. Canada Plan To Bare A-Secrets

WASHINGTON (AP)—In the hope of speeding development of peaceful atomic power, the United States, Britain and Canada will release much information on nuclear power techniques and resources heretofore kept secret.

The Atomic Energy Commission said the world is "on the threshhold of practical atomic power development."

The action will make available to industry and to anyone else who wants it "a large proportion" of the "many categories" of information on atomic reactors which now are open only to those cleared to obtain it, AEC said.

Soil Bank Checks Due To Be Higher

WASHINGTON (AP)—Secretary of Agriculture Benson says the national average payment rates per acre for five basic crops will be sharply higher than this year for participation in the 1957 soil bank program.

The national average payment rate per acre for wheat land taken out of production and placed in the acreage reserve in 1957 will be $20.04, compared with $8 now.

For corn, an average county payment rate will be established. The department said that county rates will vary considerably.

Woman, 82, Saved; Trapped in Home

ALTON, Ill. (AP) — Trapped for 3½ days when the inside knob fell off the door of her second - floor bedroom, 82-year-old Miss Alice Fairman was rescued Wednesday.

She was without food or water and her bucket of coal ran out before police broke into the huge frame house where she lived alone.

A neighbor became concerned after noting no signs of activity.

No one heard her shouts or found the written plea for help she lowered on a string.

Fayette Memorial Hospital News

ADMISSIONS

John McRoby, 822 E. Paint St., Wednesday, medical.

Mrs. Stella Tobin, 133½ N. Main St., Wednesday, surgery.

Richard Waters Sr., 736 Washington Ave., Wednesday, medical.

Mrs. Richard Stuckey, Route 2, Williamsport, Wednesday, surgery.

Mrs. Otto Flint, Sabina, Wednesday, surgery.

Thomas Lindsey, Mt. Sterling, Wednesday, surgery.

Mrs. Wiley Lyons, Route 3, Sabina, Wednesday, medical.

Blessed Events

Mr. and Mrs. Burdette Johnson, 724 S. Fayette St., are the parents of a six pound five ounce son, born in Memorial Hospital, Wednesday, at 4:15 p. m.

Wife Confesses At Mate's Trial

DALLAS (AP) — Mrs. Eugene Hague stunned the courtroom at her husband's murder trial Wednesday by sobbing out from the witness stand she was the one who had done the killing. But the jury convicted Hague and sentenced him to 37 years in prison.

Mrs. Hague, 44, was charged with murder as soon as she finished her testimony.

The jury's verdict left a legal tangle. No one would undertake to say immediately what would happen to the murder charge against Mrs. Hague. She is in jail.

Hague, who is 43, was on trial for the slaying of Ernest Allbrite, 27. He was shot to death Aug. 26 at a party attended by the Hagues.

Bond Bid Rejected

(Continued from Page One)

and Barton, advising the sale, of the bonds be deferred, was read.

The board had advertised the sale of the bonds and set Dec. 13 as the date for opening the bids. Following its decision Monday night, the board notified such firms as Dun & Bradstreet, Ohio Municipal Bond Advisory Committee of Cleveland, Halsey - Stuart Co. of Chicago and The Moody Investment Co. of its action and asked that they carry the information in their bulletins that go to the bond firms.

Before the meeting, inquiries had been received from 23 bond houses interested in buying the bonds. These, the board decided at its special meeting Thursday, should get letters of explanation as to why the bonds cannot be sold at this time.

A fathometer is an instrument used on ships to measure the depth of the water.

New Clash In Poland Is Quelled

WARSAW, Poland (AP) — Warsaw newspapers today reported a new clash between Polish and "hooligans" in the port city of Stettin.

The papers said a "gang" gathered outside a restaurant in Stettin Wednesday night and tried to block the street in order to "start a new adventure." They added that police wielding clubs broke up the crowd in a few minutes.

The latest disorders followed a mob attack Monday night on the Soviet consulate in Stettin. Earlier the same night demonstrators attacked police headquarters, the local prosecutor's office and tried to break open the jail.

The government press blamed hooligans for that incident, but other sources said the riot stemmed from a student demonstration protesting the Russian intervention in Hungary. Eighty-eight persons, mostly youths, were reported arrested in the Monday outburst.

The regime headed by anti-Stalinist Communist Leader Wladyslaw Gomulka hurriedly apologized to Moscow for the attack on the consulate.

Papers said today the total arrested for Monday's riots in Stettin had reached 91 but that a few (youngsters under 17) had been released. The reports said a district court is expected to begin hearings soon.

City Salaries Hiked

(Continued from Page One)

all employes because of the all-time high cost of living.

* * *

SALARIES and pay rates under the new ordinance will be as follows:

City manager— $9,040 annually (no increase).

City auditor— $4,080; clerk, $208 per month; sewage department clerk, $234 per month.

City solicitor— $2,340 annually; clerk to solicitor, $1,020 annually.

Parking meter repairman-collector— $330 per month.

Treasurer— $756 per year.

Police— Chief, $383 per month (plus $100 per month for serving as municipal court bailiff); captain, $360 per month; two sergeants $350 per month; patrolmen, $330 per month after 90-day probationary period when salary is $297 per month. Police officers work 48 hours per week.

Fire Department— Chief, $373 per month (plus $175 per month as superintendent of the sewage treatment plant); a total of $548 monthly for a 66-hour week; two captains, $340 monthly for 66 hours; one lieutenant, $330 for 66 hours; firemen, $320 for those working 66-hour weeks and $285 for two firemen working 56-hour weeks. All firemen have the option of working a 66-hour week and receiving additional pay.

Street Department— Superintendent $340 per month; foreman-mechanic, $1.60 per hour; mechanic, $1.47 per hour; laborers and truck drivers, $1.40 per hour; helpers $1.33 (Grade A) and $1.10 (Grade B).

Municipal Court clerk— $225 per month.

City Councilmen— $30 per month.

Merchant Cop Guilty in Theft

EAST LIVERPOOL (AP)—A jury Wednesday convicted a former East Liverpool merchant policeman, Jerome Raimond, 33, of receiving stolen property.

Last June, Raimond was acquitted of a burglary charge included in one of nine indictments against police and special officers of East Liverpool. The charge of receiving stolen property involved about $800 worth of photographic equipment taken from a hardware store h March 2, 1952.

Pensioner's Body Found in River

McCONNELSVILLE (AP) — The body of Harry Grandstaff, 62, a World War II pensioner, was recovered Wednesday from the Muskingum River near here where he and 3-year-old Kenneth Vincent drowned.

The boy's father Floyd, of nearby Malta, was rescued when the 14-foot boat in which the three were riding capsized Tuesday.

Mainly About People

Mrs. Edward Cobb was returned Thursday morning from Mt. Carmel Hospital, Columbus, to her home, 917 Washington Ave., after being a patient for the past two weeks under treatment for a compound multiple fracture of her right ankle suffered in an accident in California, four weeks ago.

Mrs. Bessie Brewer, 330 N. Fayette St., was taken to Memorial Hospital, Wednesday afternoon in the Gerstner ambulance. She is a patient for medical care.

Mrs. Grace Post Harper, of Martin's Ferry, is a patient in the Martin's Ferry Hospital, where she is being treated for a fractured pelvis, suffered in a fall December 4. Mrs. W. A. Melvin, of the Creek Road, is a sister of Mrs. Harper.

U. S. Trainmen Deadlocked in Contract Talk

CHICAGO (AP)—The contract dispute between the nation's major railroads and the Brotherhood of Railroad Trainmen, representing some 135,000 operating workers, appeared headed today to a presidential fact-finding board.

Mediation of the dispute ended Wednesday when the union rejected final wage and other proposals offered by 140 carriers. The trainmen also turned down an offer of arbitration extended by Leverett Edwards, member of the National Railway Mediation Board.

No strike vote has been taken by the union. Appointment of a fact-finding board to investigate the dispute and make recommendations for a settlement would put off any strike for 60 days.

The union rejected an offer of a 26½ cents an hour wage increase, saying the carriers declined demands for seven paid holidays and insisted on a three year moratorium on changes in wage and working conditions.

The union originally asked for a $3 a day basic increase, plus seven paid holidays. The railroads have been negotiating on a new contract with the trainmen and two other unions since Sept. 5. Mediators came in on Oct. 5. Still in mediation are the Switchmen's Union of North America, with 8,000 members, and the Order of Railway Conductors and Brakemen, with 20,000.

Workers represented by the trainmen's union earn the following average wages: road trainmen, $514 a month; road conductors $638; and yard conductors and brakemen, $430.

Fish Get Tipsy?

MAYSVILLE, Ky. (AP) — About 15,000 gallons of grain alcohol sank in the Ohio River near here Wednesday when a tug rammed a barge while turning it around.

Week-Old Haiti Dictatorship Topples as Workers Strike

PORT AU PRINCE, Haiti (AP)—A "cold revolution" has toppled Maj. Gen. Paul Magloire's week-old dictatorship in Haiti, restoring constitutional authority today in the little Caribbean republic.

Magloire quit Wednesday night after three days of sitdown strikes virtually throttled all normal activity in the nation.

As the constitution prescribes, the president of the supreme court, Joseph Nemours Pierre-Louis, took office temporarily. He will govern until a new president is named in a national election.

The army, previously backing Magloire, triggered the change. Gen. Antoine Levelt, chief of staff, said the decision was taken in a conference Wednesday.

Magloire's fall represents a dramatic victory for the man on the street in Haiti, the workman, the student, the shopkeeper — people who fought for liberty with the only weapon they had, a refusal to work.

* * *

UNARMED AND poorly organized, they countered Magloire's seizure of power by simply staying home, by closing business establishments and paralyzing transportation.

The strikes began Monday.

Behind that, however, lay months of feverish political activity, climaxed by Magloire's coup d'etat Dec. 6.

Magloire, a husky professional soldier, trained by the U. S. Marines, was elected in 1950. He was the first president in Haiti's history named directly by the people. He was proud of that.

Since the constitution prohibits two consecutive terms for a president, Magloire last May ordered election machinery to be set up for choosing his successor.

Magloire and his adherents charged that the leading presidential candidates appealed to the people solely on the basis of "vicious criticism" of the government, and "incited the people to terrorism and violence."

The candidates were jailed last week and correspondents' requests to interview them were refused. Thir backers, however, said Magloire never intended to hold an election.

They say last week's bombings, in which one man was killed, were staged by the government as an excus to put the political leaders in prison and call off the election.

Communism and Harry Bridges In Hawaii

Harry Bridges, the past master of trouble making in this country for years, and now employed in the same manner in Hawaii, is in the news again.

He is a leader of the International Long Shoremen's and Warehousemen's Union and reports have indicated he is the main spark in starting up Communist and union troubles in Hawaii which has for years been making a bid for statehood in our country.

Now, it is being pointed out that the U. S. Senate Internal Security Subcommittee hearings on Communism in Hawaii are likely to have a strong influence on whether Hawaii should be admitted as a state.

Approximately 40 subpoenas for the Honolulu hearings were served on International Longshoremen's and Warehousemen's Union heads and alleged Communist leaders.

No subpoena was issued for Harry Bridges, head of the union, but Bridges had said he wanted to testify. He also had threatened to call his workers out on strike to demonstrate against the hearings. In mid - November, after the hearings had been announced, Bridges said his members would "tell Eastland what we think of him and we won't be working when we do." The reference was to Sen. James O. Eastland (D Miss.), subcommittee chairman.

The history of the drive for statehood for Hawaii is complex. Both major party platforms in 1956 flatly pledged "immediate statehood," yet there is considerable opposition to statehood within both parties.

Bills to admit Hawaii as a state were passed by the house in 1947, 1950, 1953, and 1954. But in 1954 the House voted down the combined Hawaii - Alaska statehood bill that had been adopted by the Senate. And the House voted, 218 to 170, to recommit a combined bill in 1955.

Voting for recommittal were 105 Democrats — including 90 of 110 southern Democrats—and 113 Republicans. Against recommittal were 107 Democrats, 63 Republicans.

The usual argument of southern Congressmen against Hawaiian statehood had been based on race. In a total 1950 island population of 500,000, natives of Japanese ancestry made up 37 per cent; Caucasians, 23 per cent; Hawaiians, 17 per cent; Filipinos, 12 per cent; Chinese, 6 per cent.

In the 1955 debate in the House, opponents took a different tack. They stressed allegations that Hawaii had been infiltrated by Communists to a dangerous degree.

Another argument in 1955 was that the addition of four new Senators—two each from Hawaii and Alaska — would throw representation in the upper house seriously out of balance. And there was objection to admitting noncontiguous territories as states.

Ammunition for the current hearings was furnished in the testimony, Nov. 16, of Lieut. Gen. John W. "Iron Mike" O'Daniel (ret.), U. S. Army commander in the Pacific from September 1952 to April 1954. Characterizing the islands as "very important militarily," O'Daniel estimated that the Communists spend $220,000 annually on organizational work. "They control the sugar workers," he said, and could "disrupt the whole economy of the islands."

Diet and Health

Preparing Child For Dental Visit

By HERMAN N. BUNDESEN

A youngster's first visit to the dentist doesn't have to be and usually is not an ordeal.

If you prepare him properly for this all - important first impression, he'll probably react very well. Moreover, his future relations with dentists will be all the better for it. The atmosphere surrounding a child's first meeting with the dentist is apt to set his dental health habits for the remainder of his life.

Take your youngster to the dentist as soon as all 20 of his primary teeth have erupted, usually sometime between the age of two and three.

It's wise to initiate a routine of regular dental examinations at this time even though no cavities are present. Early dental care, you see, enables the dentist to detect and correct decay and other diseases or defects in the first stages.

In preparing him for his first meeting with the dentist, tell your child of the benefits to health and appearance that the visit will bring. Avoid references to pain.

May Be Painful

Still, don't promise him it won't hurt! It may be painful. Even if it isn't, this won't be the last time he'll have to visit the dentist. Nor will it be the last time you'll want to be trusted when making a promise to him.

Don't make a "big thing" over the initial trip to the dentist.

In most children, nothing can build up a perfectly reasonable fear more quickly and surely than a big show of solicitude by a parent. If you appear concerned about this visit, if you have a long face, if you are willing to offer candy as a reward or bribe, it's logical for your youngster to think this must really be a pretty terrible business.

When To Brush

I suggest you show your child how to use a toothbrush as soon as all his first teeth have appeared. Tell him to brush them after each meal or snack.

Perhaps you can encourage him to brush his teeth on schedule by making it more convenient and pleasant for him to do so.

Buy him several small tubes of toothpaste— you can even get different colors now—and let him pick out the one he likes best. Get him two child-sized toothbrushes and hang a mirror in the bathroom at his eye level so he can observe the results.

QUESTION AND ANSWER

D. T.: Will milk and sugar cause mucus to form in the sinus and increase the symptoms of sinus disease?

Answer: There is no evidence that milk or sugar will adversely affect sinus disease.

It's Getting Crowded

SACRAMENTO, Calif. (AP) — Dr. Herman T. Spieth, University of California food-population specialist, estimates the world's population may reach 125 billion by 3,000 A. D., leaving less than one square yard of the earth's surface for each person.

Make '57 Resolutions Now

By Hal Boyle

NEW YORK (AP)—Do you want to be a changed man in 1957?

Well, now is the time to start removing your personality warts.

Most people wait until New Year's Day to make their good resolutions.

On that day you are likely to be hypercritical, unfair to yourself. You don't see yourself in the right perspective. You are full of self-hate. You see a thousand things wrong with you, whereas even a jury of those who really know you best probably wouldn't credit you with more than 750 faults.

So what happens? You resolve to improve your conduct in 1,000 ways all at once. This is manifestly impossible, unless you lie down and die, which is certainly carrying self-improvement right out the window.

Unable to correct all your supposed 1,000 faults, you soon give up the struggle, saying "What's the use?" That leaves you with the hopeless feeling you have added the 1,001st defect to the list, you're a guy who can't keep a pledge.

The reason you should make your New Year's resolutions right now is that: (1) You won't have to make so many, (2) you have a Christmassy feeling toward the world and are full of goodwill, (3) you don't see so many things about yourself that need changing, because you love yourself even as you do your neighbor. Maybe even more.

The danger here, of course, is that you may be full of so much goodwill you find yourself absolutely flawless. You can't think of a single way to change yourself for the better.

In this case you need the help of others. Here's what to do:

Take six sheets of paper and give one each to your closest friend, your oldest enemy, your mother, your boss, your favorite bartender and your wife. On second thought, maybe you'd better give your wife a loose-leaf notebook or a tape recorder.

Next, ask each to write down what they think are your greatest faults and how you can make a better man of yourself in 1957.

This may result in your wife getting writer's cramp, but she won't mind. An opportunity like this doesn't come her way often.

Then comes your big problem, weighing and interpreting the criticisms and suggestions. Here's how you go about it:

To start with, examine the list made by your closest friend. Whatever he has written down, it is safe to assume, is what the bum is saying about you behind your back. If you don't like his list, your first resolve should be to get a new friend, one you can trust not to be so honest.

The chances are your enemy merely has written down, "The best way to improve yourself in 1957 is to drop dead." Resist this temptation. To obey it will get you nowhere.

Instead, resolve to forgive your enemy. Go even further. Really bring him into your circle. Bind him to you. The best way to do this is to borrow money from him. Then he'll really have your interest at heart—and his principal.

Next take up the lists made by those who know you at your best and worst—your wife, mother and bartender. Naturally their lists will be long, and it would be impossible to correct in one lifetime all the things they know are wrong with you.

The thing to do is to check the defects that appear on all three lists and resolve to correct them immediately. Certainly anything about you that offends your mother, wife and bartender needs your urgent attention.

Last, take the boss' list. If he merely has written, "Why, Joe, you're all right as you are," make a quick resolution to hit him for a raise on Jan. 2.

On the other hand, if he lists more than 10 of your bad habits, the odds are he suspects 10 more. You should resolve to look for a new job right away. There's enough trouble in life already without having to work for a boss you can't fool.

The Tightness of Money

By George Sokolsky

What is actually happening in this country is that more money is needed to finance the growth and expansion of existing enterprises and the development of new enterprises than the current reservoirs of savings can provide.

Therefore the demand for money is greater than the supply and the money market has become abnormally tight. In such a period the market value of bonds goes down which has been happening for some time.

The huge influx of foreign-owned American dollars into the American money market is due to two causes: 1. This is till the safest place for private capital for investment; 2. The constant need for more capital to keep American industry going and the drying up of indigenous reservoirs of capital because of exorbitant taxes, makes this market attractive.

The answer to this problem is to reduce government expenditures by about 10 billion dollars and to reduce income taxes accordingly. The Hoover Commission has indicated in its various reports how government expenditures can be cut without impairing any essential services. While lip service has been paid to the work of the Hoover Commission, savings in government expenditures have not been made and probably will not be made in view of the additional expenditures due to the middle east war, for much of which the United States is bound to pay, if only because no other country has the money or the will to pay.

The clearing of the Suez Canal has now become our problem, as we have backed Nasser and rejected the British and the French. Nasser has no money to clear the Suez Canal and his Russian ally already has announced that he will not contribute a ruble for that purpose. The United Nations Organization has no money except such as is contributed by its members. Therefore, it will come down to the United States, directly or indirectly, paying for clearing the Suez Canal, at a time when financial husbandry demands that our government cut its expenses. The American economy is too taut to take on much more.

At the same time, we are expected to pay one-third of the cost of the UNEF which is taking over the guarding of the canal and as a war - preventative force between Egypt and Israel; before long a similar force will probably have to be stationed between Syria and Israel, and between Syria and Iraq. The United Nations has 79 members; why should the United States pay one - third? The answer, of course, is that this country is a good - natured Charley who grabs the tab so fast that no one has a chance even to be reluctant.

So, it is to be assumed from the state of affairs that we shall not have a cut in government expenditures and that we shall not have a cut in income taxes, and that we shall not have a cut in excises, and that we shall be very lucky indeed if we do not have an increase in taxes.

That, of course, means that realistically our earnings are not what they appear to be but are the face - value figure minus all taxes, excises, fees, etc., which go to the federal, state and municipal governments. The individual, like his government, is profligate in the United States, never cutting his coat to his cloth, but stretching beyond his means by installment buying which has now become so universal that the average family indebtedness is beyond the average family savings, making for the shortness of risk capital.

In this connection, a correspondent from Belfast, Maine, writes me: ". . .But you do not go on to tell us what the dollar of today actually is. You did not know. Nor does anybody know. And that fact lies at the bottom of most of our financial perplexities. We are in the position of a carpenter trying to build a house to specifications with the help of an elastic foot rule."

That is so true. The dollar is an unsecured promissory note which agrees to pay in dollars the equivalent of the note. But what is the dollar? If the dollar is held in London or Amsterdam or Zurich or anywhere abroad it can be exchanged for gold; but not in the United States where the possession of specie is against the law, placing the American at a disadvantage to his foreign competitor.

Deported Jews Go to Israel

TEL AVIV, Israel (AP) — Thirty-four Jews deported from Egypt have arrived by plane to settle in Israel. Thirty-one other arrived at Haifa by an Italian liner.

The arrivals said Egyptian authorities had confiscated their property and most said they were allowed to take only small sums of cash when they left Egypt.

Communism and Harry Bridges In Hawaii

Harry Bridges, the past master of trouble making in this country for years, and now employed in the same manner in Hawaii, is in the news again.

He is a leader of the International Long Shoremen's and Warehousemen's Union and reports have indicated he is the main spark in starting up Communist and union troubles in Hawaii which has for years been making a bid for statehood in our country.

Now, it is being pointed out that the U. S. Senate Internal Security Subcommittee hearings on Communism in Hawaii are likely to have a strong influence on whether Hawaii should be admitted as a state.

Approximately 40 subpoenas for the Honolulu hearings were served on International Longshoremen's and Warehousemen's Union heads and alleged Communist leaders.

No subpoena was issued for Harry Bridges, head of the union, but Bridges had said he wanted to testify. He also had threatened to call his workers out on strike to demonstrate against the hearings. In mid - November, after the hearings had been announced, Bridges said his members would "tell Eastland what we think of him and we won't be working when we do." The reference was to Sen. James O. Eastland (D Miss.), subcommittee chairman.

The history of the drive for statehood for Hawaii is complex. Both major party platforms in 1956 flatly pledged "immediate statehood," yet there is considerable opposition to statehood within both parties.

Bills to admit Hawaii as a state were passed by the house in 1947, 1950, 1953, and 1954. But in 1954 the House voted down the combined Hawaii - Alaska statehood bill that had been adopted by the Senate. And the House voted, 218 to 170, to recommit a combined bill in 1955.

Voting for recommittal were 105 Democrats — including 90 of 110 southern Democrats—and 113 Republicans. Against recommittal were 107 Democrats, 63 Republicans.

The usual argument of southern Congressmen against Hawaiian statehood had been based on race. In a total 1950 island population of 500,000, natives of Japanese ancestry made up 37 per cent; Caucasians, 23 per cent; Hawaiians, 17 per cent; Filipinos, 12 per cent; Chinese, 6 per cent.

In the 1955 debate in the House, opponents took a different tack. They stressed allegations that Hawaii had been infiltrated by Communists to a dangerous degree.

Another argument in 1955 was that the addition of four new Senators—two each from Hawaii and Alaska — would throw representation in the upper house seriously out of balance. And there was objection to admitting noncontiguous territories as states.

Ammunition for the current hearings was furnished in the testimony, Nov. 16, of Lieut. Gen. John W. "Iron Mike" O'Daniel (ret.), U. S. Army commander in the Pacific from September 1952 to April 1954. Characterizing the islands as "very important militarily," O'Daniel estimated that the Communists spend $220,000 annually on organizational work. "They control the sugar workers," he said, and could "disrupt the whole economy of the islands."

Diet and Health — Preparing Child For Dental Visit

By HERMAN N. BUNDESEN

A youngster's first visit to the dentist doesn't have to be and usually is not an ordeal.

If you prepare him properly for this all - important first impression, he'll probably react very well. Moreover, his future relations with dentists will be all the better for it. The atmosphere surrounding a child's first meeting with the dentist is apt to set his dental health habits for the remainder of his life.

Take your youngster to the dentist as soon as all 20 of his primary teeth have erupted, usually sometime between the age of two and three.

It's wise to initiate a routine of regular dental examinations at this time even though no cavities are present. Early dental care, you see, enables the dentist to detect and correct decay and other diseases or defects in the first stages.

In preparing him for his first meeting with the dentist, tell your child of the benefits to health and appearance that the visit will bring. Avoid references to pain.

May Be Painful

Still, don't promise him it won't hurt! It may be painful. Even if it isn't, this won't be the last time he'll have to visit the dentist. Nor will it be the last time you'll want to be trusted when making a promise to him.

Don't make a "big thing" over the initial trip to the dentist.

In most children, nothing can build up a perfectly reasonable fear more quickly and surely than a big show of solicitude by a parent. If you appear concerned about this visit, if you have a long face, if you are willing to offer candy as a reward or bribe, it's logical for your youngster to think this must really be a pretty terrible business.

When To Brush

I suggest you show your child how to use a toothbrush as soon as all his first teeth have appeared. Tell him to brush them after each meal or snack.

Perhaps you can encourage him to brush his teeth on schedule by making it more convenient and pleasant for him to do so.

Buy him several small tubes of toothpaste— you can even get different colors now—and let him pick out the one he likes best. Get him two child-sized toothbrushes and hang a mirror in the bathroom at his eye level so he can observe the results.

QUESTION AND ANSWER

D. T.: Will milk and sugar cause mucus to form in the sinus and increase the symptoms of sinus disease?

Answer: There is no evidence that milk or sugar will adversely affect sinus disease.

It's Getting Crowded

SACRAMENTO, Calif. (AP) — Dr. Herman T. Spieth, University of California food-population specialist, estimates the world's population may reach 125 billion by 3,000 A. D., leaving less than one square yard of the earth's surface for each person.

Make '57 Resolutions Now

By Hal Boyle

NEW YORK (AP)—Do you want to be a changed man in 1957?

Well, now is the time to start removing your personality warts.

Most people wait until New Year's Day to make their good resolutions.

On that day you are likely to be hypercritical, unfair to yourself. You don't see yourself in the right perspective. You are full of self-hate. You see a thousand things wrong with you, whereas even a jury of those who really know you best probably wouldn't credit you with more than 750 faults.

So what happens? You resolve to improve your conduct in 1,000 ways all at once. This is manifestly impossible, unless you lie down and die, which is certainly carrying self-improvement right out the window.

Unable to correct all your supposed 1,000 faults, you soon give up the struggle, saying "What's the use?" That leaves you with the hopeless feeling you have added the 1,001st defect to the list, you're a guy who can't keep a pledge.

The reason you should make your New Year's resolutions right now is that: (1) You won't have to make so many, (2) you have a Christmassy feeling toward the world and are full of goodwill, (3) you don't see so many things about yourself that need changing, because you love yourself even as you do your neighbor. Maybe even more.

The danger here, of course, is that you may be full of so much goodwill you find yourself absolutely flawless. You can't think of a single way to change yourself for the better.

In this case you need the help of others. Here's what to do:

Take six sheets of paper and give one each to your closest friend, your oldest enemy, your mother, your boss, your favorite bartender and your wife. On second thought, maybe you'd better give your wife a loose-leaf notebook or a tape recorder.

Next, ask each to write down what they think are your greatest faults and how you can make a better man of yourself in 1957.

This may result in your wife getting writer's cramp, but she won't mind. An opportunity like this doesn't come her way often.

Then comes your big problem, weighing and interpreting the criticisms and suggestions. Here's how you go about it:

To start with, examine the list made by your closest friend. Whatever he has written down, it is safe to assume, is what the bum is saying about you behind your back. If you don't like his list, your first resolve should be to get a new friend, one you can trust not to be so honest.

The chances are your enemy merely has written down, "The best way to improve yourself in 1957 is to drop dead." Resist this temptation. To obey it will get you nowhere.

Instead, resolve to forgive your enemy. Go even further. Really bring him into your circle. Bind him to you. The best way to do this is to borrow money from him. Then he'll really have your interest at heart—and his principal.

Next take up the lists made by those who know you at your best and worst—your wife, mother and bartender. Naturally their lists will be long, and it would be impossible to correct in one lifetime all the things they know are wrong with you.

The thing to do is to check the defects that appear on all three lists and resolve to correct them immediately. Certainly anything about you that offends your mother, wife and bartender needs your urgent attention.

Last, take the boss' list. If he merely has written, "Why, Joe, you're all right as you are," make a quick resolution to hit him for a raise on Jan. 2.

On the other hand, if he lists more than 10 of your bad habits, the odds are he suspects 10 more. You should resolve to look for a new job right away. There's enough trouble in life already without having to work for a boss you can't fool.

The Tightness of Money

By George Sokolsky

What is actually happening in this country is that more money is needed to finance the growth and expansion of existing enterprises and the development of new enterprises than the current reservoirs of savings can provide.

Therefore the demand for money is greater than the supply and the money market has become abnormally tight. In such a period the market value of bonds goes down which has been happening for some time.

The huge influx of foreign-owned American dollars into the American money market is due to two causes: 1. This is till the safest place for private capital for investment; 2. The constant need for more capital to keep American industry going and the drying up of indigenous reservoirs of capital because of exorbitant taxes, makes this market attractive.

The answer to this problem is to reduce government expenditures by about 10 billion dollars and to reduce income taxes accordingly. The Hoover Commission has indicated in its various reports how government expenditures can be cut without impairing any essential services. While lip service has been paid to the work of the Hoover Commission, savings in government expenditures have not been made and probably will not be made in view of the additional expenditures due to the middle east war, for much of which the United States is bound to pay, if only because no other country has the money or the will to pay.

The clearing of the Suez Canal has now become our problem, as we have backed Nasser and rejected the British and the French. Nasser has no money to clear the Suez Canal and his Russian ally already has announced that he will not contribute a ruble for that purpose. The United Nations Organization has no money except such as is contributed by its members. Therefore, it will come down to the United States, directly or indirectly, paying for clearing the Suez Canal, at a time when financial husbandry demands that our government cut its expenses. The American economy is too taut to take on much more.

At the same time, we are expected to pay one-third of the cost of the UNEF which is taking over the guarding of the canal and as a war - preventative force between Egypt and Israel; before long a similar force will probably have to be stationed between Syria and Israel, and between Syria and Iraq. The United Nations has 79 members; why should the United States pay one - third? The answer, of course, is that this country is a good - natured Charley who grabs the tab so fast that no one has a chance even to be reluctant.

So, it is to be assumed from the state of affairs that we shall not have a cut in government expenditures and that we shall not have a cut in income taxes, and that we shall not have a cut in excises, and that we shall be very lucky indeed if we do not have an increase in taxes.

That, of course, means that realistically our earnings are not what they appear to be but are the face - value figure minus all taxes, excises, fees, etc., which go to the federal, state and municipal governments. The individual, like his government, is profligate in the United States, never cutting his coat to his cloth, but stretching beyond his means by installment buying which has now become so universal that the average family indebtedness is beyond the average family savings, making for the shortness of risk capital.

In this connection, a correspondent from Belfast, Maine, writes me: ". . .But you do not go on to tell us what the dollar of today actually is. You did not know. Nor does anybody know. And that fact lies at the bottom of most of our financial perplexities. We are in the position of a carpenter trying to build a house to specifications with the help of an elastic foot rule."

That is so true. The dollar is an unsecured promissory note which agrees to pay in dollars the equivalent of the note. But what is the dollar? If the dollar is held in London or Amsterdam or Zurich or anywhere abroad it can be exchanged for gold; but not in the United States where the possession of specie is against the law, placing the American at a disadvantage to his foreign competitor.

Round about Fayette County

B. E. KELLEY

Charles Cline, son of Mr. and Mrs. Harold Cline of Pleasant View, who is a sophomore in Jeffersonville High School, has a sow that gave birth to a litter of 14 pigs, one of which disappeared. The remaining 13, at the age of 56 days, weighed a total of 509 pounds — which is regarded as outstanding.

Last year the same sow, which is mixed with the Minnesota meat type hogs, produced a litter which weighed more than a ton in 180 days, so that Charles was in the Ton Litter Club. He also was enrolled in the Pork Producers Club.

The present pigs are said to be about twice the size the pigs which made the ton litter rating last year were at the same age.

Charles is about 14 years of age, and judging by his achievement in raising hogs, has a bright future ahead as a champion pork producer.

FRANKFORT CURFEW

A few nights ago while visiting in Frankfort, I heard a loud siren blast and was informed that it is the 9 o'clock curfew in force in the town. All youngsters must be off the streets at that hour or be picked up and they and their parents taken before the mayor to show cause why the youngsters were prowling the streets after the curfew sounded. If accompanied by their parents after the curfew sounds, they are O. K.

Not too many years ago there was a curfew bell here, and when it was enforced, depredations by youngsters were reduced to a minimum.

Numerous towns in Ohio have the curfew bells or sirens, and reports indicate they have done much to keep boys and girls under 16 years of age, out of mischief.

* * *

OLD WHEELS GONE

Passing the old abandoned Rattlesnake school house, on Miami Trace Rd., a short distance north of the bridge over the B&O and Pennsylvania railroads at Glendon, I halted to see if some old corn planter wheels were still about the base of the two hackberry trees and an ash tree in the school house yard.

The wheels had been placed about the trees when they were quite small, by Oliver S. Nelson, who was teacher of the school at the time, as I recall, and the trees grew until they nearly filled the iron rims.

It seems that a few years ago the wheels were removed from the trees, which are now well over two feet in diameter.

The wheels were placed about the trees some 50 to 60 years ago, as far as I am able to ascertain, as a protection to the little trees.

* * *

MIAMI TRACE ROAD

Miami Trace Road was one of the first traces or primitive roadways in Fayette County, and was a link connecting with the road which enters Fayette County from Ross County southeast of Good Hope. It extends across the county to what is now the Jamestown Rd., or Route 35, west. It is the first road south of Good Hope, extends westward through Rock Mills, crosses the New Martinsburg Rd., at the Hoppes land, and the Buena Vista Rd., two miles north of Buena Vista, thence it goes northward across Route 35 near White Oak Church across the Worthington and Snow Hill roads and the CCC Highway (Route 22) at Glendon; and finally northwestward to Milledgeville, thence to Route 35 and west on 35 into Greene County.

It was an important road for many years, and carried much "through traffic" in the days when most people rode horseback or went by primitive vehicles.

At some of the points where the road crossed streams, fords were established, and later wooden bridges were erected.

* * *

A HORSE TRADER

One of the most colorful characters in the days when trading horses was one of the chief vocations of many persons was Fred Howard.

I knew Fred well, and often listened to him tell of some of his unusual experiences. He had a pronounced impediment in his speech and sometimes tried a half dozen times before he could say what he intended. He was in his heyday about 45 to 50 years ago.

Fred told me about buying a "skate" horse on "trade alley" and taking it home. He placed the horse in the barn and next morning when he went out to feed it, the horse was dead.

Fred had only a few dollars invested in the animal, but a few dollars meant a great deal to Fred, and he came up town feeling pretty blue.

He met a man whom he knew was a great trader, and who had seen Fred with the "skate horse" the day before.

The man said to Fred: "Want to sell that horse you bought yesterday?" "I'll sell anything," Fred replied, "and will take $10 for it, just it is."

The man paid Fred the $10 went to get the horse, found it dead and came back to Fred for his $10.

"I sold you that horse for $10 just as he was and that's all there is to it," Fred told him.

Miami Students Labeled 'Hazards' By Police Chief

OXFORD, Ohio (AP)—The Miami University student is "the principal hazard to traffic safety in Oxford," Police Chief C. H. Wassenich said today.

He said that if other motorists did not drive carefully in the campus area "we would have injuries to students because of their carelessness." As for students, he added:

"They walk across intersections against red lights. They jaywalk wherever they please. And they ride bikes through lights as if they aren't there."

The chief's comments were inspired by an editorial in Miami Student, campus newspaper, which charged that his department had failed to enforce traffic regulations.

Wardens Tap Chief

COLUMBUS (AP)—The Ohio County Dog Wardens Assn. Wednesday elected Harold Van Rhoden of Mount Vernon as president.

Canal Winchester Rocked by Blast

COLUMBUS (AP)—Dozens of persons were evacuated and stores closed Wednesday in nearby Canal Winchester when a new $20,000 service station was destroyed and three persons injured in an explosion.

Fire Chief Joseph Root of the Madison Twp. Fire Department said the blast was caused by gasoline leaking from a storage tank into the basement of the building.

Alner W. Justus, 51, Columbus, a maintenance man for the Standard Oil Co., was seriously hurt.

Robert Secre[illegible] 39, owner of the station which was built four months ago, and Robert Blosser, 27, his employe, are fair.

Special Grand Jury Ponders Stabbing

GREENFIELD (AP)—A special session of the Highland County grand jury, called Wednesday, is considering a first degree murder charge against Robert E. Curtis, 22.

He is accused of the fatal stabbing and robbery of Durward E. Perry, 51, local tax company operator, Saturday night.

Diplomats Ask ILA To Halt Its Ban

NEW YORK (AP) — The State Department has asked the International Longshoremen's Assn. (Ind) to halt an unofficial ban on handling baggage belonging to diplomats from Russia and other Iron Curtain countries.

The request was made Wednesday during a conference between state department and ILA officials.

William V. Bradley, ILA president, asked that the department submit a formal request in the form of a letter.

Longshoremen have been refusing to handle baggage of Iron Curtain diplomats arriving or departing from this country.

Lots of Licenses

SACRAMENTO, Calif., (AP) — There were 6,721,409 driver's licenses in California as of mid - 1956. Of the total, 6,309,372 were operators' licenses and 412,037 were chauffeurs' permits.

Round about Fayette County

B. E. KELLEY

Charles Cline, son of Mr. and Mrs. Harold Cline of Pleasant View, who is a sophomore in Jeffersonville High School, has a sow that gave birth to a litter of 14 pigs, one of which disappeared. The remaining 13, at the age of 56 days, weighed a total of 509 pounds — which is regarded as outstanding.

Last year the same sow, which is mixed with the Minnesota meat type hogs, produced a litter which weighed more than a ton in 180 days, so that Charles was in the Ton Litter Club. He also was enrolled in the Pork Producers Club.

The present pigs are said to be about twice the size the pigs which made the ton litter rating last year were at the same age.

Charles is about 14 years of age, and judging by his achievement in raising hogs, has a bright future ahead as a champion pork producer.

FRANKFORT CURFEW

A few nights ago while visiting in Frankfort, I heard a loud siren blast and was informed that it is the 9 o'clock curfew in force in the town. All youngsters must be off the streets at that hour or be picked up and they and their parents taken before the mayor to show cause why the youngsters were prowling the streets after the curfew sounded. If accompanied by their parents after the curfew sounds, they are O. K.

Not too many years ago there was a curfew bell here, and when it was enforced, depredations by youngsters were reduced to a minimum.

Numerous towns in Ohio have the curfew bells or sirens, and reports indicate they have done much to keep boys and girls under 16 years of age, out of mischief.

* * *

OLD WHEELS GONE

Passing the old abandoned Rattlesnake school house, on Miami Trace Rd., a short distance north of the bridge over the B&O and Pennsylvania railroads at Glendon, I halted to see if some old corn planter wheels were still about the base of the two hackberry trees and an ash tree in the school house yard.

The wheels had been placed about the trees when they were quite small, by Oliver S. Nelson, who was teacher of the school at the time, as I recall, and the trees grew until they nearly filled the iron rims.

It seems that a few years ago the wheels were removed from the trees, which are now well over two feet in diameter.

The wheels were placed about the trees some 50 to 60 years ago, as far as I am able to ascertain, as a protection to the little trees.

* * *

MIAMI TRACE ROAD

Miami Trace Road was one of the first traces or primitive roadways in Fayette County, and was a link connecting with the road which enters Fayette County from Ross County southeast of Good Hope. It extends across the county to what is now the Jamestown Rd., or Route 35, west. It is the first road south of Good Hope, extends westward through Rock Mills, crosses the New Martinsburg Rd., at the Hoppes land, and the Buena Vista Rd., two miles north of Buena Vista, thence it goes northward across Route 35 near White Oak Church across the Worthington and Snow Hill roads and the CCC Highway (Route 22) at Glendon; and finally northwestward to Milledgeville, thence to Route 35 and west on 35 into Greene County.

It was an important road for many years, and carried much "through traffic" in the days when most people rode horseback or went by primitive vehicles.

At some of the points where the road crossed streams, fords were established, and later wooden bridges were erected.

* * *

A HORSE TRADER

One of the most colorful characters in the days when trading horses was one of the chief vocations of many persons was Fred Howard.

I knew Fred well, and often listened to him tell of some of his unusual experiences. He had a pronounced impediment in his speech and sometimes tried a half dozen times before he could say what he intended. He was in his heyday about 45 to 50 years ago.

Fred told me about buying a "skate" horse on "trade alley" and taking it home. He placed the horse in the barn and next morning when he went out to feed it, the horse was dead.

Fred had only a few dollars invested in the animal, but a few dollars meant a great deal to Fred, and he came up town feeling pretty blue.

He met a man whom he knew was a great trader, and who had seen Fred with the "skate horse" the day before.

The man said to Fred: "Want to sell that horse you bought yesterday?" "I'll sell anything," Fred replied, "and will take $10 for it, just it is."

The man paid Fred the $10 went to get the horse, found it dead and came back to Fred for his $10.

"I sold you that horse for $10 just as he was and that's all there is to it," Fred told him.

Miami Students Labeled 'Hazards' By Police Chief

OXFORD, Ohio (AP)—The Miami University student is "the principal hazard to traffic safety in Oxford," Police Chief C. H. Wassenich said today.

He said that if other motorists did not drive carefully in the campus area "we would have injuries to students because of their carelessness." As for students, he added:

"They walk across intersections against red lights. They jaywalk wherever they please. And they ride bikes through lights as if they aren't there."

The chief's comments were inspired by an editorial in Miami Student, campus newspaper, which charged that his department had failed to enforce traffic regulations.

Wardens Tap Chief

COLUMBUS (AP)—The Ohio County Dog Wardens Assn. Wednesday elected Harold Van Rhoden of Mount Vernon as president.

Mrs. Harold Ross Is Hostess To Canasta Club

Mrs. Harold Ross was a congenial hostess Wednesday evening when she entertained her one table of canasta.

The home was decorated beautifully in a Christmas theme and the dessert course the hostess served carried out the Yuletide colors.

Mrs. Norman D. Troute received the trophy for high score with Mrs. Jack West receiving the prize for low score.

The fourth member of the table is Mrs. James Baughn, Jr.

* * *

Blue Birds Hold Meeting

The meeting of the Goldilocks Blue Bird group, with a perfect attendance of members was held at the home of the leader, Mrs. James Hixon with Mrs. Herbert Sollars, assistant leader, also present.

The girls made jewelry boxes as gifts for their mothers for Christmas.

Plans were made to bring food and clothing to the next meeting to be given to a worthy family at Christmas.

Mrs. Ted Warner, Mrs. Bernard Huffman and Mrs. William Hunt will entertain at a Christmas Party at the Warner home on Tuesday, Dec. 18.

The meeting was closed with the Friendship Circle and light refreshments were served by Mrs. Hixon.

It is estimated that it took fish some 250 million years to develop into their present form and learn to swim.

Personals

Mrs. Ivah Dill and Mr. Jean Nisley returned Thursday from California where they visited for the past few weeks. Mrs. Dill was the guest of her son, Mr. Howard Dill in Los Angeles and Mr. Nisley visited at the home of his daughter Mrs. Duane Denney, Mr. Denney and their family in Rodondo Beach. Mrs. Nisley who accompanied Mrs. Dill to the West Coast remained for a longer visit.

* * *

Mrs. Fred M. Mark left Wednesday evening for Wilmington, Delaware, where she will visit over Christmas and the holidays with her daughter, Mrs. Urban Pizzala, Mr. Pizzala and family.

* * *

Mrs. J. W. Hagans of West Salem is visiting this week as the guest of her daughter, Mrs. Clarence Maddox and family.

Lioness Club Entertains at Dinner Dance

The Washington C. H. Lioness Club held its annual dinner - dance at the Country Club. The evening was early turned to a festive atmosphere by the activities carried out by the Tail - Twister, Mrs. Thomas S. Christopher.

The beauty of the decorations brought many exclamations of appreciation. Instead of the usual colors of Christmas, the Committee had developed its entire scheme by using the colors of pink and silver. Overhead, hung pink and silver Mexican pinata, filled not with the usual candy and toys, but with pink Christmas ball - ornaments. Each table seating the group for the delicious dinner had pink candles in silver holders surrounded by a quantity of Angel's hair, deep rose in color, and pink Christmas balls. The president's table was adorned with a large silver wreath, holding a tall, rectangular pink candle. All the decorations were connected in one beautiful picture by sprays of evergreen down the center of the tables. At the end of the clubroom, the theme on the table was a winter snow-scene around an attractively iced gingerbread - house.

Before the guests were seated, America was sung, the pledge to the flag was given, and Mrs. Harry Thrailkill gave the Christmas invocation.

Between courses, Mrs. Wayne Bower and Mrs. Byers W. Shaw entertained with a skit in which two women each had the idea that she was to make a speech, and each was positive the flowery introduction of the speaker made by Mrs. Christopher applied to her personally and the result was, that each tried to speak at the same time. After utter confusion, they agreed to alternate sentence by sentence and the results were riotous.

At the conclusion of the dinner, the President of Lioness, Mrs. Ray French, welcomed the husbands of Lionesses and guests. She introduced Mr. John Breiner, the president of Lions Club who thanked the Lioness Club for the party.

Mrs. French thanked the committee for arranging the dinner program and decorations so effectively and also presented each member of the committee: Chairman, Mrs. Robert Lytton, Mrs. Langdon McCoy, Mrs. Harry Thrailkill, Mrs. Joseph M. Herbert and Mrs. John Sagar, Jr.

WSCS Holds Yule Meeting At Corzatt Home

The December meeting of the Buena Vista WSCS was highlighted with a covered dish luncheon Christmas party and gift exchange at the home of Mrs. Edward Corzatt Wednesday afternoon.

The home of the hostess was decorated throughout with Christmas suggestions and the sumptuous meal was enjoyed at small tables centered with candles.

The afternoon meeting was opened with impressive devotions led by Rev. C. A. Arthur who read the Christmas stories from St. Luke and St. Matthew and offered prayer.

The group sang Christmas carols accompanied by Mrs. Charles Vandyke and the president, Miss Margaret Haines presided over the business session during which the usual reports were heard and it was decided to send the pledge to missions.

Roll call was responded to by nine members who gave a Christmas greeting and activities reported were eighteen cards sent, three calls made and two flowers sent.

At the close of the meeting the members enjoyed a gift exchange around a beautifully decorated and lighted tree.

Guests included were: Mrs. Cleo Nilan, Mrs. Carl Haines, Mrs. Harold Haines and Rev. Arthur.

Two new members of Lioness Club, Mrs. Talmadge Taylor and Mrs. Maynard Wilson and their husbands were introduced.

Then Mrs. French asked for introduction of guests and the following guests were presented: Miss Betty Carpenter, Mr. John Scott, Mr. and Mrs. Dwight Coffman, Mr. and Mrs. Willis Coffman, Mr. and Mrs. John Ellcessor, Mr. and Mrs. Richard Ferneau, Mr. and Mrs. Jack Flax, Mr. and Mrs. Neil Helfrich, Mr. and Mrs. Joseph Maynard, Mr. and Mrs. Robert Minshall, Mr. and Mrs. Walter Morrow, Mr. and Mrs. Lee Mossbarger, Mr. and Mrs. David Ogan, Dr. and Mrs. Hugh Payton, Mr. and Mrs. James Perrill, Mr. and Mrs. Jessee Persinger, Jr., Mr. and Mrs. Walter Rettig, Mr. and Mrs. Charles Shaper, Mr. and Mrs. Cecil West, Mr. and Mrs. Robert H. Willis.

Mrs. French then turned the meeting over to Mrs. Lytton who invited everyone to have a good time by enjoying dancing to the music, provided by Richard Kellough's orchestra.

The first kilts worn in Scotland were made from unsewn pieces of tartan, two yards wide and four to six yards long.

Turkey Dinner Precedes Club's Christmas Party

Mrs. Albert Bryant was hostess to sixteen members of the Sugar Grove Home Demonstration Club for the annual Christmas Party and gift exchange which was highlighted with a sumptuous turkey dinner served at the noon hour.

"The home of the hostess was effectively decorated with elaborate Christmas suggestions for the occasion, and following the dinner hour, Mrs. Carrie Wilson, president, conducted a brief business session which included roll call and the usual reports.

Mrs. Eddie Sexton was welcomed as a new member and plans were made to assist a worthy family at Christmas with contributions made by members.

At the close of the meeting the group enjoyed an exchange of gifts around a lighted Christmas tree and the gifts were handmade articles.

The remainder of the afternoon was spent in making Christmas corsages.

Mrs. Willard Bonham assisted Mrs. Bryant in the hospitalities.

Guests included were: Mrs. Ulric Acton, Mrs. Charles Coffman and Mrs. Elmer Smith.

Morning Milk Arrives Via Special Delivery

READING, Pa. (AP) — Mrs. Maurice Fetterman likes her milk delivered but she was indignant when someone delivered a bottle through the kitchen window.

A neighbor told police two boys tossed the bottle and then fled. Mrs. Fetterman could give no reason for the unusual delivery.

IT'S SO EASY TO PLACE A WANT AD.

Marriage Is Announced

Mr. and Mrs. John Schiller announce the marriage of their daughter Marilyn, to Mr. Edward Knisley, son of Mr. and Mrs. Clem Knisley of London.

The wedding was an event of November 17 and was solemnized in the Church of Christ in Liberty, Indiana, with Rev. R. E. Dowden officiating at the double ring ceremony.

Mr. and Mrs. Charles Roark of London, brother-in-law and sister of the bridegroom were the attendants.

The bride chose for her marriage a beige faille dress with matching accessories.

The new Mrs. Knisley, a graduate of Washington C. H. High School in the class of 1955, has been employed in the credit department of the Montgomery Ward Company for the past year.

Mr. Knisley attended Midway High School and is engaged in farming.

They expect to establish their home in Big Plains near London in the near future.

* * *

Blue Birds Hold Meeting

Seventeen members of the Cheery Blue Bird group of Cherry Hill School met at the school with their leader, Mrs. Lowell Dodds.

The girls completed the making of Christmas cards for their parents and later sang a group of Christmas carols.

The meeting was closed with the Friendship Circle and Marjorie Roszmann and Lana Jamison, the two young hostesses, served light refreshments.

One new member, Noreen Moore, was welcomed into the group.

Dinner Precedes Class Meeting

A covered dish dinner at the home of Mrs. Bess Seaman preceded the December meeting of the Home Builders Class of the Madison Mills Methodist Church.

Following the dinner, Mr. Edwin Smith, president, called the meeting to order and following the singing of a Christmas carol Mrs. Smith led in the devotions which included the reading of the Christmas Story found in St. Luke and the following readings: "A Place For You," by Mrs. Wayne Shobe; "Release The Brakes," by Mr. Leland Dorn; "Gifts of Kindness and Service," by Mr. Glenn Hidy and "Christmas For Grownups," by Mrs. H. W. Melvin. Mrs. Herbert Ricketts led in prayer to close this period.

Roll call was responded to by 27 members and the usual reports were heard.

Plans were made to serve refreshments following the Christmas program at the church, Dec. 23 at 8 p. m.

The president appointed Mrs. Bess Seaman, chairman, Mrs. Albert Schmidt and Mrs. Glenn Hidy to be in charge of the making up of the calendar for the new year.

Mrs. Walter Butcher extended an invitation to the group to meet at their home in January.

The praying of the Lord's Prayer closed the meeting and Mrs. Harold Knisley was in charge of the program presenting Barbara Smith who sang "Rudolph The Red Nosed Reindeer," and Sierra Smith singing "Silver Bells."

Judy Kneisley gave a Christmas Story and Linda Seaman recited "Tommy's Letter to Santa," to close the program.

The name circus comes from the circuit made by the horses and chariots as they raced in the ancient Roman games.

Couple Plans Feb. 3 Wedding

MISS LILLIAN ROSE BERRY

The engagement and approaching marriage of Miss Lillian Rose Berry to Pfc. Richard L. Haines is being announced.

Miss Berry is the daughter of Mr. and Mrs. Elmer R. Berry of Richwood and Pfc. Haines' parents are Mr. and Mrs. W. A. Haines, 742 Washington Ave.

The bride-elect is a graduate of the Byhalia - York High School, and is a student at Bowling Green University, where she is affiliated with Delta Zeta Social Sorority.

Pfc. Haines, a graduate of Atlanta High School, attended Ohio University and is stationed at Fort Meyer, Virginia, with the U. S. Signal Corps.

The open church wedding will be an event of Feb. 3, in the Byhalia Methodist Church.

Mrs. Harold Ross Is Hostess To Canasta Club

Mrs. Harold Ross was a congenial hostess Wednesday evening when she entertained her one table of canasta.

The home was decorated beautifully in a Christmas theme and the dessert course the hostess served carried out the Yuletide colors.

Mrs. Norman D. Troute received the trophy for high score with Mrs. Jack West receiving the prize for low score.

The fourth member of the table is Mrs. James Baughn, Jr.

Blue Birds Hold Meeting

The meeting of the Goldilocks Blue Bird group, with a perfect attendance of members was held at the home of the leader, Mrs. James Hixon with Mrs. Herbert Sollars, assistant leader, also present.

The girls made jewelry boxes as gifts for their mothers for Christmas.

Plans were made to bring food and clothing to the next meeting to be given to a worthy family at Christmas.

Mrs. Ted Warner, Mrs. Bernard Huffman and Mrs. William Hunt will entertain at a Christmas Party at the Warner home on Tuesday, Dec. 18.

The meeting was closed with the Friendship Circle and light refreshments were served by Mrs. Hixon.

It is estimated that it took fish some 250 million years to develop into their present form and learn to swim.

Personals

Mrs. Ivah Dill and Mr. Jean Nisley returned Thursday from California where they visited for the past few weeks. Mrs. Dill was the guest of her son, Mr. Howard Dill in Los Angeles and Mr. Nisley visited at the home of his daughter Mrs. Duane Denney, Mr. Denney and their family in Rodondo Beach. Mrs. Nisley who accompanied Mrs. Dill to the West Coast remained for a longer visit.

* * *

Mrs. Fred M. Mark left Wednesday evening for Wilmington, Delaware, where she will visit over Christmas and the holidays with her daughter, Mrs. Urban Pizzala, Mr. Pizzala and family.

* * *

Mrs. J. W. Hagans of West Salem is visiting this week as the guest of her daughter, Mrs. Clarence Maddox and family.

Lioness Club Entertains at Dinner Dance

The Washington C. H. Lioness Club held its annual dinner - dance at the Country Club. The evening was early turned to a festive atmosphere by the activities carried out by the Tail - Twister, Mrs. Thomas S. Christopher.

The beauty of the decorations brought many exclamations of appreciation. Instead of the usual colors of Christmas, the Committee had developed its entire scheme by using the colors of pink and silver. Overhead, hung pink and silver Mexican pinata, filled not with the usual candy and toys, but with pink Christmas ball - ornaments. Each table seating the group for the delicious dinner had pink candles in silver holders surrounded by a quantity of Angel's hair, deep rose in color, and pink Christmas balls. The president's table was adorned with a large silver wreath, holding a tall, rectangular pink candle. All the decorations were connected in one beautiful picture by sprays of evergreen down the center of the tables. At the end of the clubroom, the theme on the table was a winter snow-scene around an attractively iced gingerbread - house.

Before the guests were seated, America was sung, the pledge to the flag was given, and Mrs. Harry Thrailkill gave the Christmas invocation.

Between courses, Mrs. Wayne Bower and Mrs. Byers W. Shaw entertained with a skit in which two women each had the idea that she was to make a speech, and each was positive the flowery introduction of the speaker made by Mrs. Christopher applied to her personally and the result was, that each tried to speak at the same time. After utter confusion, they agreed to alternate sentence by sentence and the results were riotous.

At the conclusion of the dinner, the President of Lioness, Mrs. Ray French, welcomed the husbands of Lionesses and guests. She introduced Mr. John Breiner, the president of Lions Club who thanked the Lioness Club for the party.

Mrs. French thanked the committee for arranging the dinner program and decorations so effectively and also presented each member of the committee: Chairman, Mrs. Robert Lytton, Mrs. Langdon McCoy, Mrs. Harry Thrailkill, Mrs. Joseph M. Herbert and Mrs. John Sagar, Jr.

WSCS Holds Yule Meeting At Corzatt Home

The December meeting of the Buena Vista WSCS was highlighted with a covered dish luncheon Christmas party and gift exchange at the home of Mrs. Edward Corzatt Wednesday afternoon.

The home of the hostess was decorated throughout with Christmas suggestions and the sumptuous meal was enjoyed at small tables centered with candles.

The afternoon meeting was opened with impressive devotions led by Rev. C. A. Arthur who read the Christmas stories from St. Luke and St. Matthew and offered prayer.

The group sang Christmas carols accompanied by Mrs. Charles Vandyke and the president, Miss Margaret Haines presided over the business session during which the usual reports were heard and it was decided to send the pledge to missions.

Roll call was responded to by nine members who gave a Christmas greeting and activities reported were eighteen cards sent, three calls made and two flowers sent.

At the close of the meeting the members enjoyed a gift exchange around a beautifully decorated and lighted tree.

Guests included were: Mrs. Cleo Nilan, Mrs. Carl Haines, Mrs. Harold Haines and Rev. Arthur.

Two new members of Lioness Club, Mrs. Talmadge Taylor and Mrs. Maynard Wilson and their husbands were introduced.

Then Mrs. French asked for introduction of guests and the following guests were presented: Miss Betty Carpenter, Mr. John Scott, Mr. and Mrs. Dwight Coffman, Mr. and Mrs. Willis Coffman, Mr. and Mrs. John Ellcessor, Mr. and Mrs. Richard Ferneau, Mr. and Mrs. Jack Flax, Mr. and Mrs. Neil Helfrich, Mr. and Mrs. Joseph Maynard, Mr. and Mrs. Robert Minshall, Mr. and Mrs. Walter Morrow, Mr. and Mrs. Lee Mossbarger, Mr. and Mrs. David Ogan, Dr. and Mrs. Hugh Payton, Mr. and Mrs. James Perrill, Mr. and Mrs. Jessee Persinger, Jr., Mr. and Mrs. Walter Rettig, Mr. and Mrs. Charles Shaper, Mr. and Mrs. Cecil West, Mr. and Mrs. Robert H. Willis.

Mrs. French then turned the meeting over to Mrs. Lytton who invited everyone to have a good time by enjoying dancing to the music, provided by Richard Kellough's orchestra.

The first kilts worn in Scotland were made from unsewn pieces of tartan, two yards wide and four to six yards long.

Turkey Dinner Precedes Club's Christmas Party

Mrs. Albert Bryant was hostess to sixteen members of the Sugar Grove Home Demonstration Club for the annual Christmas Party and gift exchange which was highlighted with a sumptuous turkey dinner served at the noon hour.

The home of the hostess was effectively decorated with elaborate Christmas suggestions for the occasion, and following the dinner hour, Mrs. Carrie Wilson, president, conducted a brief business session which included roll call and the usual reports.

Mrs. Eddie Sexton was welcomed as a new member and plans were made to assist a worthy family at Christmas with contributions made by members.

At the close of the meeting the group enjoyed an exchange of gifts around a lighted Christmas tree and the gifts were handmade articles.

The remainder of the afternoon was spent in making Christmas corsages.

Mrs. Willard Bonham assisted Mrs. Bryant in the hospitalities.

Guests included were: Mrs. Ulric Acton, Mrs. Charles Coffman and Mrs. Elmer Smith.

Morning Milk Arrives Via Special Delivery

READING, Pa. (AP) — Mrs. Maurice Fetterman likes her milk delivered but she was indignant when someone delivered a bottle through the kitchen window.

A neighbor told police two boys tossed the bottle and then fled. Mrs. Fetterman could give no reason for the unusual delivery.

IT'S SO EASY TO PLACE A WANT AD.

Marriage Is Announced

Mr. and Mrs. John Schiller announce the marriage of their daughter Marilyn, to Mr. Edward Knisley, son of Mr. and Mrs. Clem Knisley of London.

The wedding was an event of November 17 and was solemnized in the Church of Christ in Liberty, Indiana, with Rev. R. E. Dowden officiating at the double ring ceremony.

Mr. and Mrs. Charles Roark of London, brother-in-law and sister of the bridegroom were the attendants.

The bride chose for her marriage a beige faille dress with matching accessories.

The new Mrs. Knisley, a graduate of Washington C. H. High School in the class of 1955, has been employed in the credit department of the Montgomery Ward Company for the past year.

Mr. Knisley attended Midway High School and is engaged in farming.

They expect to establish their home in Big Plains near London in the near future.

* * *

Blue Birds Hold Meeting

Seventeen members of the Cheery Blue Bird group of Cherry Hill School met at the school with their leader, Mrs. Lowell Dodds.

The girls completed the making of Christmas cards for their parents and later sang a group of Christmas carols.

The meeting was closed with the Friendship Circle and Marjorie Roszmann and Lana Jamison, the two young hostesses, served light refreshments.

One new member, Noreen Moore, was welcomed into the group.

Dinner Precedes Class Meeting

A covered dish dinner at the home of Mrs. Bess Seaman preceded the December meeting of the Home Builders Class of the Madison Mills Methodist Church.

Following the dinner, Mr. Edwin Smith, president, called the meeting to order and following the singing of a Christmas carol Mrs. Smith led in the devotions which included the reading of the Christmas Story found in St. Luke and the following readings: "A Place For You," by Mrs. Wayne Shobe; "Release The Brakes," by Mr. Leland Dorn; "Gifts of Kindness and Service," by Mr. Glenn Hidy and "Christmas For Grownups," by Mrs. H. W. Melvin. Mrs. Herbert Ricketts led in prayer to close this period.

Roll call was responded to by 27 members and the usual reports were heard.

Plans were made to serve refreshments following the Christmas program at the church, Dec. 23 at 8 p. m.

The president appointed Mrs. Bess Seaman, chairman, Mrs. Albert Schmidt and Mrs. Glenn Hidy to be in charge of the making up of the calendar for the new year.

Mrs. Walter Butcher extended an invitation to the group to meet at their home in January.

The praying of the Lord's Prayer closed the meeting and Mrs. Harold Knisley was in charge of the program presenting Barbara Smith who sang "Rudolph The Red Nosed Reindeer," and Sierra Smith singing "Silver Bells."

Judy Kneisley gave a Christmas Story and Linda Seaman recited "Tommy's Letter to Santa," to close the program.

The name circus comes from the circuit made by the horses and chariots as they raced in the ancient Roman games.

Jeffersonville Masons Install New Officers

The Masonic Lodge at Jeffersonville today was starting out another year under the guidance of its new officers and in a temple that was completely refurbished during the past year.

The installation ceremonies were conducted at this week's regular meeting by two past masters, Justin Owens and Charles Seibert.

The new officers are M. C. Creamer, worshipful master; Marshall Jones, senior warden; Ralph Detty, junior warden; Ray Shoemaker, treasurer; George Smith, secretary; Charles Seibert, chaplain; Kenneth Mickle, senior deacon; Harry R. Allen, junior deacon; Robert Fichthorn, trustee; J. W. Sears, tyler; Robert Bowen, senior steward, and Charles Milstead, junior steward.

Sears, who had served three terms as master, was commended for his leadership in the lodge and received a past master's ring from the lodge members as a token of their appreciation.

* * *

REGULAR LODGE meetings are held the second and fourth Tuesday of each month.

While the installation ceremonies were held in the third floor lodge hall that has been used for this purpose for years, refreshments were served by the retiring master and his successor in the dining room on the second floor.

During the past year, the remodeling of the second floor was completed. Now there is a dining room, recreation room and a newly equipped kitchen where, for years, there was only a large empty room.

The Masonic Lodge occupies the second and third floors of the Milledgeville Bank Building on the northeast corner of Main and High Sts. in Jeffersonville.

More Hubcaps Stolen; Man Loses Billfold, $70

Alvin Stritenberger told police that someone had stolen three hubcaps from his 1953 Dodge Tuesday night while it was parked at his home on Gregg St.

L. H. Lower reported that he had lost his brown billfold, containing his driver's license and about $70, and asked that he be notified if it is found and brought to headquarters.

Special Grand Jury Session Called in Greenfield Killing

GREENFIELD (AP) A special session of the Highland County grand jury will be held Dec. 20 to consider the first degree murder charge against a former Fayette County laborer, Robert Lee Curtis, 22, who is charged with the fatal stabbing of cab operator Durwood E. (Bud) Perry, 51, during a $9 holdup in Greenfield last Saturday night.

Prosecutor Richard L. Davis, who announced the special session, said that the regular Jan. 21 meeting had been cancelled.

Curtis has admitted killing Perry, robbing him and dumping his body along Creek Rd., south of Greenfield police.

Meanwhile, Joseph Martina, and W. R. Maxey, of the Ohio Bureau of Criminal Investigation and Identification at London have examined the taxicab in which the stabbing occurred and are making other tests for evidence.

Highway Projects

(Continued from Page One)

pleted, he said.

The three - year $1,275,000 program is dwarfed by the interstate project for a super - highway across Ohio from the northeast to the southwest. Plans call for the divided four - lane, limited-access highway to follow the general route of the CCC Highway through Fayette County. That part in Fayette County alone would cost an estimated 20 million dollars.

* * *

RICHIE SAID the study now under way for this highway is progressing and explained that State Highway Department engineers will come here sometime in the future to discuss the plans with city and county officials. Inasmuch as the new highway would probably bypass Washington C. H., he said, the engineers also will confer with Chamber of Commerce directors. "We understand the Chamber of Commerce has a very good area development plan that will be considered, too," he added.

Richie did not say when the inter-state highway is scheduled for either start or finish, but he said some of the thoroughways in and near several cities are now under construction.

There are about 20,000 species of birds in the world.

Super Velveton paints your walls easier than you can wash them

One quick odorless coat makes a "dream room"! One quick water rinse cleans brush or roller!

Easiest of all flat wall paints to apply. Almost effortless painting action! New Super Velveton with Poly-Vin* makes decorating far more fun, easier than ever! And it's easy to clean brush or roller, too. Simply rinse with water.

Dries in 20 minutes. Paint in the morning, enjoy a colorful new room the same afternoon. Easy to touch up areas which are accidentally missed or marked. No worry about laps or streaks.

Scrubbable, velvet-smooth flat finish. No long wait before you can wash (or actually scrub) Super Velveton. No worry about fingerprints if you have small fry around the house.

Treats your sense of smell ever so gently. Super Velveton with Poly-Vin* is practically odorless. Paint in comfort, even with windows closed.

Economical, one-coat coverage. No primer needed. One gallon of Dean & Barry Super Velveton covers up to 500 sq. ft. —more than enough to do the average room. Use it over color-fast wallpaper, wallboard, plaster, interior masonry—most any surface.

Here at small cost are all the features you've ever wanted in a washable flat wall paint. Seeing is believing. See us soon!

Jeffersonville Masons Install New Officers

The Masonic Lodge at Jeffersonville today was starting out another year under the guidance of its new officers and in a temple that was completely refurbished during the past year.

The installation ceremonies were conducted at this week's regular meeting by two past masters, Justin Owens and Charles Seibert.

The new officers are M. C. Creamer, worshipful master; Marshall Jones, senior warden; Ralph Detty, junior warden; Ray Shoemaker, treasurer; George Smith, secretary; Charles Seibert, chaplain; Kenneth Mickle, senior deacon; Harry R. Allen, junior deacon; Robert Fichthorn, trustee; J. W. Sears, tyler; Robert Bowen, senior steward, and Charles Milstead, junior steward.

Sears, who had served three terms as master, was commended for his leadership in the lodge and received a past master's ring from the lodge members as a token of their appreciation.

* * *

REGULAR LODGE meetings are held the second and fourth Tuesday of each month.

While the installation ceremonies were held in the third floor lodge hall that has been used for this purpose for years, refreshments were served by the retiring master and his successor in the dining room on the second floor.

During the past year, the remodeling of the second floor was completed. Now there is a dining room, recreation room and a newly equipped kitchen where, for years, there was only a large empty room.

The Masonic Lodge occupies the second and third floors of the Milledgeville Bank Building on the northeast corner of Main and High Sts. in Jeffersonville.

More Hubcaps Stolen; Man Loses Billfold, $70

Alvin Stritenberger told police that someone had stolen three hubcaps from his 1953 Dodge Tuesday night while it was parked at his home on Gregg St.

L. H. Lower reported that he had lost his brown billfold, containing his driver's license and about $70, and asked that he be notified if it is found and brought to headquarters.

Special Grand Jury Session Called in Greenfield Killing

GREENFIELD (AP) A special session of the Highland County grand jury will be held Dec. 20 to consider the first degree murder charge against a former Fayette County laborer, Robert Lee Curtis, 22, who is charged with the fatal stabbing of cab operator Durwood E. (Bud) Perry, 51, during a $9 holdup in Greenfield last Saturday night.

Prosecutor Richard L. Davis, who announced the special session, said that the regular Jan. 21 meeting had been cancelled.

Curtis has admitted killing Perry, robbing him and dumping his body along Creek Rd., south of Greenfield police.

Meanwhile, Josepn Martina, and W. R. Maxey, of the Ohio Bureau of Criminal Investigation and Identification at London have examined the taxicab in which the stabbing occurred and are making other tests for evidence.

Highway Projects

(Continued from Page One)

pleted, he said.

The three - year $1,275,000 program is dwarfed by the interstate project for a super - highway across Ohio from the northeast to the southwest. Plans call for the divided four - lane, limited-access highway to follow the general route of the CCC Highway through Fayette County. That part in Fayette County alone would cost an estimated 20 million dollars.

* * *

RICHIE SAID the study now under way for this highway is progressing and explained that State Highway Department engineers will come here sometime in the future to discuss the plans with city and county officials. Inasmuch as the new highway would probably bypass Washington C. H., he said, the engineers also will confer with Chamber of Commerce directors. "We understand the Chamber of Commerce has a very good area development plan that will be considered, too," he added.

Richie did not say when the inter-state highway is scheduled for either start or finish, but he said some of the thoroughways in and near several cities are now under construction.

There are about 20,000 species of birds in the world.

Best sausage bulls $13 to $14.50; medium grades $11 to 13.00; heavy fat $10 to $12.50. Stock cattle trade about steady. Best calves and yearlings selling $18 to $19. No strictly choice kinds on sale. Medium grades $14 to $18.

Hog receipts 1004. Market 25 cents higher than Tuesday; 180 to 220 pounds $17.35 net; shoat market was very active, selling $14.50 to $17.25; pigs by the head $5.25 to $10.75; boars for slaughter $10; few light boars going back to the farms up to $11; 354 sows on sale, 400 lbs. and down $15.70 to $15.80; 400 - 450 lbs. $15.50; 450 - 500 lbs. $13.50. Heavier sows 500 pounds and up $12.30 to $12.90.

Lamb receipts 200. Top $20 to $20.50; good grades $17.10 to $19; feeders $12.50 to $17; aged ewes for slaughter $5.80.

Veal calf receipts 76. Top $28.25; good grades $24.50; medium $18 to $20; common kinds $10 to $15.

Cincinnati

CINCINNATI (AP) — USDA—Salable hogs 2,000; receipts mainly U. S. 2-3, 190-250 lb barrows and gilts; barrows and gilts moderately active; 15 higher; bulk U. S. 1-3, 190-220 lb 18.00; 220-235 lb 17.75; 235-250 lb 17.50; occasional 180-185 lb 17.75; sows steady; U. S. 1-3, 300-450 lb 13.75-14.50; 450-600 lb 13.00-13.75; boars unchanged and mostly 9.25.

Cattle 600; calves 100; trade for all classes slow; steers and heifers steady to weak; cows, bulls and vealers strong; part load mostly high good with few low choice around 872 lb steers 20.50; other packages good 900-1,000 lb steers 17.50-19.00; standard 15.00-16.50; good 700-800 lb heifers 17.00-18.00; utility and standard 12.00-16.00; utility cows 9.50-10.50; canners and cutters 7.50-9.50; utility and commercial bulls mostly 13.00-14.50; canners 10.00-11.00; good to low choice vealers 18.00 - 27.00; standard 15.00-18.00; few choice around 400 lb stocker steer calves 17.00; good heifers 14.00-15.00.

Sheep 200; slaughter classes steady; few lots good and choice 75-90 lb wooled lambs 18.00-20.00; utility to low good 15.00-17.00; cull to good ewes 3.00-4.00.

Chicago

CHICAGO (AP)—(USDA)—Salable hogs 11,000; moderately active; weak to 25 lower on butchers; but trade closed dull with few hundred head fully 25 or more lower late; sows moderately active steady, spots strong; No 2-3 190-240 lb 16.75-17.25; several lots No 1-2 190-220 lb sorted for grade 17.25-17.50; and 44 head lot No 1 200 lb 17.60; No 2-3 250-280 lb 16.25-16.75; few lots 290-310 lb 15.75-16.25; one lot No 3 around 375 lb butchers 15.25; No 2-3 200-170 lb 16.25-17.00; larger lots mixed grade 350-550 lb sows 14.00-15.25; lighter weights scarce.

Salable cattle 2,000; calves 200; fed steers and heifers slow; steady with Wednesday's average; cows uneven, mostly steady; bulls fully steady; vealers steady to 1.00 higher; several loads and lots good to average choice steers and yearlings 1175 lb down 17.50-21.75; part load 1200 lb 22.00; few loads high choice and prime still unsold; few lots standard steers 14.50-17.00; good and choice heifers 17.00-20.00; standard to low good heifers 14.00-16.50; utility and commercial cows 10.25 - 12.00; strong weight canner and cutter cows 9.00-10.50; light canners down to 8.00; utility and commercial bulls 13.50-14.50; good and choice vealers 19.00 - 23.00; standard grades 13.00-18.00.

Salable sheep 2,500; fairly active; lambs strong to mostly 25 higher; sheep steady; good to prime wooled lambs 89 - 104 lb 18.00-20.25; 1 deck prime natives scaling 109 lb to city butchers 21.00; cull to low good wooled lambs 10.00 - 17.50; choice and prime shorn lambs 95-102 lb with No 1 pelt 18.00-19.00 for two loads; cull to choice slaughter ewes 4.00-5.50.

Grain Market

OHIO CASH GRAIN

COLUMBUS, Ohio (AP) — Ohio Bureau of Markets' cash grain prices: No 2 wheat, strong to 2 cents higher, 2.27-2.30; No 2 ear corn, strong to 3 cents higher, 1.76-1.80 per 100 lbs; No 2 oats, mostly unchanged to 3 cents higher, .73-.76 per bushel; No 1 soybeans, unchanged to mostly 1 cent higher, 2.30-2.32 per bushel.

Super Velveton paints your walls easier than you can wash them

One quick odorless coat makes a "dream room"! One quick water rinse cleans brush or roller!

Easiest of all flat wall paints to apply. Almost effortless painting action! New Super Velveton with Poly-Vin* makes decorating far more fun, easier than ever! And it's easy to clean brush or roller, too. Simply rinse with water.

Dries in 20 minutes. Paint in the morning, enjoy a colorful new room the same afternoon. Easy to touch up areas which are accidentally missed or marked. No worry about laps or streaks.

Scrubbable, velvet-smooth flat finish. No long wait before you can wash (or actually scrub) Super Velveton. No worry about fingerprints if you have small fry around the house.

Treats your sense of smell ever so gently. Super Velveton with Poly-Vin* is practically odorless. Paint in comfort, even with windows closed.

Economical, one-coat coverage. No primer needed. One gallon of Dean & Barry Super Velveton covers up to 500 sq. ft. —more than enough to do the average room. Use it over color-fast wallpaper, wallboard, plaster, interior masonry—most any surface.

Here at small cost are all the features you've ever wanted in a washable flat wall paint. Seeing is believing. See us soon!

Mahoning Valley Reservoir Studied by Army Engineers

WASHINGTON (AP)—A fight over a proposal to build a reservoir at the west branch of the Mahoning River in Ohio resumes next week with top Army engineers listening in.

Backers of this 17 million dollar project call it a flood control measure for Ohio's Mahoning Valley. Oppnents say it is a device by steel firms to make the government finance a stepped up water supply for their use.

These factions will be heard again Monday (10 a.m. EST) in Youngstown's Trinity Methodist Church by the Board of Engineers for Rivers and Harbors.

It is unusual for the board, headed by Maj. Gen. Charles Holle, to hold a hearing in the field. It usually sits in Washington.

A board spokesman said today field hearings are held when a case "is considered of sufficient importance." In addition to the one-day hearing, he said, there is a "remote possibility" the board members will make a personal visit to the reservoir site in Portage County.

The west branch plan came close to authorization in an omnibus bill during the last session of Congress. But it was blocked, at least temporarily, by a veto by President Eisenhower

The President said he took this action because a number of the items in the omnibus bill lacked approval by the chief of Army engineers. West branch is in this category.

Proponents of the project, sponsored in Congress by Rep. Kirwan (R-Ohio) of Youngstown, insist it is needed as an important phase of the flood control system in northeast Ohio.

They say, too, that the reservoir would provide badly needed water for steel and other industries along the Mahoning River in Warren, Niles, Girard and Youngstown.

Chief opponents are the Upper Ohio Valley Assn., an organization representing railroads and other industrial firms, and the Portage County Farm Bureau.

Upper Ohio Valley interests call west branch "a maneuver" by Youngstown steel companies to supply segments of a long standing proposal to build a canal between the Ohio River and Lake Erie in eastern Ohio.

Stanley Bingham, president of the Portage County Farm Bureau, says: "the purpose of the reservoir seems to be to provide water for the Youngstown steel mills and to maintain it at government expense.

"We feel that the steel industry should get its own source of water."

COMPLICATED ROMANCE—Deborah Kerr and John Kerr repeat their original stage roles in "Tea and Sympathy" in the movie of the same name which opens a three-day run Sunday at the Fayette Theater. Miss Kerr takes the role of the wife of the housemaster of a New England prep school, with whom student John Kerr falls in love. Also on the bill is "The Naked Hills," starring David Wayne, Keenan Wynn and James Barton.

Phone Company Chiefs Eye Portsmouth Law Programs

COLUMBUS, Ohio (AP)—Officials of the struck Ohio Consolidated Telephone Co. are cautiously watching Portsmouth's program for improving law enforcement.

Clare E. Williams, company president, said Wednesday the program may enable Ohio Consolidated to reopen telephone service there.

The company's exchanges in Portsmouth and surrounding Scioto County were shut down Oct. 15 after a series of stonings and cable cuttings.

The Communications Workers of America (CWA) has been on strike against the company in 24 southeastern Ohio counties since last July 15 But union officials have denied responsibility for the violence.

Portsmouth police are undergoing an intensive training program to handle unruly crowds. And Gov. Frank J. Lausche has promised to send in state highway patrolmen to relieve local police, enabling them to concentrate on controlling strike violence. These measures prompted this statement from Williams:

"It is the position of the company that upon completion of the measures contemplated under the plan, local law enforcement will be materially improved and that the steps proposed, together with the assurances of Gov. Frank J. Lausche, may enable the company to undertake resumption of telephone service in the area."

Williams has repeatedly refused to reopen the exchanges, by sending supervisory personnel into Portsmouth, until "law and order is a reality."

Supervisory personnel man exchanges in the other 23 counties and thus provide limited service.

Negotiations toward a strike settlement have been blocked by these main issues: the union demands renewal of union shop, arbitration of grievances and jurisdiction over what it says are supervisory personnel.

The company is holding out for voluntary union membership. This is opposed to required membership after a specified time of employment under the union shop. The company also wants a no-strike clause in the new contract.

Cincy Conservatory Squabble Believed To Be Closed Book

CINCINNATI (AP) — Controversy this week at the College-Conservatory of Music, climaxed by the resignation of Administrator Fred Smith, apparently is a closed book.

A student committee Wednesday was officially notified of Smith's resignation by the school's board of trustees.

A committee spokesman then reported to students and faculty members at a meeting that their demands had been met and called on them to "return to the prime purpose of our presence at this school—namely, our education."

Some 500 students and 40 faculty members demanded Smith's resignation Monday. They said he intimidated students and faculty to gain complete control and dominance" of the school.

In submitting his resignation Tuesday, Smith said, "I think it would be superfluous to enter into any discussion or controversy at this time."

New Indictments Seen in Acid Case

NEW YORK (AP) — Eight men accused in the acid blinding of labor columnist Victor Reisel also face a possible maiming indictment.

Dist. Atty. Frank S. Hogan's office said Wednesday it will place the maiming charges before a state grand jury next week.

The men were indicted on federal charges of conspiring to obstruct justice by blocking Riesel's appearance as a witness before a grand jury investigating racketeering in the garment and trucking industries. Riesel was assaulted last April 5 and permanently blinded.

Three of the men are under sentences of from two to five years. One is awaiting sentence. Four are awaiting trial.

The average area of the 48 states in the United States is 63,058 square miles.

Slayer Is Placed On Probation

COLUMBUS (AP) — Alfred W. Brown, 28, of Columbus, pleaded guilty Wednesday to first degree manslaughter in the shotgun death of his brother-in-law, John Harris, 24, last Nov. 9.

Franklin County Judge Joseph M. Harter placed Brown on three years probation.

Mahoning Valley Reservoir Studied by Army Engineers

WASHINGTON (AP)—A fight over a proposal to build a reservoir at the west branch of the Mahoning River in Ohio resumes next week with top Army engineers listening in.

Backers of this 1 million dollar project call it a flood control measure for Ohio's Mahoning Valley. Oppnents say it is a device by steel firms to make the government finance a stepped up water supply for their use.

These factions will be heard again Monday (10 a.m. EST) in Youngstown's Trinity Methodist Church by the Board of Engineers for Rivers and Harbors.

It is unusual for the board, headed by Maj. Gen. Charles Holle, to hold a hearing in the field. It usually sits in Washington.

A board spokesman said today field hearings are held when a case "is considered of sufficient importance." In addition to the one-day hearing, he said, there is a "remote possibility" the board members will make a personal visit to the reservoir site in Portage County.

The west branch plan came close to authorization in an omnibus bill during the last session of Congress. But it was blocked, at least temporarily, by a veto by President Eisenhower

The President said he took this action because a number of the items in the omnibus bill lacked approval by the chief of Army engineers. West branch is in this category.

Proponents of the project, sponsored in Congress by Rep. Kirwan (R-Ohio) of Youngstown, insist it is needed as an important phase of the flood control system in northeast Ohio.

They say, too, that the reservoir would provide badly needed water for steel and other industries along the Mahoning River in Warren, Niles, Girard and Youngstown.

Chief opponents are the Upper Ohio Valley Assn., an organization representing railroads and other industrial firms, and the Portage County Farm Bureau.

Upper Ohio Valley interests call west branch "a maneuver" by Youngstown steel companies to supply segments of a long standing proposal to build a canal between the Ohio River and Lake Erie in eastern Ohio.

Stanley Bingham, president of the Portage County Farm Bureau, says: "the purpose of the reservoir seems to be to provide water for the Youngstown steel mills and to maintain it at government expense.

"We feel that the steel industry should get its own source of water."

COMPLICATED ROMANCE—Deborah Kerr and John Kerr repeat their original stage roles in "Tea and Sympathy" in the movie of the same name which opens a three-day run Sunday at the Fayette Theater. Miss Kerr takes the role of the wife of the housemaster of a New England prep school, with whom student John Kerr falls in love. Also on the bill is "The Naked Hills," starring David Wayne, Keenan Wynn and James Barton.

Phone Company Chiefs Eye Portsmouth Law Programs

COLUMBUS, Ohio (AP)—Officials of the struck Ohio Consolidated Telephone Co. are cautiously watching Portsmouth's program for improving law enforcement.

Clare E. Williams, company president, said Wednesday the program may enable Ohio Consolidated to reopen telephone service there.

The company's exchanges in Portsmouth and surrounding Scioto County were shut down Oct. 15 after a series of stonings and cable cuttings.

The Communications Workers of America (CWA) has been on strike against the company in 24 southeastern Ohio counties since last July 15 But union officials have denied responsibility for the violence.

Portsmouth police are undergoing an intensive training program to handle unruly crowds. And Gov. Frank J. Lausche has promised to send in state highway patrolmen to relieve local police, enabling them to concentrate on controlling strike violence. These measures prompted this statement from Williams:

"It is the position of the company that upon completion of the measures contemplated under the plan, local law enforcement will be materially improved and that the steps proposed, together with the assurances of Gov. Frank J. Lausche, may enable the company to undertake resumption of telephone service in the area."

Williams has repeatedly refused to reopen the exchanges, by sending supervisory personnel into Portsmouth, until "law and order is a reality."

Supervisory personnel man exchanges in the other 23 counties and thus provide limited service.

Negotiations toward a strike settlement have been blocked by these main issues: the union demands renewal of union shop, arbitration of grievances and jurisdiction over what it says are supervisory personnel.

The company is holding out for voluntary union membership. This is opposed to required membership after a specified time of employment under the union shop. The company also wants a no-strike clause in the new contract.

Cincy Conservatory Squabble Believed To Be Closed Book

CINCINNATI (AP) — Controversy this week at the College-Conservatory of Music, climaxed by the resignation of Administrator Fred Smith, apparently is a closed book.

A student committee Wednesday was officially notified of Smith's resignation by the school's board of trustees.

A committee spokesman then reported to students and faculty members at a meeting that their demands had been met and called on them to "return to the prime purpose of our presence at this school—namely, our education."

Some 500 students and 40 faculty members demanded Smith's resignation Monday. They said he intimidated students and faculty to gain complete control and dominance" of the school.

In submitting his resignation Tuesday, Smith said, "I think it would be superfluous to enter into any discussion or controversy at this time."

New Indictments Seen in Acid Case

NEW YORK (AP) — Eight men accused in the acid blinding of labor columnist Victor Reisel also face a possible maiming indictment.

Dist. Atty. Frank S. Hogan's office said Wednesday it will place the maiming charges before a state grand jury next week.

The men were indicted on federal charges of conspiring to obstruct justice by blocking Riesel's appearance as a witness before a grand jury investigating racketeering in the garment and trucking industries. Riesel was assaulted last April 5 and permanently blinded.

Three of the men are under sentences of from two to five years. One is awaiting sentence. Four are awaiting trial.

The average area of the 48 states in the United States is 63,058 square miles.

Slayer Is Placed On Probation

COLUMBUS (AP) — Alfred W. Brown, 28, of Columbus, pleaded guilty Wednesday to first degree manslaughter in the shotgun death of his brother-in-law, John Harris, 24, last Nov. 9.

Franklin County Judge Joseph M. Harter placed Brown on three years probation.

U. S. Designer Tours World To Study Feminine Figure

By DOROTHY ROE
Associated Press Women's Editor

A beautiful bosom is admired in all languages says Pauline Gordon, New York designer of fashionable underpinnings, who has just returned from a trip around the world, during which she made scientific observations on the figures of women of all nationalities.

Mrs. Gordon is a small, pert, curvaceous grandmother, born and reared in St. Louis, Mo., who has been conducting a 25-year research in ways and means of improving the female form. She returned from her globe-circling jaunt impressed by the current figure-consciousness of women in every corner of the earth, from Paris to Hong Kong. Says she:

"I came home convinced that American women have the most beautiful figures in the world — but of course, that's a matter of taste. The Frenchman admires the full-bosomed, hippy lock of the average French woman above all others. Italians consider that the bigger the bosom the more beautiful the woman. In India, women have slender, erect, figures with firm bosoms and a majestic carriage. Chinese men consider the slender, almost boyish figure of the Chinese woman, with her small, high breasts, as an ideal of beauty.

"Here in America the beautiful bosom also is a standard of beauty, but for 100 per cent rating it must be accompanied by the slender, long-legged look of the typical glamor girl.

"American women look healthier, more alive, more active than the women of other countries. We grow them taller, with longer, prettier legs. That's a logical result of our high standard of living, our attention to hygiene and grooming, our knowledge of nutrition and our love of exercise."

2 Ohioans Slated For Rhodes Tests

CLEVELAND (AP)—The Ohio committee for the selection of Rhodes Scholars conducted a round of personal interviews Wednesday to select two candidates from a field of eight.

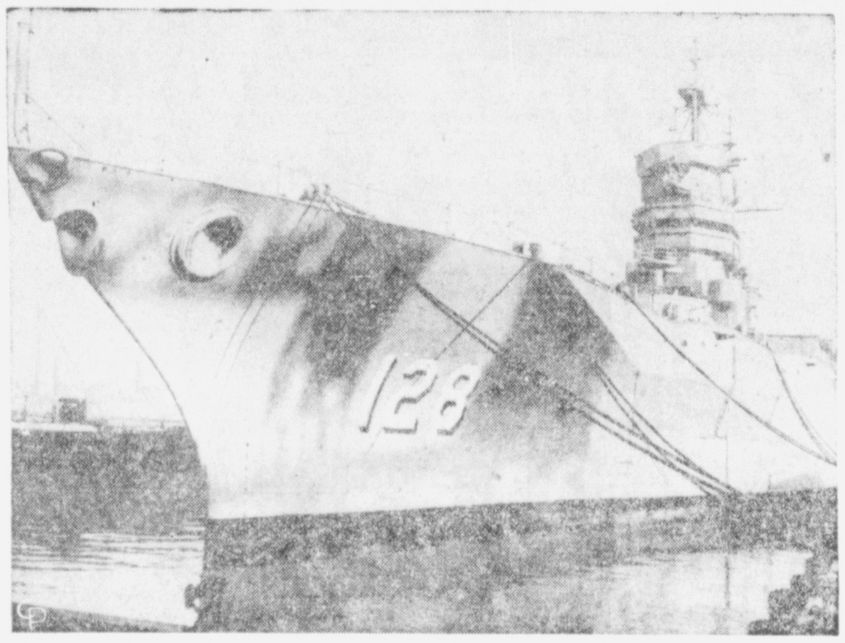
Ohio's pair of candidates will go to Chicago Saturday for a district competition, where four scholarship winners will be chosen from a six state area, including Ohio, Kentucky, Indiana, Illinois, Michigan and Wisconsin. Nationally, there are 32 scholarships awarded, for study at Oxford University in England.

Those in the final round for Ohio include:

Robert H. Edwards, 21, of Middletown, a senior at Princeton University and Cadet Samuel Northland, 24, of West Alexandria, a senior at the United States Military Academy, West Point, N. Y.

The sun has a diameter of 864,100 miles and is distant, on the average, 92 million, 900 thousands miles from the earth.

A TRANSIENT who claims he killed five persons, Stephen Nash points to a spot in San Francisco bay where, he said, he pushed a car containing the body of Robert Eche of San Francisco. With Nash is Al Nelder, chief police homicide inspector. Later a car containing the remains of a body was found. *(International)*



OLDEST BATTLESHIP in the U. S. Navy, the Mississippi, is shown at Patapsco scrap yards in Maryland, where torches soon will make her a memory. The Mississippi was commissioned in 1916, retired last July. She's a 32,000-tonner, is 625 feet long. *(International Soundphoto)*

Steel Firms Press Toward Merger Plan

NEW YORK (AP) — Two of the United States' largest steel companies plan to merge despite notice by the Justice Department that it will move promptly to block the consolidation.

The Bethlehem Steel Corp., second in the industry behind U. S. Steel, and the Youngstown Sheet and Tube Co., sixth largest, announced Tuesday an agreement under which Bethlehem would acquire Youngstown in exchange for Bethlehem common stock.

In Washington, Atty. Gen. Herbert Brownell said the Justice Department will take prompt action in the federal courts seeking to bar the merger.

Justice officials declined to say in what city the action will be brought. The two companies said they hope the government's legal action will be "speedily determined by the courts."

Bethlehem Chairman Eugene G. Grace and J. L. Mauthe, chairman of Youngstown, said that the proposed merger would not affect U. S. Steel's position as largest in the industry.

It would be one of the biggest in history, creating a company with assets around $2½ billion. The Justice Department for more than two years has opposed the proposal on the grounds that it would tend to lessen competition.

O'Neill Pledging Growth for Ohio

AKRON (AP)—Governor-elect C. William O'Neill says that efforts would be made to keep conditions favorable for industrial growth in Ohio.

He spoke extemporaneously at a meeting of the area development executive committee attended by business, governmental and industrial leaders from Summit, Medina and Portage counties.

"I know that the industrial and governmental climate in Ohio is that which is favorable to industry and we are determined to keep it favorable," O'Neill said.

Tavern Operator Challenges Law

GREENFIELD (AP)—A Greenfield tavern operator has filed suit in Highland County common pleas court, challenging validity of a village ordinance prohibiting sale of 3.2 beer on Sundays.

Paul Angel, in his suit filed Wednesday, asked the court to declare the ordinance in direct conflict with state laws. He said 3.2 beer is classified as a non-intoxicating beverage by the state.

Big Soothsaying Guns Leveled At '57 Outlook

Most Predictions Seen As Optimistic, but Bankers Urge Caution

By SAM DAWSON

NEW YORK (AP) — The big soothsaying guns are being trained today on the outlook for 1957.

Taking part in this seasonal outbreak of predictions of what to expect in the coming year are a pride of industrial lions, top men in oil, autos, steel, rails, building, textiles, farm implements, retail, aircraft, railroads, meat packing, insurance and banking.

Mostly they see good times continuing. But here and there are some who see a slowdown in their own industry. And the banker, in particular, sounds the note of caution.

An over-all view, and a most optimistic one, is taken by Carrol M. Shanks, president of Prudential Insurance. His economists see the dollar value of all goods and services to be produced in the United States next year rising to a whopping 430 Billion, up nearly 20 Billion from the estimated Gross National Product for 1956. They see consumer spending rising by 10 Billion dollars next year from 1956's 265 Billion.

Roger M. Blough, U. S. Steel chairman, is "reasonably optimistic for the over-all economic outlook." He sees steel production at high level through the first six months of next year "come what may in international affairs."

The auto industry's big three see a better year dawning. Harlow H. Curtice, General Motors president, predicts American will buy 6½ million new cars in 1957, 10 per cent more than this year. And L. L. Colbert, Chrysler president, says 1957 "approaches the potential of 1955 as one of the biggest years for the automobile industry." Henry Ford II, Ford president, agrees and looks ahead 10 years to see car ownership rising from the present 47 million to nearly 67 Million and annual sales at 8½ million.

Near and long term views of the housing prospects vary sharply. Economist Miles L. Colean tells Architectural Forum, building magazine, that the next 10 years will see a 26 per cent expansion in building of new homes. But Joseph P. McMurray, New York State housing commissioner, says the 1957 rate of home building will be the lowest since 1949, unless the mortgage market improves.

White Men Freed In Flogging Case

BUSHNELL, Fla. (AP) — Seven white men have been cleared of charges of flogging Jesse Woods, 39-year-old Negro who had been forcibly taken from nearby Wildwood jail.

The men were cleared on a directed verdict by Circuit Judge T. G. Futch after State Atty. A. P. Buie himself asked that four of the men be freed.

Wood, a farm laborer, was arrested Oct. 27 on charges of drunkenness and disorderly conduct. Arresting officers reported that the Negro said, "Hello there, babe," to a white school teacher.

Liquor Begging Reports Denied

COLUMBUS (AP)—Ohio Liquor Director William C. Bryant says special investigators sent to Cleveland found no basis for reports that liquor department employes in the area had solicited free liquor from permit holders.

The director sent the special investigators ot Cleveland earlier in the week after anonymous reports reached his office that employes were soliciting liquor for a Christmas party.

Bryant said the investigator questioned a number of employes and all denied any solicitations had been made.

About 450,000 persons are sent to prison each year in the United States.

Grab Bag

The Answer Quick

1. In mythology who was Persephone?
2. In what game or sport is the term, "fungo hitting," used?
3. What famous artist painted The Creation?
4. What is the origin and meaning of the words, Dragons' teeth?
5. Who saw a beautiful city descending from heaven?

• • •

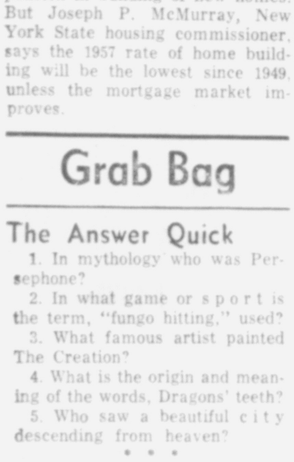
Watch Your Language

FILIBUSTER — (FIL-e-BUSS-ter)—noun; an irregular military adventure, a freebooter; a member of a legislative body who obstructs action by use of dilatory tactics, such as speaking merely to consume time. Origin: Spanish—Filibuster, Flibusteri.

• • •

How'd You Make Out

1. Proserpine was her Roman name, daughter of Ceres, goddress of the harvest. Persephone was carried to Hades by the god of that region, and made his queen.
2. In baseball, a practice routine.
3. Michelangelo; on the Sistine ceiling.
4. A cause of friction, from the teeth sown by Jason, from which armed men sprang.
5. St. John, as described in Revelation.



A STATEMENT registered with the U. S. government identifies Joan Cecile Marie Bolling von Goetz (above) as American representative of a new Nazi-type party in Germany. The 32-year-old woman lives in Chevy Chase, Md. Law requires that foreign agents be registered. *(International)*

Uncensored Report on Red China

Chinese Follow Red Russian Pattern, but Not Blindly

Editor's note—This is another in a series of stories on life in Communist China as observed by Canadian reporter David Lancashire during a 5,500-mile tour.

By DAVID LANCASHIRE

PEIPING (AP) — The influence of Soviet Russia is evident in every aspect of Red China's development.

This is seen everywhere—from the posters on the walls to trademarks on machinery.

But while there are plenty of Russians in China, they do not mingle socially with the ordinary Chinese.

China has leaned heavily on the Soviet Union in her expansion program.

"We have followed Russia and patterned ourselves after her, but we have not followed her blindly," said a Foreign Office official.

"We have adapted and molded the Soviet system to meet our own needs; but we have also made note of her mistakes and tried to avoid them."

China's first motor vehicles, the big four-ton trucks from the assembly lines at Changchun in the Northeast, were designed in the Soviet Union and put together with Russian machinery.

The still-secret jet planes from the Russian-built and closely guarded factory at Wuchang on the Yangtze are being produced under Soviet supervision. They're close copies of Russian aircraft.

Almost every factory manager in the Northeast prefaces his explanations with the approved phrase: "Thanks to the selfless generosity of the Soviet Union. . ."

But as a slight illustration of the Chinese determination to follow their own path, the qualifying words are added: "And under the Mao and the Communist party. . ."

The hotels, or "guest houses," correct leadership of Chairman Mao and the Communist party. . ."

The hotels, or "guest houses," in all the industrial centers are packed with Russian engineers and technologists. They are supervising factory construction or installation of machinery, or instructing Chinese workers.

Peiping maintains an advisory board of Russian technology experts as trouble-shooters and inspectors for the Northeastern factories.

In south central China, where the first bridge across the Yangtze River is being built at Wuhan, 20 top Soviet engineers are supervising the project, which was designed in Russia. A-third of the steel for the 25-million-dollar bridge is being imported from Russia.

The Russian sees only the eager Chinese who gather around his machine to learn technique, and he is constantly accompanied by one or more interpreters. Aside from them he has few or no Chinese acquaintances.

School textbooks are Russian-slanted, and students from 7 years old on get a thorough grounding in Russian revolutionary history.

Thief Gets Supply Of Police Pants

CINCINNATI (AP)—The guy who stole two cartons from the Schroeder Express Co. may have wanted to be a cop.

The cartons contained 28 pairs of police uniform trousers. They were valued at $512.

Gambling Operator Fined, Sentenced

HAMILTON (AP)—Arthur Houchin, 31, of Sharonville has been fined $500 and sentenced to 30 days in jail on his guilty plea to a charge of allowing gambling at his restaurant in Fairfield.

H. L. Lloyd, Fairfield council president, suspended the jail term and $250 of the fine. Lloyd heard the case for Mayor Robert Wessel who was with police when they raided Houchin's cafe.

IT'S SO EASY TO PLACE A WANT AD.

Flower Girl Trains, Then Forgets It All

NORMAN, Okla. (AP) — Several days before the Oklahoma Hall of Fame ceremonies at Oklahoma City, the 7-year-old flower girl—Donna Kay Bacon — practiced dropping leaves in the backyard of her home.

When the big day arrived she marched down the aisle in her new formal carrying a basket full of blossoms. The excitement was too much: she forgot to drop a single petal.

Big Soothsaying Guns Leveled At '57 Outlook

Most Predictions Seen As Optimistic, but Bankers Urge Caution

By SAM DAWSON

NEW YORK (AP) — The big soothsaying guns are being trained today on the outlook for 1957.

Taking part in this seasonal outbreak of predictions of what to expect in the coming year are a pride of industrial lions, top men in oil, autos, steel, rails, building, textiles, farm implements, retail, aircraft, railroads, meat packing, insurance and banking.

Mostly they see good times continuing. But here and there are some who see a slowdown in their own industry. And the banker, in particular, sounds the note of caution.

An over-all view, and a most optimistic one, is taken by Carrol M. Shanks, president of Prudential Insurance. His economists see the dollar value of all goods and services to be produced in the United States next year rising to a whopping 430 Billion, up nearly 20 Billion from the estimated Gross National Product for 1956. They see consumer spending rising by 10 Billion dollars next year from 1956's 265 Billion.

Roger M. Blough, U. S. Steel chairman, is "reasonably optimistic for the over-all economic outlook." He sees steel production at high level through the first six months of next year "come what may in international affairs."

The auto industry's big three see a better year dawning. Harlow H. Curtice, General Motors president, predicts American will buy 6½ million new cars in 1957, 10 per cent more than this year. And L. L. Colbert, Chrysler president, says 1957 "approaches the potential of 1955 as one of the biggest years for the automobile industry." Henry Ford II, Ford president, agrees and looks ahead 10 years to see car ownership rising from the present 47 million to nearly 67 Million and annual sales at 8½ million.

Near and long term views of the housing prospects vary sharply. Economist Miles L. Colean tells Architectural Forum, building magazine, that the next 10 years will see a 26 per cent expansion in building of new homes. But Joseph P. McMurray, New York State housing commissioner, says the 1957 rate of home building will be the lowest since 1949, unless the mortgage market improves.

Grab Bag

The Answer Quick

1. In mythology who was Persephone?
2. In what game or sport is the term, "fungo hitting," used?
3. What famous artist painted The Creation?
4. What is the origin and meaning of the words, Dragons' teeth?
5. Who saw a beautiful city descending from heaven?

* * *

Watch Your Language

FILIBUSTER — (FIL-e-BUSS-ter)—noun; an irregular military adventure, a freebooter; a member of a legislative body who obstructs action by use of dilatory tactics, such as speaking merely to consume time. Origin: Spanish—Filibuster, Flibusteri.

* * *

How'd You Make Out

1. Proserpine was her Roman name, daughter of Ceres, goddress of the harvest. Persephone was carried to Hades by the god of that region, and made his queen.
2. In baseball, a practice routine.
3. Michelangelo; on the Sistine ceiling.
4. A cause of friction, from the teeth sown by Jason, from which armed men sprang.
5. St. John, as described in Revelation.

A STATEMENT registered with the U. S. government identifies Joan Cecile Marie Bolling von Goetz (above) as American representative of a new Nazi-type party in Germany. The 32-year-old woman lives in Chevy Chase, Md. Law requires that foreign agents be registered. *(International)*

White Men Freed In Flogging Case

BUSHNELL, Fla. (AP) — Seven white men have been cleared of charges of flogging Jesse Woods, 39-year-old Negro who had been forcibly taken from nearby Wildwood jail.

The men were cleared on a directed verdict by Circuit Judge T. G. Futch after State Atty. A. P. Buie himself asked that four of the men be freed.

Wood, a farm laborer, was arrested Oct. 27 on charges of drunkenness and disorderly conduct. Arresting officers reported that the Negro said, "Hello there, babe," to a white school teacher.

Liquor Begging Reports Denied

COLUMBUS (AP)—Ohio Liquor Director William C. Bryant says special investigators sent to Cleveland found no basis for reports that liquor department employes in the area had solicited free liquor from permit holders.

The director sent the special investigators ot Cleveland earlier in the week after anonymous reports reached his office that employes were soliciting liquor for a Christmas party.

Bryant said the investigator questioned a number of employes and all denied any solicitations had been made.

About 450,000 persons are sent to prison each year in the United States.

Uncensored Report on Red China

Chinese Follow Red Russian Pattern, but Not Blindly

Editor's note—This is another in a series of stories on life in Communist China as observed by Canadian reporter David Lancashire during a 5,500-mile tour.

By DAVID LANCASHIRE

PEIPING (AP) — The influence of Soviet Russia is evident in every aspect of Red China's development.

This is seen everywhere—from the posters on the walls to trademarks on machinery.

But while there are plenty of Russians in China, they do not mingle socially with the ordinary Chinese.

China has leaned heavily on the Soviet Union in her expansion program.

"We have followed Russia and patterned ourselves after her, but we have not followed her blindly," said a Foreign Office official.

"We have adapted and molded the Soviet system to meet our own needs; but we have also made note of her mistakes and tried to avoid them."

China's first motor vehicles, the big four-ton trucks from the assembly lines at Changchun in the Northeast, were designed in the Soviet Union and put together with Russian machinery.

The still-secret jet planes from the Russian-built and closely guarded factory at Wuchang on the Yangtze are being produced under Soviet supervision. They're close copies of Russian aircraft.

Almost every factory manager in the Northeast prefaces his explanations with the approved phrase: "Thanks to the selfless generosity of the Soviet Union. . ."

But as a slight illustration of the Chinese determination to follow their own path, the qualifying words are added: "And under the Mao and the Communist party. . "

The hotels, or "guest houses," correct leadership of Chairman Mao and the Communist party. . "

The hotels, or "guest houses," in all the industrial centers are packed with Russian engineers and technologists. They are supervising factory construction or installation of machinery, or instructing Chinese workers.

Peiping maintains an advisory board of Russian technology experts as trouble-shooters and inspectors for the Northeastern factories.

In south central China, where the first bridge across the Yangtze River is being built at Wuhan, 20 top Soviet engineers are supervising the project, which was designed in Russia. A-third of the steel for the 25-million-dollar bridge is being imported from Russia.

The Russian sees only the eager Chinese who gather around his machine to learn technique, and he is constantly accompanied by one or more interpreters. Aside from them he has few or no Chinese acquaintances.

School textbooks are Russian-slanted, and students from 7 years old on get a thorough grounding in Russian revolutionary history.

Thief Gets Supply Of Police Pants

CINCINNATI (AP)—The guy who stole two cartons from the Schroeder Express Co. may have wanted to be a cop.

The cartons contained 28 pairs of police uniform trousers. They were valued at $512.

Gambling Operator Fined, Sentenced

HAMILTON (AP)—Arthur Houchin, 31, of Sharonville has been fined $500 and sentenced to 30 days in jail on his guilty plea to a charge of allowing gambling at his restaurant in Fairfield.

H. L. Lloyd, Fairfield council president, suspended the jail term and $250 of the fine. Lloyd heard the case for Mayor Robert Wessel who was with police when they raided Houchin's cafe.

IT'S SO EASY TO PLACE A WANT AD.

Flower Girl Trains, Then Forgets It All

NORMAN, Okla. (AP) — Several days before the Oklahoma Hall of Fame ceremonies at Oklahoma City, the 7-year-old flower girl—Donna Kay Bacon — practiced dropping leaves in the backyard of her home.

When the big day arrived she marched down the aisle in her new formal carrying a basket full of blossoms. The excitement was too much: she forgot to drop a single petal.

COMPLETE HOME FURNISHERS

120 W. Court St. Washington C. H., O.

"Mary Haworth's Mail"

DEAR MARY HAWORTH: My married daughter, 27, has had much to contend with, in her domestic and married life, in the last three years. She has been married seven years, and her husband drinks and doesn't support her as he should. She is somewhat afraid of him and he belittled her constantly. He is a real bully.

After separation he came back to her, and the conflict started all over again. They have a lovely daughter, age 6, who has to live with their quarrels, but so far it hasn't upset her. She is sweet and intelligent for her age.

What I am concerned about is my daughter's mental state. She has lost weight and was a different person after he left her; but since his return, the weight is back, and she is very depressed most of the time.

Alma has lost all interest in keeping her home clean and resents any comments regarding its deplorable condition.

Other symptoms are that she can't keep any appointments on time; and nowadays she generally makes them several times before she goes at all. I am at a loss to know how to help her; so what can you suggest? She can't afford much more than just the essentials.

Would she be better off without Jake?

C. G.

DEAR C. G.: You have cause for urgent concern about Alma's emotional depression. And the fact that she "resents any comments" about her deplorable housekeeping—meaning your efforts to lend a hand or lift her spirits, I take it—shows how deeply entrenched she is (how alone she feels) in an embittered and embattled sense of injury.

Her rejecting reaction to your anxious ineffectual solicitude has an element of masochism in it—of unconsciously self-willed attachment to suffering occasioned by mistreatment: to "expiate" guilt feelings caused by hate-feelings, probably.

But also her non-cooperative attitude, as regards your wish to help, amounts to saying angrily (this is her unconscious sentiment): "I resent the patronage of your pity. And don't try to make amends to me for your own past neglect of my happiness (or my real needs). Don't try to 'reach' me now; and don't think you can do anything about the problem; you can't."

Her difficulty in keeping appointments either on time or at all, is an aspect of emotional illness. It has to do with relapsing into a childish category of dependency. It means that in marriage to Jake, her personality is deteriorating—due in minor part to her confused immaturity of character, at the start of wifehood; but principally to the morbid abusive, maliciously frustrating quality of her husband's performance, no doubt.

Jake's cussedness is destructive to Alma; his society is a grave health handicap to her. But, given right guidance and a renewed spark of self-confidence, she can save herself, even so; she can outgrow this depression and take wisdom from it. Get emergency help for her from the county guidance clinic in the city through which you write—an agency staffed with psychiatrists, psychologists and psychiatric social workers, trained to cope with problems like Alma's.

M. H.

Europe Democracy Facing Barrier

PASADENA, Calif. (AP)—A German diplomat says Democracy in Europe will have passed its test when "we voluntarily tear down the traditional and outmoded barriers and make Europe one unit."

Heinz L. Krekeler, West Germany's ambassador to the United States, told the institute of world affairs that Germany is the proving ground.

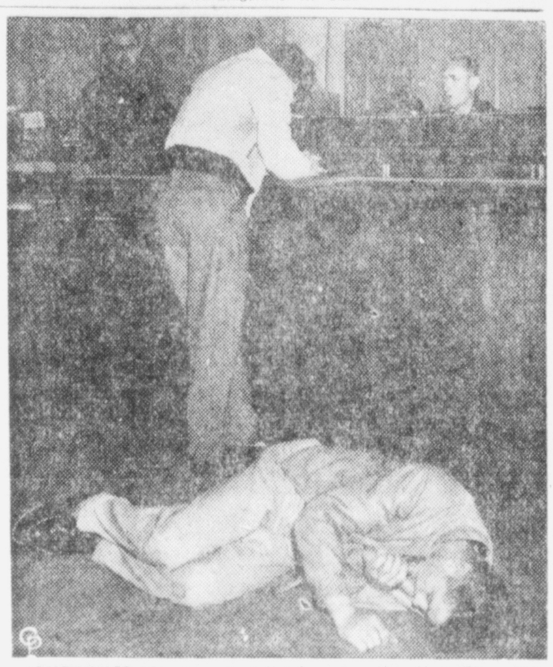
Democracy's test in Germany, he added, will have been passed when "we convince our German brothers and sisters beyond the Iron Curtain that ours is a better way of life."

New Idle Claims Showing Decline

COLUMBUS (AP)—New claims for unemployment compensation fell from 11,965 for the week ended Dec. 1 to 10,592 for the week ended Dec. 8, the Ohio Bureau of Unemployment Compensation reports.

Continuing claims of persons unemployed one week or more increased from 41,131 for the week ended Dec. 1 to 44,662 for the week ended Dec. 8.

The average weekly total of new claims in December last year was 9,355, and continuing claims 35,926.



JOSEPH WARE, 19, acts up by lying down in a New York City police station after he and Richard Nelson (left), 18, were arrested at gunpoint at the site of an attempted apartment house burglary. They and two other youths are already under indictment for the street attack on three newspaper employes last September. (International)

Dear Girls: Do You Want Kitchenette in Next Auto?

By DOROTHY ROE
Associated Press Women's Editor

Dear girls: If you would like a kitchenette, vanity table or bottle warmer built into your next automobile, just write to Harley J. Earl, vice president in charge of styling, General Motors, Detroit, Mich.

The affable, 6-foot-4 dean of motor car design, who has been dubbed "Mr. Automobile," says all he wants to know is what the ladies want in an automobile and, by gum, he'll give it to them. In New York for the opening of the automobile show, Earl relaxed for a few minutes and chatted about recent discoveries in his business.

"I've designed more than 30 million cars," said he, "and it wasn't until a couple of years ago that I realized how much I could learn from women. This was at a shindig in New York, where about 300 newspaperwomen from all over the country were present. I invited them to fire questions at me, and boy, did they fire! I never had to answer so many things so fast in my life.

"Since then, I've been listening to the remarks women make about their cars, and a lot of the changes in the 1957 automobiles are the result of this listening."

Earl spoke with admiration of the women designers now on the staff of each of the General Motors cars. Said he:

"We have one woman doing interior design for each of the cars, along with four men. Well, did you ever see a girl with four brothers? She bosses them all. It's the same way in our plant. These girls think of all kinds of things that never occur to men, and they get them through too."

2 Cincy Religious Groups Offer Aid

CINCINNATI (AP)—Two Cincinnati religious organizations have offered aid to 110 Hungarian refugees.

Officials of the Roman Catholic Charities Agency said pledges for 100 refugees have been received in the Cincinnati area. And the Cincinnati Committee for Jewish Refugees said it is ready to sponsor family units.

IT'S SO EASY TO PLACE A WANT AD.

Here's Recipe For $25,000 Prize Dish

NEW YORK (AP)—Like to know how to make an old-fashioned dinner dish that is worth $25,000?

Well, Mrs. Hildreth Hatheway of Santa Barbara, Calif., who won that amount here isn't a bit shy about revealing her recipe for meat and dumplings.

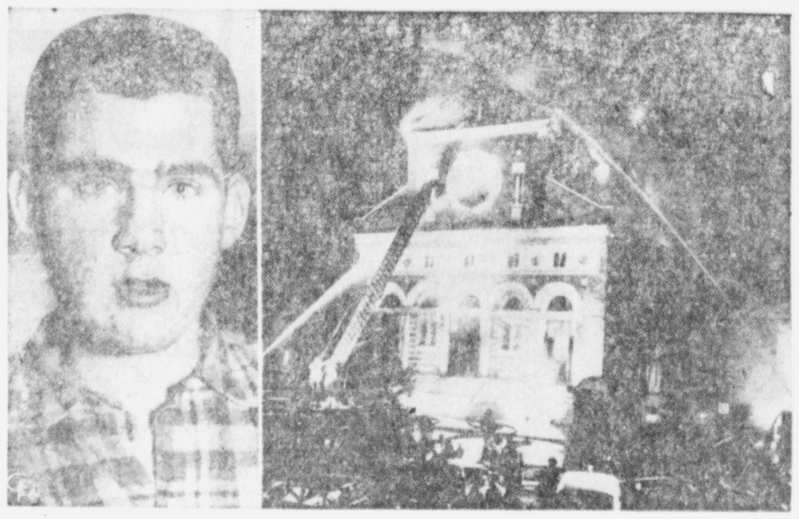
It's called "California Casserole" and won top prize at the annual "bakeoff" here.

Following is the recipe:

Coat two pounds of veal or beef roundsteak with mixture of 1-3 cup flour and 1 teaspoon paprika. Pound mixture into steak, cut into two-inch cubes. Brown meat thoroughly in ¼ cup salad oil or other shortening. Place in a large skillet and add 1¾ cups small cooked or canned onions.

Combine one can cream of chicken soup and one can water in skillet used for browning, bring to boil and pour over meat. Bake in moderate oven for about 45 minutes until meat is tender. Top with 15 dumplings, increase oven temperature to 425 degrees and bake for about 25 minutes more until dumplings are brown.

Serve with a sauce made by heating one can cream of chicken soup and one cup of sour cream.



THREE DAYS after a $250,000 fire (right) gutted the St. John the Evangelist church in Cambridge, Mass., Robert Whelan (left), 19, AWOL from the Army, confessed he started that blaze, and also set fire to two churches in Boston after pilfering the poor boxes. (International)

Japan, Russia Formally End War

TOKYO (AP)—Japan and the Soviet Union formally ended World War II Wednesday—11 years and 4 months after Russian soldiers marched into Manchuria in the final week of fighting.

The agreement, largely on Soviet terms, leaves Russia in possession of Japanese territory occupied after Japan surrendered but gives Japan promise of Soviet support for admission to the United Nations and release of thousands of war prisoners.

Soviet Vice Foreign Minister Nicolai Federenko and a Japanese Foreign Minister Mamoru Shigemitsu exchanged documents ratifying the peace agreement signed in Moscow Oct. 19.

He's Double Perfect

PORTSMOUTH, Va., (AP) — Making a perfect score in a Navy aptitude test is admittedly a difficult task, rarely accomplished. Classifiers in the Naval Reserve Training Center here were just about bowled over when Ralph L. Jackson did it twice on the same night— in both electrical and mechanical knowledge.

CONSTIPATED?

new laxative discovery un-locks bowel blocks

without gag, bloat or gripe

Constipation is caused by what doctors call a "thrifty" colon. A "thrifty" colon is one that, instead of retaining moisture as it should, does the opposite: robs the colon of so much moisture that its contents become dehydrated, so dry that they block the bowel; so shrunken that they fail to excite or stimulate the urge to purge that propels and expels waste from your body.

TO REGAIN NORMAL REGULARITY two things are necessary. *First*, the dry, shrunken contents of your colon which now block your bowel must be re-moistened. *Second*, bulk must be brought to your colon to S-T-R-E-T-C-H STIMULATE it and so, excite its muscles to action; to a normal urge to purge.

ONLY A BULK LAXATIVE can 1) re-moisten this dry, shrunken waste and 2) supply vital bulk to re-create a normal urge to purge. And, of all bulk laxatives, COLONAID, the amazing new lavative discovery is so effective that it relieves even chronic constipation overnight, yet is so smooth, so gentle it has been proved safe even for women in the most critical stages of pregnancy.

SUPERIOR TO OLD STYLE bulk, salt or drug laxatives, COLONAID neither gags, bloats nor gripes; does not interfere with your absorption of vitamins and other valuable food nutrients; and in clinical tests, did not cause rash or other side reactions.

IT'S A PHYSIOLOGICAL FACT: Exercise tones your body! And COLONAID exercises your colon to tone it against constipation, overnight! Whether occasional, frequent or chronic, whatever your degree of constipation, get COLONAID, in easy-to-take tablet form at any drug counter, today! The price, only 98c for the economical 60 tablet package, brings you positive relief at less than 2c per tablet.

Here's Some Advice from Police Chief, C. of C. Manager

It's the Season for Thieves, Check Artists!

Police Chief Vaiden Long and William Stoughton, manager of the Washington C. H. Chamber of Commerce are warning shoppers and merchants to be on guard during the Christmas shopping season against thieves, pickpockets and check forgers.

Here are their suggestions:

* * *

FOR SHOPPERS:

1. Do not carry large sums of money and do not display your money unnecessarily.

2. Do not lay your handbag on a counter while examining or trying on merchandise. Thieves seek just such opportunities.

3. Do not carry your handbag in a crowd suspended from your shoulder or wrist. Hold it tightly by the clasp.

4. Be suspicious of jostlers. Those who push in crowded stores or buses may attempt to pick your pocket or purse.

5. Deal with firms of known reliability, or with firms whose reliability can be readily established.

6. Do not buy merchandise from strangers at your door who give unusual reasons for wanting to sell you something at a fraction of its worth. Such merchandise may be either misrepresented or stolen property.

7. Do not leave packages in your car while parking to shop.

8. Do not put notes on doors, in letter boxes or in milk bottles announcing your absence from home and time of return. Do not leave your house key under door mat or any similar place. Carry your house key with you.

9. Do not advertise your absence by drawing your shades all the way down when you go out in the daytime. Always leave some lights lit in front and rear of your home if you expect to be away after dark. Be certain doors and windows are locked.

10. Do not accept COD packages for absent neighbors except by special arrangement with them.

* * *

FOR STORE OWNERS:

1. Do not cash checks for strangers.

2. Do not accumulate cash. Make frequent deposits during bank business hours. Avoid large night deposits.

3. Have safes and cash registers exposed to the view of the patrolman on post. Keep premises lighted at night so that the patrolman may see the interior.

4. Test burglar and fire alarms frequently to make certain they are in good order.

5. Watch out for loiterers about your place of business. If suspicious, call police.

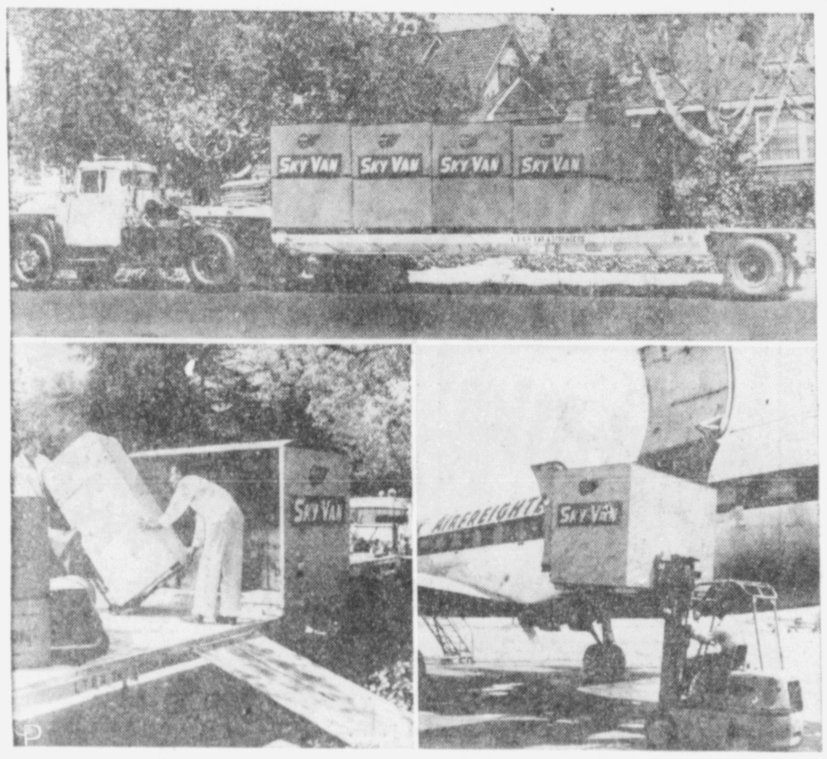
6. Do not stop anywhere or converse with anyone enroute to your place of business after drawing money from the bank or on the way to make a deposit. If at any great distance, ride.

7. Do not carry more cash in your cash register than necessary.

8. Do not open your safe for any purpose while strangers are present. Close the outer door of your place of business before putting valuables into the safe. Do not leave the safe combination in your desk drawer or elsewhere in the premises.

9. Make certain the bank messenger is a trusted and bonded employe. Don't send one man if you can send two. If possible, change the time of deposit and the route to and from the bank day to day.

10. After the commission of a crime avoid handling of articles which might contain finger impressions. These are of great value to the police.



AMONG NEW things 1957 is bringing is transportation of furniture from city to city by air, a little something being introduced by Slick airways, Dallas, Tex. Furniture is placed in Sky-Van crates, the crates are loaded on a truck and hauled to the airport, and zip! they're at the new home in what will seem like no time at all. Some 30 furniture warehouse firms are in on it. *(International)*

Kuwait Oil Field Shaken by Bombs

LONDON (AP) — The British Foreign Office reports "a number" of bomb explosions rocked the big Kuwait oil field in the Persian Gulf Tuesday. Only one of the 185 wells in the field was set afire and overall production is unaffected, a spokesman added.

Security forces searching for saboteurs located several unexploded time bombs near the blazing well, which was still on fire this morning, the spokesman said. No arrests were reported.

The British-protected state of Kuwait supplies 60 per cent of Britain's crude oil imports.

THE COMMANDING officer, Col. D. B. MacCallum, looks a bit nonplussed as California's first woman National Guard member, Lt. Irene H. McEllistrim, 32, gives him an idea of what to expect hereafter in the way of "spit and polish" routine. This is the 143rd Evacuation Hospital in Los Angeles. *(International)*

Clues Are Easy In Beehive Probe

PHOENIX, Ariz. (AP) — The clues were easy for police seeking the prankster who broke into and overturned the beehives in Jesse W. Green's backyard.

First, officers found "small footprints" around the tangled hives.

Then they spotted a 12-year-old neighborhood boy who had a bee sting under his right eye.

The lad readily admitted he was the culprit.

Here's Some Advice from Police Chief, C. of C. Manager

It's the Season for Thieves, Check Artists!

Police Chief Vaiden Long and William Stoughton, manager of the Washington C. H. Chamber of Commerce are warning shoppers and merchants to be on guard during the Christmas shopping season against thieves, pickpockets and check forgers.

Here are their suggestions:

* * *

FOR SHOPPERS:

1. Do not carry large sums of money and do not display your money unnecessarily.

2. Do not lay your handbag on a counter while examining or trying on merchandise. Thieves seek just such opportunities.

3. Do not carry your handbag in a crowd suspended from your shoulder or wrist. Hold it tightly by the clasp.

4. Be suspicious of jostlers. Those who push in crowded stores or buses may attempt to pick your pocket or purse.

5. Deal with firms of known reliability, or with firms whose reliability can be readily established.

6. Do not buy merchandise from strangers at your door who give unusual reasons for wanting to sell you something at a fraction of its worth. Such merchandise may be either misrepresented or stolen property.

7. Do not leave packages in your car while parking to shop.

8. Do not put notes on doors, in letter boxes or in milk bottles announcing your absence from home and time of return. Do not leave your house key under door mat or any similar place. Carry your house key with you.

9. Do not advertise your absence by drawing your shades all the way down when you go out in the daytime. Always leave some lights lit in front and rear of your home if you expect to be away after dark. Be certain doors and windows are locked.

10. Do not accept COD packages for absent neighbors except by special arrangement with them.

* * *

FOR STORE OWNERS:

1. Do not cash checks for strangers.

2. Do not accumulate cash. Make frequent deposits during bank business hours. Avoid large night deposits.

3. Have safes and cash registers exposed to the view of the patrolman on post. Keep premises lighted at night so that the patrolman may see the interior.

4. Test burglar and fire alarms frequently to make certain they are in good order.

5. Watch out for loiterers about your place of business. If suspicious, call police.

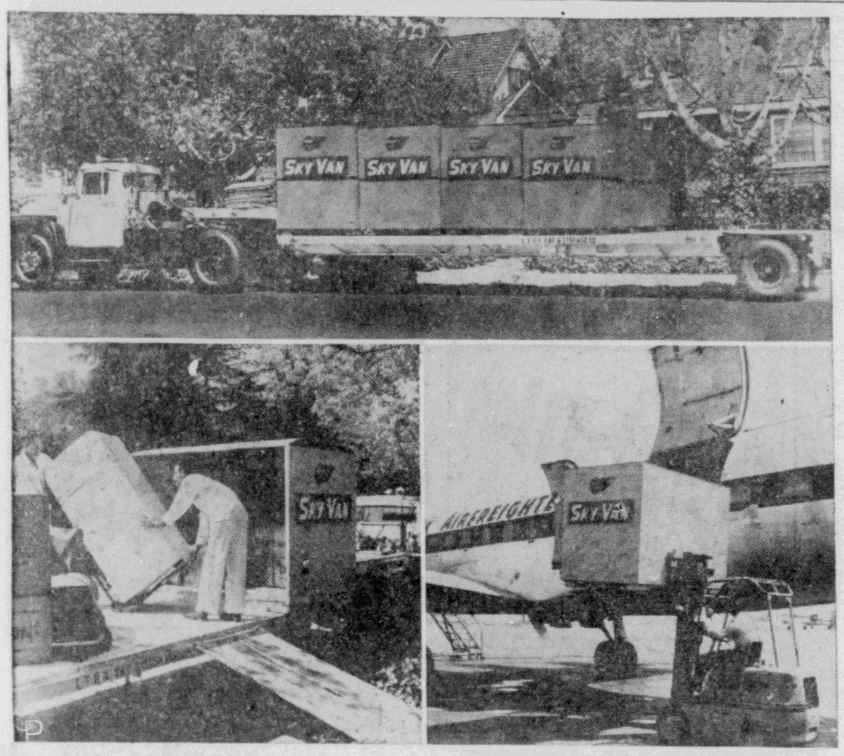
6. Do not stop anywhere or converse with anyone enroute to your place of business after drawing money from the bank or on the way to make a deposit. If at any great distance, ride.

7. Do not carry more cash in your cash register than necessary.

8. Do not open your safe for any purpose while strangers are present. Close the outer door of your place of business before putting valuables into the safe. Do not leave the safe combination in your desk drawer or elsewhere in the premises.

9. Make certain the bank messenger is a trusted and bonded employe. Don't send one man if you can send two. If possible, change the time of deposit and the route to and from the bank day to day.

10. After the commission of a crime avoid handling of articles which might contain finger impressions. These are of great value to the police.



AMONG NEW things 1957 is bringing is transportation of furniture from city to city by air, a little something being introduced by Slick airways, Dallas, Tex. Furniture is placed in Sky-Van crates, the crates are loaded on a truck and hauled to the airport, and zip! they're at the new home in what will seem like no time at all. Some 30 furniture warehouse firms are in on it. *(International)*

Kuwait Oil Field Shaken by Bombs

LONDON (AP) — The British Foreign Office reports "a number" of bomb explosions rocked the big Kuwait oil field in the Persian Gulf Tuesday. Only one of the 185 wells in the field was set afire and overall production is unaffected, a spokesman added.

Security forces searching for saboteurs located several unexploded time bombs near the blazing well, which was still on fire this morning, the spokesman said. No arrests were reported.

The British-protected state of Kuwait supplies 60 per cent of Britain's crude oil imports.

THE COMMANDING officer, Col. D. B. MacCallum, looks a bit nonplussed as California's first woman National Guard member, Lt. Irene H. McEllistrim, 32, gives him an idea of what to expect hereafter in the way of "spit and polish" routine. This is the 143rd Evacuation Hospital in Los Angeles. *(International)*

Clues Are Easy In Beehive Probe

PHOENIX, Ariz. (AP) — The clues were easy for police seeking the prankster who broke into and overturned the beehives in Jesse W. Green's backyard.

First, officers found "small footprints" around the tangled hives.

Then they spotted a 12-year-old neighborhood boy who had a bee sting under his right eye.

The lad readily admitted he was the culprit.

— AUCTION —

I will sell at the farm located on Route 235, 12 miles west of Xenia near the East Corporation Line of Fairborn, Ohio (look for sign)

TUESDAY, DECEMBER 18,

12:30 P. M.

Business Finds Paper Work Is Big Problem

Simple Office Memo Sometimes Proves To Be Hard to Handle

By SAM DAWSON

NEW YORK (AP) — Coping with the increasing flood of mail in and out of business firms and with the ubiquitous office memo taxes the ingenuity of many managements today.

Sometimes it seems an airmail letter can fly across the country in less time than it takes an office memo to reach another office on the floor below.

Mechanical devices to speed delivery and collections, new methods of sorting on the run, intricate machines for weighing and stamping and figuring foreign postage — all are being tried in the fight to dig a way out of the growing mountain of paper work under which today's business increasingly is being smothered.

An endless chain links all floors from the 12th to 30th in the new Socony Mobil Oil building in Midtown New York. Automatically it ejects mail and picks up return ing letters, packages and memos, and in turn leaves them on the floor where they belong.

The longest time element involved is seven minutes. The system handles an average of 2½ tons of paper and cardboard a day.

Conveyor belts speed mail through 13 floors of the Mutual Life Insurance building on Broadway. The company knows it answers 20,000 letters a month, but doesn't count mail needing no reply (for example, premium payments) or the stocks of interoffice correspondence.

Attendants on each floor take the mail baskets, sort the incoming for the various divisions on that floor, and send back interoffice paper work for other floors, r cancing letters for the mail room, where 15 persons handle the flood. There are one to three attendants on each floor, depending on the traffic in paper there.

The Esso Research and Engineering Co., a Jersey Standard Oil affiliate, uses specially built carts, something like those in a supermarket, at its Linden, N. J. center. With these carts girls can sort the mail as they pick it up and deliver it — saving 700 miles of walking each year. The company's incoming and overseas mail averages 325 tons a year.

Socony says it saves millions of footsteps a year with its new system but reserves its greatest praise for the amount of time saved in speeding company business.

Jet Pilot Unhurt; Witness Swoons

YOUNGSTOWN (AP) — The flame went out in a jet fighter as it approached Municipal Airport Wednesday. It crashed in a field and caught fire, but the pilot poked a hole in the canopy and escaped.

Second Lt. Charles Peterson apparently was unhurt.

Two hunters saw the incident, and one became so excited he fainted. He was taken to the air base hospital where he was identified as Joseph Kolar of Vienna.

More Low-Income Farmers Can Build Social Security Protection

EDITOR'S NOTE: The following article is the eighth of a series prepared by Leonard S. Garrard, field representative for the Social Security Administration in Fayette County, Garrard's home office is in Columbus.

By LEONARD S. GARRARD

Since they were first brought under the old - age and survivors insurance program beginning in 1955, some self - employed farmers have had an optional method of figuring earnings for social security purposes. This optional method, however, was restricted to individual farmers who reported their income on a cash basis.

Under the 1956 amendments to the law, this optional method of figuring farm income has been revised so that more low - income farmers can build protection for themselves and their families under social security.

It now applies not only to individual farmers but also to members of farm partnerships. Moreover, farmers who figure their earnings on an accrual rather than a cash basis can now use the optional method.

* * *

THIS EXTENSION of the optional method was made by Congress in recognition of the fact that members of farm partnerships and accrual-basis farmers are, in the same way as other farmers, subject to the risks that are peculiar to farming in general — risks that make farm income subject to sharp fluctuations and often result in years of low income or actual net loss.

Extending this optional method of figuring farm income to farm partners and accrual - basis farmers gives them the same opportunity as other farmers to keep up their protection under old - age and survivors insurance during bad years.

For taxable years ending on or after Dec. 31, 1956, a self-employed farmer whose gross income from agricultural self -employment is not more than $1,800, may use for social security purposes either his actual net or two - thirds of his gross farm income. If his gross farm income is more than $1,800 in a year but his net farm earnings are less than $1,200, he may use either his net or $1,200. If his gross farm income is more than $1,800, and his net farm earnings are $1,200 or more, he must use the amount of his actual net farm earnings.

* * *

THE REVISED law contains other provisions which serve to clear up uncertainties about farm self-employment in relation to the social security law.

For instance, the definition of a share - farmer or share - cropper as a self - employed farmer, and the status of a crew leader or "row boss" as the employer of farm workers or the employe of the farmer for whom he supplies seasonal farm help.

I shall describe these provisions in the new law in my next article.

Fined, He Hires Judge

WATERTOWN, Wis. (AP) — Gerald J. Mead knows a capable jurist when he sees one.

Mead was fined $35 and costs by Justice of the Peace Charles Payant on a traffic charge. Then Mead engaged Payant to represent him in a case involving another traffic charge in nearby Oconomowoc.

Discrimination Against U. S. Hit

LONDON (AP) — Twenty - seven members of the House of Commons have called on the government to halt discrimination against Americans by "an irresponsible minority of British citizens."

American spokesmen said British-American relations at the working and personal levels have remained surprisingly good despite tensions stirred by the two governments' differences over the Middle East.

Turnpike Cops Nab Turnpike Official

COLUMBUS (AP)—H. F. Tornau, executive director of the Ohio Turnpike Commission, thinks the state highway patrol is doing a fine job of patrolling the turnpike.

He ought to know. Tornau was arrested Tuesday for exceeding the 65 m.p.h. speed limit and is scheduled to appear today in Elyria Municipal Court.

KNITTED "RIBBON" TWEED is presented by George Carmel in a Chinese red coat. Double-breasted and column-straight in front, a wide belt curves from under the arms to cup the pleated, bloused back. The skirt has a back slit.

Tar Heel '5' Seen Gaining Cage Spotlight

University Has Hopes Of Shaking Shadow of North Carolina State

By THE ASSOCIATED PRESS

This may be the year North Carolina's Tar Heels finally shake loose from North Carolina State's shadow in college basketball.

Coach Frank McGuire's Tar Heels have had nothing but table scraps whil State's Wolfpack has been eating high on the hog in their Atlantic Coast Conference. But suddenly it's spring in Chapel Hill.

The unbeaten Tar Heels, ranked No. 6 in this week's Associated Press poll, ran up their third victory, winning 82-55 over George Washington State, however, was chopped down for the second night in a row, this time 75-61 by South Carolina.

It's the first time since 1953 N.C. State has suffered back-to-back defeats and has dropped two of its first three starts in the AAC. Clemson dumped State to its fir defeat Tu sday night, 96-94 in overtime.

Lennie Rosenbluth, t 6-5 Yankee who follow McGuire to North Carolina from the sidewalks of New York, did the big job for the Tar Heels with 27 points.

State, which had been ranked eighth in the nation, never was in the running against once-beaten South Carolina. The Gamecocks took a 34-24 lead at the intermission, toyed with the Wolfpack in the first 10 minutes of the second half and then ran up an 11-point edge with 5 minutes left.

West Virginia, rated No. 13, made it 4-0 with an 81-66 job on Penn State, but Dayton, ranked 15th, just did escape second defeat with a 67-65 decision over Miami of Ohio.

Niagara, No. 16, couldn't dodge its second tumble as Syracuse won its first of the season 82-79.

Purdue outgunned DePaul early, but had to clear the subs from the floor and call back the starters to nail an 83-78 victory. Dick [illegible] scored 31 points for the loosers.

Elsewhere, Temple hit more than half its shots to bang Princeton 67-58; Yale blew a 20-7 lead and had to resort to a freeze to beat winless Wesleyan 53-47; Texas opened with a zone, fell behind 22-13 and went into a full court press that paid off with a 68-62 decision over Oklahoma.

Dow Finsterwald Is Tourney Host

SANFORD, Fla. (AP)—Dow Finsterwald of Athens, Ohio, third biggest money winner of the year, is one of a host of professionals who arrived here today for the $15,000 Sanford Open Golf Tournament.

The four-day affair will be played over the 6,140-yard, par 70 May fair course.

Fur, Fin and Campfire

By JACK SORDS

Football Oddity of Season: Punt Blocked by Own Team

NEW YORK (AP) — The football oddity of the year was a blocked punt. Blocked, that is, by the kicker's own team.

It happened at Seattle. UCLA's Krik Wilson had just punted 53 yards. The ball slithered parallel to the goal line and stopped about six inches away.

Dick McVeigh, a Washington end, went behind his own goal line to kick out of danger on first down. Backing up to protect his kicker, Al Ferguson, Washington quarterback, was struck on the back by the punt. The ball sailed straight up in the air and finally was recovered by UCLA's Don Stinnick on the Washington 2.

Three play later UCLA had its first touchdown and was on the way to a 13-9 victory.

Like to hear some more?

Well, there was the punt in the Catawba-Appalachain game that bounced down field, was touched by a member of the kicking team but never was blown dead. Willie Campagna of Catawba watched the Appalachian man walk away, then picked up the ball and started to walk away himself.

Pretty soon he started to run. Before he stopped he dashed 70 yards for a touchdown that won the game 14-7.

Or maybe you'd like the story of two embarrassed backs in the Southwest Conference.

Charlie Arnold, the Southern Methodist passer, threw a perfect pass to Gerald Nesbitt. The only trouble was that Nesbitt plays for Arkansas, not SMU. Nesbitt probably was as rattled a the turn of events as Arnold, but he held onto the ball. The result as an eventual Arkansas touchdown.

From Schenectady, N.Y., comes a story about a Kings Point punter who got a low pass from center but kicked the ball on the second bounce. The story doesn't say how far the punt went.

Pro Cage Ruled To Be 'Business'

NEW YORK (AP) — A federal judge has declared professional basketball a business, subject to anti-trust laws.

The ruling was made Wednesday by Federal Judge Sidney Sugarman in denying motions by the National Basketball Assn. and others to dismiss a million-dollar anti-trust suit brought by a Washington, D. C., group which failed to land an NBA franchise.

Sugerman found the Washington Professional Basketball Corp. has legal grounds for the suit, thereby over-ruling the NBA's contention that it was not a business and not liable to anti-trust laws.

The suit was brought in May, 1955, with the Washington group alleging the NBA and its members conspired to prevent it from buying the bankrupt Baltimore franchise.

Sugerman, in a brief memorandum, wrote:

"The business of professional basketball, as conducted by the National Basketball League and its constituent teams on a multi-state basis, coupled with the sale of rights to televise and broadcast the games for interstate transmission, is trade or commerce among the several states within the meaning of the Sherman Act."

Tech Unruffled By Gator Bowl

ATLANTA (AP) — Georgia Tech, maintaining an unruffled air about the bowl business, is planning nothing new for its football return match with Pittsburgh at Jacksonville's Gator Bowl Dec. 29.

Coach Bobby Dodd, readying his Yellow Jackets for their sixth consecutive bowl appearance, is not departing from his almost casual attitude toward the postseason hysteria that hits a dozen or so campuses this time of year.

"We couldn't cook up anything new if we wanted to," Dodd said today. "There isn't enough practice time left."

Hornung Receives Heisman Trophy

NEW YORK (AP)—Paul Hornung was on his way back to the Notre Dame campus at South Bend today, carrying the Heisman Trophy as one of his talking points in an approaching discussion with the Green Bay Packers.

The trophy, citing the ace quarterback from Louisville, Ky., as the outstanding college football player of 1956, was presented to Hornung at a dinner at the sponsoring Downtown Athletic Club Wednesday night.

Jorgensen Flops In Television Bout

NEW YORK (AP)—Maybe it was the big town jitters. Or perhaps it was the TV tremors. Whatever it was, Paul Jorgensen of Port Arthur, Tex., had it bad in his first New York fight.

The 21-year - old featherweight who hadn't been beaten in 16 previous starts was apologetic for his poor performance in losing a lopsided and unanimous decision to Carmelo Costa Wednesday night at Madison Square Garden.

"I don't want to make any excuses," he said in his dressing room. "But something was wrong with me. I didn't even get going."

U. S.- India Net Pairings Made

PERTH, Australia (AP)—The official draw today paired Herbie Flam of Beverly Hills, Calif., with Ramanathan Krishnin for Friday's opening match of the interzone Davis Cup finals between the United States and India.

U. S. ace Vic Seixas, the 33-year-old cup veteran from Philadelphia will play the second singles match against India's captain, Naresh Kumar.

Spieser Plans Training for Moore Bout

DETROIT (AP) — Muscular Chuck Spieser is quite willing to become a second man in recent history to make the jump from Olympic boxer to world champion.

Although a proposed title bout between the 27-year-old Spieser and light heavyweight champion Archie Moore is just in the talking stage, the former Olympic boxer ('1948 and 1952) will resume training next week "just in case."

Moore, turned back in his bid for the heavyweight crown by former Olympic titlist Floyd Patterson, must defend or relinquish his light - heavy championship by March 18. Spieser, a former Michigan State boxer who knocked out Willie Hoepner in his last start a couple of weeks ago, is first in line as the No. 1 challenger.

"I've watched Archie's style for a long time," said Spieser. "Since I was ranked first among the light heavyweight contenders, I watched closer than ever at ringside the night he lost to Patterson."

That a Spieser-Moore fight would be held in Detroit is a definite possibility.

Spieser has had 24 fights, winning 19, losing 4 and fighting to one draw. Most of his fights have been against heavyweights because of the lack of good competition in his own division.

Philadelphia '5' Sparkles in Garden

NEW YORK (AP)—Philadelphia's National Basketball Assn. champions are moving at a snail's pace behind Boston, but they're at least closing the gap a bit on the Celtics in the eastern division race.

The Warriors, with Neil Johnston and Paul Arizin continuing their battle for the scoring title, thumped St. Louis 115-99 Wednesday night to move into a second place tie with New York, 4½ games behind the Celts, who were dealt their sixth defeat of the season, 103-93 by Rochester. New York, after winning five in a row, lost its second straight, 121-103.

Johnston pumped in 35 points and Arizin 25 for the Warriors.

the '57 Pontiac is America's Number (1) Road Car!

Months ago, Pontiac set its '57 sights on producing an engineering classic—the greatest road car in automotive history! How well did they succeed? One answer is pictured here, the all-new '57 Pontiac itself, a car so advanced in concept that other new cars merely emphasize its outstanding design, its brilliant array of first-time features!

The other answer is the public's response to this road-ruling beauty. From every quarter of the nation has come wave after wave of confirming praise! Praise for Pontiac's styling—its crisp, colorful lines and flowing contours that accent beauty built in, not hung on!

Praise for new Level-Line Ride, the advanced suspension system that cradles you in cloud-soft comfort. Praise for Pontiac's ease of handling! Praise for the brisk and eager response of its all-new Strato-Streak V-8 engine! And underlying this tremendous voice of approval is the confidence felt in a car which has undergone the greatest road test in history . . . Pontiac's grueling 100,000-Mile Marathon Run! Yes, this year it's Pontiac all the way!

Come in and see it! Come take the wheel of America's No. 1 Road Car!

IT'S COMPLETELY NEW FROM POWER TO PERSONALITY—COME IN AND SEE IT

Tar Heel '5' Seen Gaining Cage Spotlight

University Has Hopes Of Shaking Shadow of North Carolina State

By THE ASSOCIATED PRESS

This may be the year North Carolina's Tar Heels finally shake loose from North Carolina State's shadow in college basketball.

Coach Frank McGuire's Tar Heels have had nothing but table scraps whil State's Wolfpack has been eating high on the hog in their Atlantic Coast Conference. But suddenly it's spring in Chapel Hill.

The unbeaten Tar Heels, ranked No. 6 in this week's Associated Press poll, ran up their third victory, winning 82-55 over George Washington State, however, was chopped down for the second night in a row, this time 75-61 by South Carolina.

It's the first time since 1953 N.C. State has suffered back-to-back defeats and has dropped two of its first three starts in the AAC. Clemson dumped State to its first defeat Tuesday night, 96-94 in overtime.

Lennie Rosenbluth, the 6-5 Yankee who follows McGuire to North Carolina from the sidewalks of New York, did the big job for the Tar Heels with 27 points.

State, which had been ranked eighth in the nation, never was in the running against once-beaten South Carolina. The Gamecocks took a 34-24 lead at the intermission, toyed with the Wolfpack in the first 10 minutes of the second half and then ran up an 11-point edge with 5 minutes left.

West Virginia, rated No. 13, made it 4-0 with an 81-66 job on Penn State, but Dayton, ranked 15th, just did escape second defeat with a 67-65 decision over Miami of Ohio.

Niagara, No. 16, couldn't dodge its second tumble as Syracuse won its first of the season 82-79.

Purdue outgunned DePaul early, but had to clear the subs from the floor and call back the starters to nail an 83-78 victory. Dick Heise scored 31 points for the loosers.

Elsewhere, Temple hit more than half its shots to bang Princeton 67-58; Yale blew a 20-7 lead and had to resort to a freeze to beat winless Wesleyan 53-47; Texas opened with a zone, fell behind 22-13 and went into a full court press that paid off with a 68-62 decision over Oklahoma.

Dow Finsterwald Is Tourney Host

SANFORD, Fla. (AP)—Dow Finsterwald of Athens, Ohio, third biggest money winner of the year, is one of a host of professionals who arrived here today for the $15,000 Sanford Open Golf Tournament.

The four-day affair will be played over the 6,140-yard, par 70 Mayfair course.

Football Oddity of Season: Punt Blocked by Own Team

NEW YORK (AP) — The football oddity of the year was a blocked punt. Blocked, that is, by the kicker's own team.

It happened at Seattle. UCLA's Krik Wilson had just punted 53 yards. The ball slithered parallel to the goal line and stopped about six inches away.

Dick McVeigh, a Washington end, went behind his own goal line to kick out of danger on first down. Backing up to protect his kicker, Al Ferguson, Washington quarterback, was stru on the back by the punt. The ball sailed straight up in the air and finally w recovered by UCLA's Don Shinnick on the Washington 2.

Three play later UCLA had its first touchdown and was on the way to a 13-9 victory.

Like to hear some more?

Well, there was the punt in the Catawba-Appalachain game that bounced down field, was touched by a member of the kicking team but never was blown dead. Willie Campagna of Catawba watched the Appalachian man walk away, then picked up the ball and started to walk away himself.

Pretty soon he started to run. Before he stopped he dashed 70 yards for a touchdown that won the game 14-7.

Or maybe you'd like the story of two embarrassed backs in the Southwest Conference.

Charlie Arnold, the Southern Methodist passer, threw a perfect pass to Gerald Nesbitt. The only trouble was that Nesbitt plays for Arkansas, not SMU. Nesbitt probably was as rattled a the turn of events as Arnold, but he held onto the ball. The result as an eventual Arkansas touchdown.

From Schenectady, N.Y., comes a story about a Kings Point punter who got a low pass from center but kicked the ball on the second bounce. The story doesn't say how far the punt went.

Jorgensen Flops In Television Bout

NEW YORK (AP)—Maybe it was the big town jitters. Or perhaps it was the TV tremors. Whatever it was, Paul Jorgensen of Port Arthur, Tex., had it bad in his first New York fight.

The 21-year - old featherweight who hadn't been beaten in 16 previous starts was apologetic for his poor performance in losing a lopsided and unanimous decision to Carmelo Costa Wednesday night at Madison Square Garden.

"I don't want to make any excuses," he said in his dressing room. "But something was wrong with me. I didn't even get going."

U. S.- India Net Pairings Made

PERTH, Australia (AP)—The official draw today paired Herbie Flam of Beverly Hills, Calif., with Ramanathan Krishnin for Friday's opening match of the interzone Davis Cup finals between the United States and India.

U. S. ace Vic Seixas, the 33-year-old cup veteran from Philadelphia will play the second singles match against India's captain, Naresh Kumar.

Pro Cage Ruled To Be 'Business'

NEW YORK (AP) — A federal judge has declared professional basketball a business, subject to anti-trust laws.

The ruling was made Wednesday by Federal Judge Sidney Sugarman in denying motions by the National Basketball Assn. and others to dismiss a million-dollar anti-trust suit brought by a Washington, D. C., group which failed to land an NBA franchise.

Sugerman found the Washington Professional Basketball Corp. has legal grounds for the suit, thereby over-ruling the NBA's contention that it was not a business and not liable to anti-trust laws.

The suit was brought in May, 1955, with the Washington group alleging the NBA and its members conspired to prevent it from buying the bankrupt Baltimore franchise.

Sugerman, in a brief memorandum, wrote:

"The business of professional basketball, as conducted by the National Basketball League and its constituent teams on a multi-state basis, coupled with the sale of rights to televise and broadcast the games for interstate transmission, is trade or commerce among the several states within the meaning of the Sherman Act."

Tech Unruffled By Gator Bowl

ATLANTA (AP) — Georgia Tech, maintaining an unruffled air about the bowl business, is planning nothing new for its football return match with Pittsburgh at Jacksonville's Gator Bowl Dec. 29.

Coach Bobby Dodd, readying his Yellow Jackets for their sixth consecutive bowl appearance, is not departing from his almost casual attitude toward the postseason hysteria that hits a dozen or so campuses this time of year.

"We couldn't cook up anything new if we wanted to," Dodd said today. "There isn't enough practice time left."

Hornung Receives Heisman Trophy

NEW YORK (AP)—Paul Hornung was on his way back to the Notre Dame campus at South Bend today, carrying the Heisman Trophy as one of his talking points in an approaching discussion with the Green Bay Packers.

The trophy, citing the ace quarterback from Louisville, Ky., as the outstanding college football player of 1956, was presented to Hornung at a dinner at the sponsoring Downtown Athletic Club Wednesday night.

Spieser Plans Training for Moore Bout

DETROIT (AP) — Muscular Chuck Spieser is quite willing to become t second man in recent history to make the jump from Olympic boxer to world champion.

Although a proposed title bout between the 27-year-old Spieser and light heavyweight champion Archie Moore is just in the talking stage, the former Olympic boxer (1948 and 1952) will resume training next week "just in case."

Moore, turned back in his bid for the heavyweight crown by former Olympic titlist Floyd Patterson, must defend or relinquish his light - heavy championship by March 18. Spieser, a former Michigan State boxer who knocked out Willie Hoepner in his last start a couple of weeks ago, is first in line as the No. 1 challenger.

"I've watched Archie's style for a long time," said Spieser. "Since I was ranked first among the light heavyweight contenders, I watched closer than ever at ringside the night he lost to Patterson."

That a Spieser-Moore fight would be held in Detroit is a definite possibility.

Spieser has had 24 fights, winning 19, losing 4 and fighting to one draw. Most of his fights have been against heavyweights because of the lack of good competition in his own division.

Philadelphia '5' Sparkles in Garden

NEW YORK (AP)—Philadelphia's National Basketball Assn. champions are moving at a snail's pace behind Boston, but they're at least closing the gap a bit on the Celtics in the eastern division race.

The Warriors, with Neil Johnston and Paul Arizin continuing their battle for the scoring title, thumped St. Louis 115-99 Wednesday night to move into a second place tie with New York, 4½ games behind the Celts, who were dealt their sixth defeat of the season, 103-93 by Rochester. New York, after winning five in a row, lost its second straight, 121-103.

Johnston pumped in 35 points and Arizin 25 for the Warriors.

Card Of Thanks 1

Card of Thanks

I would like to thank all my friends and neighbors who sent me cards and flowers during my stay at the Memorial Hospital. Special thanks to Dr. Wiles E. Rose, Dr. Sears and nurses for their kind care they gave me.
Mrs. Homer Eckle

AFL-CIO Chieftain Urging More Aid

NEW YO (AP) — AFL-CIO president George Meany says the United State should admit at least 100,000 Hungarian refugees.

Meany, addressing the Overseas Pre Club Wednesday, added that such a rise from the present quota of 2,500 would not disturb the nation's economy.

The labor chief said the average Hungarian escaping from communist oppression is between 25 and 40 years old, in "his most productive period."

The United Steel workers, he said, is sponsoring 1,000 refugees and will help place them in jobs in the steel industry.

PUCO Sets Hearing On Pennsy Trains

COLUMBUS (AP)—The Public Utilities Commission of Ohio has set Jan. 29 for a public hearing on a number of complaints against a move by the Pennsylvania Railroad to discontinue two trains operating between Columbus and Chicago.

Complaints were filed by about a dozen commercial firms and civic groups in Piqua and Urbana, both serviced by trains Nos. 80 and 81. The complaints said if the trains are discontinued a number of firms that rely upon them for shipping would suffer financially and that mail service in both communities would be curtailed.

AFL-CIO Chieftain Urging More Aid

NEW YO (AP) — AFL-CIO president George Meany says the United State should admit at least 100,000 Hungarian refugees.

Meary, addressing the Overseas Pre Club Wednesday, added that such a rise from the present quota of 21,500 would not disturb the nation's economy.

The labor chief said the average Hungarian escaping from communist oppression is between 25 and 40 years old, in "his most productive period."

The United Steel workers, he said, is sponsoring 1,000 refugees and will help place them in jobs in the steel industry.

PUCO Sets Hearing On Pennsy Trains

COLUMBUS (AP)—The Public Utilities Commission of Ohio has set Jan. 29 for a public hearing on a number of complaints against a move by the Pennsylvania Railroad to discontinue two trains operating between Columbus and Chicago.

Complaints were filed by about a dozen commercial firms and civic groups in Piqua and Urbana, both serviced by trains Nos. 80 and 81. The complaints said if the trains are discontinued a number of firms that rely upon them for shipping would suffer financially and that mail service in both communities would be curtailed.

DAILY CRYPTOQUOTE — Here's how to work it:

A X Y D L B A A X R
is L O N G F E L L O W

One letter simply stands for another. In this sample A is used for the three L's, X for the two O's, etc. Single letters, apostrophes, the length and formation of the words are all hints. Each day the code letters are different.

A Cryptogram Quotation

L Y Z I F A X L A C K D E Q X L M R R . D J Q S J K D E Q , K Y S K S A R Q P Z Z C D V E Z D X L S W L E A L Y — R S K Z R R .

Police Hunt Car Thief After Crash

Police here are looking for a car thief who sideswiped a parked automobile on Clinton Ave. and then abandoned the stolen vehicle on S. North St. Wednesday evening, all within a period of about two hours.

The hunt started when a call came to headquarters that a car had hit Richard Pennington's automobile parked in front of his home, 707 Clinton Ave., and kept on going east.

The hitskip car was described as having a rack (similar to one for a painter's ladders) on the top, which a witness had noticed as the speeding car went under the street light.

While the hunt was on, Leo Merritt, 302 Florence St., reported to police at 8:05 p. m. that his 1948 Oldsmobile had been stolen from East St. near the Armory, some time between 6 and 8 p. m. He said he had parked it there when he went to a restaurant for supper.

At the time, police did not link the stolen car report with that of the hitskip, so, another hunt was started.

An hour later, Sgt. Walter Marshall and Patrolman Hershel Taylor reported to headquarters that they had found Merritt's car abandoned on North St. near St. Colman's Church. It answered the description of the hitskip car and the right front door and rear fender were smashed. The left rear fender of Pennington's car was damaged.

Thus, part of the police hunt came to an end sooner than had been expected. The missing car had been found and police felt certain it was the one involved in the Clinton Ave. mishap.

But, the other part of the hunt was still going on— the hunt for the driver.

Annexation Move

(Continued from Page One)

services; $400 to the police cruiser fund.

In addition there were a number of routine transfers within the general fund itself.

Harry D. Crone et al. to Wilbert Graves, 44.29 acres, Wayne Twp.

Berry Seed Co. to George A. Haynes, 8.87 acres, Union Twp.

Louis Gross to John Dewey Toops lot on Washington Ave.

Theater Party For Children Set Saturday

Jim Chakeres is throwing a Christmas party at the Fayette Theater Saturday morning for all youngsters in the community.

For entertainment there will be a two - hour program of movies, 10 color cartoons, one after another, starting at 10 o'clock.

Besides, there is to be a treat of candy and soft drinks.

Chakeres is both the host for the party and the proprietor of the theater.

Although there will be no admission charge and everything at the party is free, the young guests are to be given an opportunity to share their Christmas spirit. They may bring canned foods or an article of used clothing that is still serviceable and leave it at the door.

Later, the food and clothing will be distributed by church organizations to help brighten Christmas for less fortunate families.

If the past is any criterion for the future, there will be a full house at the Fayette Theater—a house full of happy, noisy youngsters.

Mohammedans recite their chief prayer five times daily.

$15,000-a-Year Medic Held As California 'Cat Burglar'

REDWOOD CITY, Calif. (AP)—Dr. John F. Riordan, $15,000 a year anesthetist, says he was a "cat burglar" because he became "unglued" mentally.

Dr. Riordan is employed at San Mateo Community Hospital.

Dr. Harold Chope, county health director, blamed worry and overwork for the dapper 35-year-old surgical aide's troubles. He said Riordan would be kept on the payroll.

"I've been working the life out of the guy, often more than 80 hours a week," Dr. Chope declared.

"This man is not a criminal. He has a mental illness. I've been trying for months to get some help at the hospital for him."

Dr. Riordan has had only five days vacation in three years.

Dr. Riordan was arrested at a hospital in San Mateo. He has a wife and 7 year old daughter.

Police refused details about the burglary the doctor admits. Dr. Chope was present when newsmen talked to Dr. Riordan and stopped all questions about the break-in or whether there was more than one.

Dr. Riordan said: "I admit only one incident. Officers asked me about several other cases and I have no memory of ever having been in any of those homes, by invitation or otherwise."

He blamed an "obsessive compulsion to prowl."

His arrest came after a series of burglaries in Belmont, a San Francisco suburb where he lives near the hospital.

Of the burglary two houses from his own, Dr. Riordan said he jimmied a back door with a metal rod, entered and fled when he heard a radio playing.

Police use the term "cat burglar" for those who break into occupied homes.

Dr. Riordan said "I'm now seeking psychiatric treatment. I am not under continuous compulsion to do irrational things. I don't remember taking anything. Under the stress of the moment, I acted without reason and I still can't give any reason for it."

Teacher Is Fined For Whipping Boy

IRONTON (AP)—Municipal Court Judge John J. Gallagher Wednesday fined teacher Earnest O. Hall, of nearby Kitts Hill, $50 and costs for whipping a student in his sixth grade class at Hanging Rock school.

Carl E. Stewart of nearby Hanging Rock said that his son, Carl Jr., 13, had undergone surgery recently and that the principal had cautioned teachers not to punish him.

10-Foot Santa Stolen in Akron

AKRON (AP)—Somebody swiped Santa Claus—a 10-foot one that J. S. Hartenstein told police he spent three weeks of spare time building out of plywood.

Hartenstein said someone took the jolly St. Nick Wednesday night right out of his front yard where it was surrounded by gay Christmas lights.

U. N. Condemns Reds

(Continued from Page One)

lombo nations (Indonesia, Ceylon and Burma) had joined earlier in sponsoring a mildly phrased counter-resolution expressing regret the Russians had not withdrawn from Hungary. But in the vote on the U. S. resolution Ceylon and Burma voted to condemn the Soviets, while India and Indonesia abstained.

* * *

OBSERVERS SAID Russia's delegation was more concerned over the split in the Colombo group, on whom the Soviets had counted for at least implied support, than over the resolution itself. The Russians have ignored two previous Assembly calls for withdrawal of their forces from Hungary.

Sources close to the Burmese and Ceylonese said they finally had decided it was time to take a firm stand no matter whose feet got stepped on. Burmese Delegate U Pe Kin declared no nation had the right to coerce other nations, and "we have seen in Hungary that the Soviet Union insists on coercion."

Chief U. S. Delegate Henry Cabot Lodge Jr. termed the split in the Asian-African nations "very significant" because "it shows that many feel there must be one rule for everybody—if aggression is bad in the East, it is also bad in the West."

The Asian - African group split this way in the condemnation vote: abstaining — Afghanistan, Cambodia, Egypt, India, Indonesia, Jordan, Morocco, Saudi Arabia, Sudan, Syria and Yemen; for condemnation — Burma, Ceylon, Ethiopia, Iran, Laos, Lebanon, Libya, Nepal, Pakistan, the Philippines, Thailand and Tunisia.

South Africa and Hungary, both boycotting the Assembly, and Haiti were absent from the vote.

Forest Shade Grange Holds Holiday Party

The Forest Shade Grange was entertained with songs, dances, and stories at their annual Christmas meeting Tuesday in New Martinsburg.

Mrs. Florence Bethards, Mrs. Louise Ritter and Larry Roush read appropriate selections, Janet Knedler sang two solos, and Bonnie Creamer and Becky McCoppin, sang a duet and presented a tap dance. Joyce Theobald played the piano for the musical numbers.

Mr. and Mrs. Ernest Roush and Mr. and Mrs. Maynard Hoppes were in charge of the program.

During the business session, it was announced that $127.43 was cleared at a recent pancake supper.

* * *

THE GROUP approved contributions to T. B. and Polio funds as well as to CROP.

In place of the usual gift exchange, money was placed on the Christmas tree and will be given to men in Veterans Hospital in Chillicothe and to aged and ill Grange members.

The charter was draped with a black cloth during the meeting in memory of Mrs. Pearl Lemons, a member who died recently.

Christmas refreshments were served before the meeting closed.

Jury in Dayton Still Deliberates

DAYTON (AP) — A Montgomery County common pleas jury considering the fate of Leo Bryant, 43, charged with the first degree murder of Thomas Barner, 36, reconvened today.

The jury recessed at 12:57 a. m. today after more than nine hours of deliberation.

Bryant has testified that he shot Barner Aug. 20 in self defense. The prosecution has contended he killed Barner after an argument with Barner's friend, Donald E. Straitiff, 27, over a baseball bet.

NW Roads Slippery

COLUMBUS (AP)—Highways were slippery in spots today in the vicinity of Chardon, Defiance, Norwalk, Paulding and Sandusky, the Ohio Highway Department reports.

PUCO Denies Railroad Rate Hearing Delay

COLUMBUS (AP)—Opponents of a proposed increase in freight rates for Ohio railroads failed today in their attempt to have a public hearing postponed until next March.

The Public Utilities Commission of Ohio gave the railroads permission to present their case for an emergency seven per cent increase, but Commission Chairman Robert Moulton admitted "we are in a very peculiar position."

"It may be," he said, "that these hearings will turn out to be a complete waste of time."

The railroads have applications for rate increases pending before the Interstate Commerce Commission. A ruling is expected in mid-March.

If the ICC overrules the railroads, any action in today's hearings would be invalid, Moulton said. Opponents of the increases said the railroads also have an application before the commission for a 15 per cent permanent freight rate increase.

Attorneys for the railroad said they did not know whether the seven per cent increase, if approved, would be a part of the 15 per cent or in addition to it.

They said, however, the seven per cent is "money the railroads must have. The 15 per cent is money they ought to have."

They said the money is needed to meet increased maintenance costs and higher salaries.

Police Hunt Car Thief After Crash

Police here are looking for a car thief who sideswiped a parked automobile on Clinton Ave. and then abandoned the stolen vehicle on S. North St. Wednesday evening, all within a period of about two hours.

The hunt started when a call came to headquarters that a car had hit Richard Pennington's automobile parked in front of his home, 707 Clinton Ave., and kept on going east.

The hitskip car was described as having a rack (similar to one for a painter's ladders) on the top, which a witness had noticed as the speeding car went under the street light.

While the hunt was on, Leo Merritt, 302 Florence St., reported to police at 8:05 p. m. that his 1948 Oldsmobile had been stolen from East St. near the Armory, some time between 6 and 8 p. m. He said he had parked it there when he went to a restaurant for supper.

At the time, police did not link the stolen car report with that of the hitskip, so, another hunt was started.

An hour later, Sgt. Walter Marshall and Patrolman Hershel Taylor reported to headquarters that they had found Merritt's car abandoned on North St. near St. Colman's Church. It answered the description of the hitskip car and the right front door and rear fender were smashed. The left rear fender of Pennington's car was damaged.

Thus, part of the police hunt came to an end sooner than had been expected. The missing car had been found and police felt certain it was the one involved in the Clinton Ave. mishap.

But, the other part of the hunt was still going on— the hunt for the driver.

Annexation Move

(Continued from Page One)

services; $400 to the police cruiser fund.

In addition there were a number of routine transfers within the general fund itself.

Louis Gross to John Dewey Toops lot on Washington Ave.

Theater Party For Children Set Saturday

Jim Chakeres is throwing a Christmas party at the Fayette Theater Saturday morning for all youngsters in the community.

For entertainment there will be a two - hour program of movies, 10 color cartoons, one after another, starting at 10 o'clock.

Besides, there is to be a treat of candy and soft drinks.

Chakeres is both the host for the party and the proprietor of the theater.

Although there will be no admission charge and everything at the party is free, the young guests are to be given an opportunity to share their Christmas spirit. They may bring canned foods or an article of used clothing that is still serviceable and leave it at the door.

Later, the food and clothing will be distributed by church organizations to help brighten Christmas for less fortunate families.

If the past is any criterion for the future, there will be a full house at the Fayette Theater—a house full of happy, noisy youngsters.

Mohammedans recite their chief prayer five times daily.

$15,000-a-Year Medic Held As California 'Cat Burglar'

REDWOOD CITY, Calif. (AP)—Dr. John F. Riordan, $15,000 a year anesthetist, says he was a "cat burglar" because he became "unglued" mentally.

Dr. Riordan is employed at San Mateo Community Hospital.

Dr. Harold Chope, county health director, blamed worry and overwork for the dapper 35-year-old surgical aide's troubles. He said Riordan would be kept on the payroll.

"I've been working the life out of the guy, often more than 80 hours a week," Dr. Chope declared.

"This man is not a criminal. He has a mental illness. I've been trying for months to get some help at the hospital for him."

Dr. Riordan has had only five days vacation in three years.

Dr. Riordan was arrested at a hospital in San Mateo. He has a wife and 7 year old daughter.

Police refused details about the burglary the doctor admits. Dr. Chope was present when newsmen talked to Dr. Riordan and stopped all questions about the break-in or whether there was more than one.

Dr. Riordan said: "I admit only one incident. Officers asked me about several other cases and I have no memory of ever having been in any of those homes, by invitation or otherwise."

He blamed an "obsessive compulsion to prowl."

His arrest came after a series of burglaries in Belmont, a San Francisco suburb where he lives near the hospital.

Of the burglary two houses from his own, Dr. Riordan said he jimmied a back door with a metal rod, entered and fled when he heard a radio playing.

Police use the term "cat burglar" for those who break into occupied homes.

Dr. Riordan said "I'm now seeking psychiatric treatment. I am not under continuous compulsion to do irrational things. I don't remember taking anything. Under the stress of the moment, I acted without reason and I still can't give any reason for it."

Teacher Is Fined For Whipping Boy

IRONTON (AP)—Municipal Court Judge John J. Gallagher Wednesday fined teacher Earnest O. Hall, of nearby Kitts Hill, $50 and costs for whipping a student in his sixth grade class at Hanging Rock school.

Carl E. Stewart of nearby Hanging Rock said that his son, Carl Jr., 13, had undergone surgery recently and that the principal had cautioned teachers not to punish him.

10-Foot Santa Stolen in Akron

AKRON (AP)—Somebody swiped Santa Claus—a 10-foot one that J. S. Hartenstein told police he spent three weeks of spare time building out of plywood.

Hartenstein said someone took the jolly St. Nick Wednesday night right out of his front yard where it was surrounded by gay Christmas lights.

U. N. Condemns Reds

(Continued from Page One)

lombo nations (Indonesia, Ceylon and Burma) had joined earlier in sponsoring a mildly phrased counter-resolution expressing regret the Russians had not withdrawn from Hungary. But in the vote on the U. S. resolution Ceylon and Burma voted to condemn the Soviets, while India and Indonesia abstained.

* * *

OBSERVERS SAID Russia's delegation was more concerned over the split in the Colombo group, on whom the Soviets had counted for at least implied support, than over the resolution itself. The Russians have ignored two previous Assembly calls for withdrawal of their forces from Hungary.

Sources close to the Burmese and Ceylonese said they finally had decided it was time to take a firm stand no matter whose feet got stepped on. Burmese Delegate U Pe Kin declared no nation had the right to coerce other nations, and "we have seen in Hungary that the Soviet Union insists on coercion."

Chief U. S. Delegate Henry Cabot Lodge Jr. termed the split in the Asian-African nations "very significant" because "it shows that many feel there must be one rule for everybody—if aggression is bad in the East, it is also bad in the West."

The Asian - African group split this way in the condemnation vote: abstaining — Afghanistan, Cambodia, Egypt, India, Indonesia, Jordan, Morocco, Saudi Arabia, Sudan, Syria and Yemen; for condemnation — Burma, Ceylon, Ethiopia, Iran, Laos, Lebanon, Libya, Nepal, Pakistan, the Philippines, Thailand and Tunisia.

South Africa and Hungary, both boycotting the Assembly, and Haiti were absent from the vote.

Forest Shade Grange Holds Holiday Party

The Forest Shade Grange was entertained with songs, dances, and stories at their annual Christmas meeting Tuesday in New Martinsburg.

Mrs. Florence Bethards, Mrs. Louise Ritter and Larry Roush read appropriate selections, Janet Knedler sang two solos, and Bonnie Creamer and Becky McCoppin, sang a duet and presented a tap dance. Joyce Theobald played the piano for the musical numbers.

Mr. and Mrs. Ernest Roush and Mr. and Mrs. Maynard Hoppes were in charge of the program.

During the business session, it was announced that $127.43 was cleared at a recent pancake supper.

* * *

THE GROUP approved contributions to T. B. and Polio funds as well as to CROP.

In place of the usual gift exchange, money was placed on the Christmas tree and will be given to men in Veterans Hospital in Chillicothe and to aged and ill Grange members.

The charter was draped with a black cloth during the meeting in memory of Mrs. Pearl Lemons, a member who died recently.

Christmas refreshments were served before the meeting closed.

Jury in Dayton Still Deliberates

DAYTON (AP) — A Montgomery County common pleas jury considering the fate of Lee Bryant, 43, charged with the first degree murder of Thomas Barner, 36, reconvened today.

The jury recessed at 12:57 a. m. today after more than nine hours of deliberation.

Bryant has testified that he shot Barner Aug. 20 in self defense. The prosecution has contended he killed Barner after an argument with Barner's friend, Donald E. Straitiff, 27, over a baseball bet.

NW Roads Slippery

COLUMBUS (AP)—Highways were slippery in spots today in the vicinity of Chardon, Defiance, Norwalk, Paulding and Sandusky, the Ohio Highway Department reports.

PUCO Denies Railroad Rate Hearing Delay

COLUMBUS (AP)—Opponents of a proposed increase in freight rates for Ohio railroads failed today in their attempt to have a public hearing postponed until next March.

The Public Utilities Commission of Ohio gave the railroads permission to present their case for an emergency seven per cent increase, but Commission Chairman Robert Moulton admitted "we are in a very peculiar position."

"It may be," he said, "that these hearings will turn out to be a complete waste of time."

The railroads have applications for rate increases pending before the Interstate Commerce Commission. A ruling is expected in mid-March.

If the ICC overrules the railroads, any action in today's hearings would be invalid, Moulton said. Opponents of the increases said the railroads also have an application before the commission for a 15 per cent permanent freight rate increase.

Attorneys for the railroad said they did not know whether the seven per cent increase, if approved, would be a part of the 15 per cent or in addition to it.

They said, however, the seven per cent is "money the railroads must have. The 15 per cent is money they ought to have."

They said the money is needed to meet increased maintenance costs and higher salaries.

Engineers Elect

COLUMBUS (AP)—The Ohio County Engineers' Assn. Wednesday elected Roy Roush of Fremont as president.

DO YOU KNOW:

That we have the new adjustable Crutches. They are made from light weight aluminum & are adjustable to fit any member of the family.
